Independent Auditors' Report

To the Trustees
Central Texas Iron Works, Inc. Profit Sharing 401(k) Plan
Waco, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Central Texas Iron Works, Inc. Profit Sharing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CENTRAL TEXAS IRON WORKS, INC. PROFIT SHARING 401(k) PLAN

Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of Central Texas Iron Works, Inc. Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document and the summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution 401(k) retirement plan available to all employees of Central Texas Iron Works, Inc. (the "Company") who are eighteen years of age or older, have completed three months of service, and do not participate in a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Plan allows participants to defer into the Plan the maximum allowed by the Internal Revenue Service (IRS) and also provide for a 3% safe harbor employer contribution. The Company makes discretionary matching contributions to the Plan in amounts determined annually by the Board of Directors. The Company's discretionary matching contribution was twenty-five percent (25%) of each participant's deferral contribution up to an annual maximum of \$500 for both 2022 and 2021. The Plan also allows the Company to make discretionary profit sharing contributions. The Company made discretionary profit sharing contributions of \$311,074 in 2022 and did not make a profit sharing contribution in 2021. The Company made a safe harbor contribution of \$313,540 and \$317,506 for 2022 and 2021, respectively.

Participant investment account options

The Plan allows participants to direct varying portions of their contributions and account balances among a diversified selection of mutual funds, common/ collective trust funds, and a guaranteed investment contract offered by Empower Retirement, LLC and Empower Annuity Insurance Company of America (collectively, Empower), the custodian of the Plan.

Participant accounts

Each participant's account is credited with the participant's deferral contributions, the Company's discretionary matching contributions, the safe harbor employer contributions, and an allocation of the Company's discretionary profit sharing contributions, plus a proportionate interest in the investment earnings or losses of the funds in which the contributions are invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their deferral contributions and the safe harbor employer contribution, plus earnings thereon. Participants vest in the Company's discretionary matching and profit sharing contributions and related earnings or losses based upon years of service, with 100% vesting occurring after six years of credited service. In the event of death, disability, normal retirement age (65), or if the Plan is discontinued, participants become 100% vested in all account balances.

Payment of benefits

Upon termination of service for any reason, a participant may elect to receive account distributions either in the form of a lump sum payment or installments over a period of time as defined in the plan document. Withdrawals by a participant while employed are limited to those requested due to events of financial hardship as defined by the plan document or upon attainment of age 59½.

Forfeitures

If an employee terminates before his or her Company discretionary matching and profit sharing contribution accounts have become fully vested, the unvested portion of the accounts is forfeited.

Forfeitures may be used to restore amounts previously forfeited by former participants who have returned to the Plan. Any remaining forfeitures are reallocated to remaining participants in proportion to each participant's annual eligible compensation as defined by the plan document.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions which affect reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 2 - Summary of significant accounting policies (continued)

Investment valuation and income recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of benefits paid to participants are charged directly to the respective participant's account and are included in benefits paid to participants. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 - Information prepared and certified by the custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, the custodian of the Plan, has certified the following data included in the accompanying financial statements and the supplemental schedule is complete and accurate.

- Investments at fair value
- Fully benefit-responsive investment contract at contract value
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule.

Notes to Financial Statements (Continued)

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the net asset value (NAV) of units of the collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

CENTRAL TEXAS IRON WORKS, INC. PROFIT SHARING 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 4 - Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

	Investments at Fair Value as of December 31, 2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>9,647,150</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 9,647,150
Investments in common /collective trust funds measured at NAV*				<u>1,131,631</u>
Total				<u>\$ 10,778,781</u>

	Investments at Fair Value as of December 31, 2021			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>12,732,055</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 12,732,055
Investments in common /collective trust funds measured at NAV*				<u>1,783,332</u>
Total				<u>\$ 14,515,387</u>

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The fair value of the investments in the common/collective trust funds has been estimated using the net asset value of the investments. Such investments are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

CENTRAL TEXAS IRON WORKS, INC. PROFIT SHARING 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 5 - Fully benefit-responsive investment contract

As of December 31, 2022, the Plan has a fully benefit-responsive investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting interest rate is reviewed on a quarterly basis for resetting. The contract may be terminated by either party by declaring a Contribution Cessation Date upon written request to the other party.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for the contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The concept of a value other than contract value does not apply to this contract as the contract value is considered to equal the fair value until the contract is terminated. At the time of termination, the surrender value will be determined and the contract will no longer be considered fully benefit-responsive.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

Note 6 - Related party transactions and party-in-interest transactions

Plan investments are held by Empower. Empower is the custodian for the Plan, and provides the Plan with certain recordkeeping and administrative services. These services provided qualify as party-in-interest transactions. The Plan made direct payments to Empower totaling \$50,730 and \$32,457 in 2022 and 2021, respectively. Fees incurred by the Plan for investment management services were included in net appreciation (depreciation) in fair value of investments, as they were paid through revenue sharing, rather than a direct payment. The plan sponsor paid directly any other fees related to the Plan's operations.

CENTRAL TEXAS IRON WORKS, INC. PROFIT SHARING 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants would become 100% vested in their employer contributions.

Note 8 - Tax status

The Internal Revenue Service (IRS) has determined that the Volume Submitter Profit Sharing Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed the custodian of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, plan management believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 9 - Risks, uncertainties, and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2022, approximately 39% of the Plan's investments were invested in the EI Fixed Account - Series Class III Fund and as of December 31, 2021, approximately 33% of the Plan's investments were invested in the GWI Fixed Account - Series Class III Fund

Note 10 - Subsequent events

Plan management has evaluated subsequent events through August 22, 2023, which is the date that the financial statements were available to be issued. No significant matters were identified for disclosure.
