INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Diversified Communications 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Diversified Communications 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DIVERSIFIED COMMUNICATIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. **Description of the Plan and Summary of Significant Accounting Policies**

Description of Plan

The following brief description of the Diversified Communications 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

Effective April 12, 2022, the Plan was amended and restated to operate under a non-standardized pre-approved basic plan document sponsored by Fidelity. The non-standardized pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) as to its qualified status, dated June 30, 2020, stating that the Plan was designed in accordance with applicable IRS requirements. There were no significant changes to the Plan as a result of the amendment and restatement.

Organization

The Plan Sponsor is Diversified Holding Co. (the Company) and the Plan was established January 1, 1991 to provide employees with an opportunity to accumulate capital for their retirement. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Basis of Accounting and Presentation

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. **Description of the Plan and Summary of Significant Accounting Policies (Continued)**

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned; dividend income is recorded on the ex-dividend date. Participants can purchase or redeem shares or units on a daily basis in any of the mutual funds based on the fund's reported net asset value per share. Net appreciation (depreciation) in fair value includes realized gains and losses that were both purchased and sold during the period, as well as unrealized appreciation on investments held at the end of the year.

Eligibility and Participation

Employees of the Company and its U.S. subsidiaries are eligible to participate in the Plan by deferring salary (pre-tax and Roth) and receiving the employer matching contribution upon the completion of six months of service. Deferral elections and matching contributions begin as soon as administratively possible after the first of the month following the month in which the employee reaches their six month anniversary. Employees are eligible to participate in the discretionary contributions portion of the Plan as of the first of the month coinciding with or immediately following the date the employee has completed one year of eligibility service provided the employee is still an employee of the sponsor on such date. A year of eligibility service means the employee works or has the right to be paid for at least 1,000 hours during the 12 month period beginning on the employee's date of hire (or anniversary thereof). Employees at acquired companies carry over service time. Additionally, leased employees are not eligible for participation.

The Plan automatically withholds 6% of compensation from employees who have not completed a salary deferral agreement by the time they become eligible to make salary deferrals. Participants who are automatically enrolled are subject to automatic increases in their deferral rate of 1% annually. Participants may execute a salary deferral agreement at any time to select an alternative deferral amount or elect not to defer under the Plan.

Contributions

The Plan is a defined contribution plan. Eligible employees are allowed to participate by contributing up to 50% of their compensation, subject to certain limitations. The Company match is up to 4% of employee compensation if the employee contributes 3% or more. In May 2020, as a result of the outbreak of COVID-19 and uncertainty related to the pandemic, the Company suspended the Company match. The match was reinstated in May 2021.

The Company's Board of Directors can approve a formula based upon the Company's performance compared to budget that is used to determine a discretionary contribution. For the 2022 and 2021 Plan years, discretionary contributions equal to 6% and 4%, respectively, of eligible compensation were made.

Participants are immediately vested in their voluntary contributions and employer matching contributions plus actual earnings thereon. Participants vest in their employer discretionary contributions over a five year period beginning in the second year of service at a rate of 20% per year and are 100% vested after the fifth year of service. Participants immediately become 100% vested in employer discretionary contributions upon attaining normal retirement age, becoming permanently disabled, or death.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. **Description of the Plan and Summary of Significant Accounting Policies (Continued)**

Any Plan forfeitures not used to pay administrative expenses are applied to reduce Company contributions or are allocated among accounts of employees eligible to receive a discretionary contribution. In 2022 and 2021, \$136,554 and \$128,526 of forfeitures, respectively, were allocated to employees eligible to receive a discretionary contribution. At December 31, 2022 and 2021, forfeited amounts included in net assets available for benefits totaled \$136,729 and \$128,633, respectively.

At the participant's option, contributions may be invested in any of the investment options offered by the Plan. Participants should refer to each fund's prospectus for further information. Plan participants may change their investment options and move their existing funds at any time during the plan year.

Contributions are recorded in the period in which payroll deductions are made; employer matching contributions are recorded in the same period as corresponding participant contributions. Employer discretionary contributions are recorded in the year to which the contributions relate.

Rollover Accounts

Employees may rollover into the Plan, assets distributed as a vested interest upon their termination from a qualified defined benefit plan or qualified defined contribution plan in which they were formerly participants on or before the 60th day after the day that they received the distribution.

Participant Notes Receivable

Loans may be granted to participants for any purpose allowed by the Plan. In no event shall the total of any such loan or loans to any participant, plus any prior loans unpaid, exceed the lesser of (a) 50% of the participant's vested interest in their account in the fund, or (b) \$50,000. No loan shall be for a term exceeding 5 years, unless the loan proceeds are used to acquire a primary dwelling unit, in which case the maximum term is 10 years. Loans bear interest equal to the Prime lending rate at the time the notes are established. In 2021, this rate was equal to the Prime lending rate plus 1%, and in 2022 amended to the Prime lending rate. Interest rates ranged from 3.25% to 7.25% at December 31, 2022 with various maturities through December 2027. Participants may have up to two loans outstanding at a time.

Participant notes receivable are recorded at the notes' unpaid principal balance plus accrued but unpaid interest.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings based on the performance of Plan funds the participants selected and (c) forfeiture reallocations (if any). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. **Description of the Plan and Summary of Significant Accounting Policies (Continued)**

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants are permitted to make hardship withdrawals from their account provided they meet certain criteria and the withdrawal is approved by the Plan Administrator.

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are generally paid by the Company. Certain fees incurred by the Plan for investment management and certain administrative services are paid through revenue sharing rather than direct payment. In the event that revenue sharing exceeds agreed upon fees, the excess is credited back to the Plan and can be used to offset future Plan expenses. Loan processing fees are charged directly to the borrowing participant.

Effective November 1, 2023, the Plan will incorporate fee leveling and use the lowest net expense ratio (net of revenue share) when possible. Certain investments have revenue share as part of their gross expense ratio. Where there is revenue share, 100% of that revenue share will be credited back to participants resulting in a lower net cost. Plan fees will then be debited equally, pro rata, from participant accounts. No revenue share will be used to pay Plan expenses as 100% will be credited back to participant accounts.

Subsequent Events

For the purposes of recognition and disclosure in these financial statements, management of the Plan has evaluated subsequent events through September 18, 2023, which is the date these financial statements were available to be issued.

2. **Investments and Information Certified and Provided by Custodian**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Plan's custodian, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has determined that the custodian meets the requirements of a qualified institution as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

2. **Investments and Information Certified and Provided by Custodian (Continued)**

The Plan's investments, investment-related transactions, investment income, including (depreciation) appreciation in the fair value of investments, as well as the Plan's notes receivable and related interest income and transactions, were certified by Fidelity Management Trust Company, the custodian, as of December 31, 2022 and 2021 and for the years then ended.

During 2022 and 2021, the Plan held an interest in the Fidelity Managed Income Portfolio II fund (stable value fund). This fund is a common collective trust fund. The Fund's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the Portfolio invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into "wrap" contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds. The Fund seeks to minimize the exposure of the Portfolio to wrap credit risk through, among other means, diversification of the wrap contracts across an approved group of issuers. The Portfolio's ability to receive amounts due pursuant to these contracts is dependent upon the issuers' ability to meet their financial obligations. It is the policy of the Portfolio to use its best efforts to maintain a stable net asset value (NAV) of \$1.00 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Additional information about the common collective trust fund may be found in the stable value fund's separate financial statements.

3. **Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). For disclosures, a fair value hierarchy has been established that prioritizes the input to valuation techniques used to measure fair value into three levels:

- **Level 1** – Unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** – Inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.
- **Level 3** – Significant unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value (there are no liabilities). There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and money market fund – valued based upon quoted market prices which represent the net asset values of shares held by the Plan.

NOTES TO FINANCIAL STATEMENTS

3. **Fair Value Measurements (Continued)**

Common collective trust fund (stable value fund) – The Fidelity Managed Income Portfolio II fund is valued at the Net Asset Value (NAV) of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

For the years ended December 31, 2022 and 2021, the Plan's investments carried at fair value consist solely of mutual funds and a money market fund, which are all valued at Level 1 in the fair value hierarchy. The stable value fund is valued at NAV and therefore excluded from the fair value hierarchy.

4. **Tax Status**

A qualifying plan is one for which the employer may currently deduct contributions on its income tax return, the employee is not currently taxed on the contribution, and the plan income is not taxable.

The IRS has issued an opinion letter dated June 30, 2020, for the non-standardized pre-approved profit sharing plan, stating that the Plan is qualified under the appropriate sections of the Internal Revenue Code (the Code). The Plan has been amended since the opinion letter was issued by the IRS and the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code upon which the tax determination letter was based.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

5. **Party-in-Interest Transactions**

The Plan invests in mutual funds, a money market fund, and a stable value fund of The Fidelity Fund Group and The Fidelity Freedom Funds, which are affiliated with Fidelity. Fidelity is the third party administrator and custodian of the Plan, and therefore, transactions with these parties qualify as party-in-interest. Administrative expenses, net of third-party administrator credits, include amounts paid to the Plan's auditors and investment advisor, which qualify as party-in-interest transactions. Additionally, participant notes receivable represent party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA, as amended. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Reconciliation to Form 5500

Participant notes receivable are reflected as investments in the Form 5500 as of December 31, 2022 and 2021; the related interest income is shown as investment income on the Form 5500 for the years then ended.
