INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
DiversiTech Corporation 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the DiversiTech Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 30, 2022 and December 31, 2021 and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to December 30, 2022, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 30, 2022 and December 31, 2021, and for the period from January 1, 2022 to December 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter – Plan Merger

As discussed in Note 1 to the financial statements, in December 2022, DiversiTech Corporation (the Plan Sponsor) elected to merge the assets of the participants in the Plan into the SuccessWise Pooled Employer Plan. All assets of the Plan were transferred to the SuccessWise Pooled Employer Plan on December 30, 2022. Our opinion has not been modified with respect to this matter.

DiversiTech Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements December 30, 2022 and December 31, 2021

1. Description of Plan

The following description of the DiversiTech Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

Merger and Transfer of Plan Assets

On December 9, 2022, DiversiTech Corporation (the Company or the Plan Sponsor) entered into an agreement to merge the assets of the participants in the Plan into the SuccessWise Pooled Employer Plan (Successor Plan), as soon as administratively possible. On December 30, 2022 (Transfer Date), all assets of the Plan were transferred to the Successor Plan. The Successor Plan assumed legal responsibility for the transferred assets as of the Transfer Date.

General

The Plan was a defined contribution plan covering substantially all employees who had attained age 21 and had been employed for two months with participating employers of the Plan Sponsor. Prior to the Transfer Date, an employee became a participant on the first day of the month following attainment of meeting the eligibility requirements. Employees classified as interns were excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective August 25, 2021.

In April 2021, the Company acquired Packard, Inc. (Packard), and Packard became a participating employer of the Plan on April 1, 2021. Packard employees were credited with prior service for purposes of eligibility into the Plan.

In May 2021, the Company acquired Triatomic Environmental, Inc. (Triatomic), and Triatomic became a predecessor employer of the Plan on May 1, 2021. Triatomic employees were credited with prior service for purposes of eligibility into the Plan.

Contributions

Prior to the Transfer Date, all eligible employees were automatically enrolled in the Plan and pre-tax contributions were withheld at 2% of eligible compensation, unless the employee elected differently. Participants could elect to contribute up to 90% of their eligible annual pre-tax compensation, as defined in the Plan document, not to exceed \$20,500 in 2022 plus an additional \$6,500 catch-up deferral for eligible employees who had attained age 50 prior to the end of the Plan year. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Notes to Financial Statements December 30, 2022 and December 31, 2021

Prior to the Transfer Date, the Plan Sponsor could make discretionary matching contributions to eligible participants. For the period from January 1, 2022 to December 30, 2022, the discretionary employer match was calculated at 25% of the first 6% of eligible compensation that a participant contributed to the Plan.

Participant Accounts

Prior to the Transfer Date, each participant's account was credited with the participant's contributions, rollovers, the Company contributions, and earnings and losses on the investments in their account, and was charged with certain administrative expenses and transaction fees. Upon enrollment in the Plan, a participant could direct any contributions to any of the investment options offered by the Plan. Participants could change their investment options on a daily basis. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Prior to the Transfer Date, participants were immediately vested in all contributions plus actual earnings or losses thereon.

Notes Receivable from Participants

Prior to the Transfer Date, participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant could have two notes outstanding at any time. The notes were secured by the balance in the participant's account. During 2022, notes had fixed rates ranging from 4.25% to 8.00% for the term of the note, not to exceed 5 years, unless used for the purchase of a residence. Principal and interest were paid through payroll deductions. Notes receivable from participants also qualified as party-in-interest transactions.

Payments of Benefits

Prior to the Transfer Date, at the time of retirement, death, disability, or termination of employment, a participant or their beneficiary could receive the payment of the vested interest in their account in a lump sum distribution. If the account balance was \$1,000 or less, the Plan could, upon termination of service, pay the benefits owed in a lump sum. Participants' account balances between \$1,000 and \$5,000 could be automatically rolled over to an individual retirement account unless the participant directed otherwise. In-service withdrawals were also permitted for participants who had attained age 59½. Participants were eligible to receive hardship withdrawals when certain conditions were met.

Notes to Financial Statements December 30, 2022 and December 31, 2021

Forfeited Accounts

Forfeited non-vested account balances totaled \$0 and \$964 as of December 30, 2022 and December 31, 2021, respectively. Prior to the Transfer Date, these accounts could be used to reduce employer matching contributions. During 2022, the Plan used forfeitures of \$3,901 to reduce employer matching contributions. The remaining balance of forfeited non-vested accounts of \$965 was transferred to the Successor Plan on the Transfer Date and is included in the transfers out of the Plan on the statement of changes in net assets available for benefits.

Administrative Expenses

Prior to the Transfer Date, certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

Prior to the Transfer Date, participants paid expenses through earnings sharing based on their account balances. Transaction fees related to specific participant transactions were charged directly to the specific participant account. These expenses were paid to a service provider of the Plan and therefore qualified as party-in-interest transactions.

Prior to the Transfer Date, the Plan had an ERISA account where a service provider of the Plan, Fidelity Management Trust Company (Fidelity), deposited revenue sharing payments that could be used to pay Plan administrative expenses or allocated to participant accounts. During 2022, there was \$224 revenue sharing payments deposited into the account. There were no revenue sharing deposits used to pay expenses or allocated to participant accounts during 2022. The remaining balance of the ERISA account of \$494 was transferred to the Successor Plan on the Transfer Date and is included in the transfers out of the Plan on the statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes to Financial Statements December 30, 2022 and December 31, 2021

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. Once approved by the Company, the discretionary employer matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants were carried at their outstanding balance. Interest income was recognized when received by the Plan. No allowance for credit losses was recorded as of December 30, 2022 or December 31, 2021. If a participant ceased to make note repayments and the plan administrator deemed the participant note to be in default, the participant note balance was reduced and a benefit payment was recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service were recorded as a liability with a corresponding reduction to participant contributions. The Plan distributed the 2021 excess contributions to the applicable participants in January 2022.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 19, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements, including investments held and notes receivable from participants at December 30, 2022 and December 31, 2021, and net change in fair value of investments and interest income for the period from January 1, 2022 to December 30, 2022, was obtained or derived from information supplied to the Plan's administrator and certified as complete and accurate by Fidelity, the Plan's qualified institution.

4. Investments

Certain Plan investments included shares of mutual funds managed by Fidelity, which was a service provider of the Plan. Accordingly, transactions in these investments qualified as party-in-interest transactions. Fees incurred by the Plan for investment management services were included in net change in fair value of investments, as they were paid through revenue sharing rather than a direct payment.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 30, 2022 and December 31, 2021.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Notes to Financial Statements

December 30, 2022 and December 31, 2021

Fair value of the common/collective trust funds is determined by prices published daily by the trust managers, which is the net asset value (NAV) of the common/collective trust funds (Level 1). Net asset value is determined by the fair value of the mutual funds, stocks, and other securities in the common/collective trust funds. Prior to the Transfer Date, participants could trade the common/collective trust funds daily at the published NAV.

The stable value fund is carried at NAV and prior to the Transfer Date, participants transacted daily at the NAV of the fund (Level 1). The stable value fund invests in traditional guaranteed investment contracts (GIC), security-backed investment contracts, and separate account GICs which are valued at contract value, as well as other short-term investments which are valued at fair value. Subject to certain restrictions at the Plan level, withdrawals from the fund were generally permitted daily at contract value.

The following table summarizes the Plan's investments at fair value based on the inputs used to determine their values as of December 30, 2022 and December 31, 2021:

	Level 1	
	2022	2021
Common/collective trust funds	\$ -	\$ 14,590,123
Mutual funds	-	4,310,080
Stable value fund	-	1,198,515
Total investments at fair value	\$ -	\$ 20,098,718

5. Income Tax Status

In August 2021, the Plan that was based on a Volume Submitter Defined Contribution Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. (FMRC) moved to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The IRS has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since receiving the FMR LLC opinion letter, the plan administrator believes that through the Transfer Date, the Plan was designed and operated in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

6. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500 as of December 30, 2022 and December 31, 2021 and the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the period from January 1, 2022 to December 30, 2022:

	2022	2021
Net assets available for benefits per the financial statements	\$ -	\$ 20,466,764
Add: Excess contributions payable		37,251
Net assets available for benefits per the Form 5500	\$ -	\$ 20,504,015
<hr/>		
		2022
Decrease in net assets available for benefits per the financial statements		\$ (4,574,311)
Less: Prior year excess contributions payable		(37,251)
Net decrease in net assets available for benefits per the Form 5500		\$ (4,611,562)

Excess contributions are recorded on the financial statements when incurred, but on Form 5500 are not recorded until paid. On the accompanying financial statements, the refund of excess contributions is netted with participant contributions.
