INDEPENDENT AUDITORS' REPORT

To the Trustees of
Auto-Chlor System, Inc. Profit Sharing and 401(k) Plan
Mountain View, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Auto-Chlor System, Inc. Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Auto-Chlor System, Inc. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the financial statements section of our report. We are required to be independent of Auto-Chlor System, Inc. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Auto-Chlor System, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Auto-Chlor System, Inc. Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Auto-Chlor System, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters -Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AUTO-CHLOR SYSTEM, INC.
PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Description of Plan

The following description of the Auto-Chlor System, Inc. Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a salary deferral arrangement established under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan was originally established by Auto-Chlor System of Washington, Inc. in January 1969, and was restated effective January 1, 2016. The Plan was amended by the volume submitter sponsor on behalf of all adopting employers effective for plan years beginning after December 31, 2017. The Plan has been adopted by the following related employers, Auto-Chlor System of Oregon, Inc., Auto-Chlor System of Northern California, Inc., Auto-Chlor System of New York City, Inc., Auto-Chlor System of San Diego, Inc., Auto-Chlor System of the Mid-South, LLC, and Auto-Chlor System, LLC. The employers are referred to herein as "Auto-Chlor" or the "Company". Effective January 1, 2022, the Plan was amended and restated to bring the Plan into compliance with legislative and regulatory changes and to increase automatic deferral rate from 5.5% to 6%.

All employees, excluding leased employees, non-resident aliens, and union employees, who have reached the age of 18 and who have completed three months of service with Auto-Chlor are eligible for participation in the 401(k) portion of the Plan. Effective August 1, 2021, the Plan was amended to include the service with a prior employer, Energy Mizer of Sonoma County. In June 2020, the Company acquired Ver-Tech Solutions and Services, Inc. Effective August 17, 2020, the Plan was amended to include the service with a prior employer, Ver-Tech Solutions and Services, Inc. Effective in 2018, the Plan was amended to include the service with prior employers, Tri State Detergent Service, LLC and TMS (Total Management Services). Effective in 2017, the Plan was amended to include the service with a prior employer, Auto-Chlor System of Albuquerque, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC. The Trustees are responsible for oversight of the Plan. The Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

Plan Administration

The Company uses a third party administrator, RiversEdge, in 2022 and 2021, to assist with record keeping and administration of the Plan, including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the custodian. Charles Schwab Trust Bank ("Charles Schwab") was the appointed custodian for the Plan in 2022 and 2021 and acted at the direction of the Plan's administrator.

Contributions

The Plan includes automatic deferrals for new employees, which will commence upon eligibility, unless they affirmatively elect not to participate in the Plan. Effective January 1, 2022, deferral contributions for employees entered under the automatic enrollment are 6% of compensation. Employees who elect to participate in the Plan may contribute a portion of their annual eligible compensation, up to the limits imposed by Section 402(g) of the IRC. Participants may also contribute amounts rolled over from other qualified plans, and if the participants are 50 or older, they may elect to defer additional amounts (called catch-up contributions) to the Plan.

AUTO-CHLOR SYSTEM, INC.
PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Description of Plan, continued

Contributions, continued

Auto-Chlor may make elective profit-sharing contributions to the Plan. In 2022, the Company made an elective profit sharing contribution in the amount of \$2,540,152. The allocation to participants is based on group allocation as determined by the Company. Participants are eligible for the profit-sharing contribution once they have attained the age of 20½, completed six months of service prior to the first day of the Plan year, are employed on the last day of the Plan year, and have completed one year of service, defined as 1,000 hours of service during the Plan year. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers from other qualified plans, as well as an allocation of the Company's profit-sharing contribution and Plan earnings or losses. Participants are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Discretionary employer contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested upon retirement, death and disability, or plan termination.

1. Description of Plan, continued

Notes Receivable from Participants

Participants are allowed two notes receivable at any time, one from their deferral and rollover accounts and one from the profit sharing accounts, and may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note receivable terms range from one to five years or longer not to exceed 15 years as permitted by the plan administrator for the purchase of a primary residence. Loans from the profit sharing contributions are only allowed for the purchase of a principal residence, or unpaid medical expenses for immediate family. The notes receivable are secured by the balance in the participant's account and bear a reasonable rate of 2% over prime rate at the time of note receivable origination. Interest rates on notes receivable from participants as of December 31, 2022 ranged from 5.25% to 9.00% per annum. Principal and interest are paid in equal installments through payroll deductions. Any outstanding notes receivable will become due and payable upon termination of employment.

Participants may pay the balance of the notes receivable directly by writing a check payable to the Plan for the balance of the notes receivable plus any accrued interest. If the notes receivable is not repaid in this fashion, the balance of the notes receivable plus any accrued interest will be deducted from the participant's distribution from the Plan.

Payment of Benefits

On termination of service for reasons other than death, a participant will receive an amount equal to the value of the participant's vested interest in his or her account. If vested balance is more than \$5,000, the participant may elect distribution as a lump sum or installment payments over a specified period of time, not to exceed the participant's life expectancy, or the joint life expectancy of the participant and the participant's designated beneficiary. For termination of service due to death, the participant's beneficiary will receive the value of the vested interest in the participant's account in a lump-sum cash distribution. If the vested interest in the account does not exceed \$5,000, then a lump-sum distribution will be made as soon as administratively practicable following the termination of employment. However, the participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account ("IRA"). If the participant does not elect either to receive or to roll over the distribution, then under the law of 401(a)(31)(B) of the IRC, the distribution will be rolled over to an IRA. The IRA provider will invest the rollover funds in a type of investment designed to preserve principal and provide a reasonable rate of return and liquidity. The Plan allows for in-service withdrawals upon a participant attaining the age of 59½, which may be taken from vested accounts. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds, and cash and cash equivalents offered by the Plan. Participants may change their investment options at any time.

1. Description of Plan, continued

Forfeitures

On or before each anniversary date any forfeiture may be made available to reinstate previously forfeited account balances of former participants, used toward any employer discretionary contribution, or used to pay any administrative expenses of the Plan. Forfeited balances of terminated participants' nonvested accounts are allocated based on participant groups as if the forfeitures were additional employer contributions.

As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$413,635 and \$241,619, respectively. Forfeitures related to contributions made by a Participating Employer are allocated only to participants employed by the Participating Employer in accordance with Plan guidelines. Allocation of forfeitures to participant accounts as additional contributions is done subsequent to yearend and approximates forfeiture balance at yearend. During the year 2022, no forfeited funds were used to reduce employer contributions or pay administrative expenses of the Plan. However, \$241,827 forfeitures calculated as of December 31, 2021 were reallocated to eligible participants on May 24, 2022, and \$421,416 forfeitures calculated as of December 31, 2022, were reallocated to participants on May 2, 2023.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

2. Summary of Significant Accounting Policies, continued

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants prior to March 15, 2023 and 2022, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Information Certified by the Custodian

Charles Schwab Trust Bank has prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule.

3. Fair Value Measurement

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

AUTO-CHLOR SYSTEM, INC. **PROFIT SHARING AND 401(k) PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

3. Fair Value Measurement, continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021:

Cash and cash equivalents: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Limited liability corporation (LLC): Valued based on the corporation's financial statements, and projected cash flow.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

3. Fair Value Measurement, continued

Changes in Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

There were no changes in net assets classified in Level 3 of the fair value hierarchy resulting from purchases, issues, or transfers in and out of Level 3 assets during the year ended December 31, 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, as of December 31, 2022 and 2021, respectively, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value December 31, 2022	Fair Value December 31, 2021	Principal Valuation Technique	Unobservable Inputs

4. Certified Information

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Charles Schwab Trust Bank as of and for the year ended December 31:

	2022	2021
Investments, at fair value:		
Cash and cash equivalents	\$ 3,632,522	\$ 3,166,059
Mutual funds	\$ 59,497,056	\$ 76,584,355
Notes receivable from participants	\$ 957,243	\$ 781,750
Interest and dividend income	\$ 42,685	N/A
Interest income on notes receivable from participants	\$ 45,394	N/A
Net depreciation in fair value of investments	\$ (13,909,399)	N/A

Limited liability corporation investment of \$50,000 as of December 31, 2022, and 2021, respectively, is not certified.

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in cash and cash equivalents and mutual funds are managed by Charles Schwab Trust Bank, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Charles Schwab Trust Bank provides certain administrative services to the Plan pursuant to a Services Agreement ("Agreement") between the Company and Charles Schwab Trust Bank. Charles Schwab Trust Bank receives revenue from mutual fund service providers for services Charles Schwab Trust Bank provides to the funds. This revenue is used to offset certain amounts owed to Charles Schwab Trust Bank, Plan's record-keeper, and financial advisor for their administrative services to the Plan.

If the revenue received by the Plan from such mutual fund service providers exceeds the amount owed under the Agreement, Charles Schwab Trust Bank remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, revenue sharing of 75,081 was applied to fees. The Plan or Plan Sponsor may make a payment to Charles Schwab Trust Bank, Plan's record-keeper and financial advisor for administrative expenses not covered by revenue sharing.

6. Tax Status

The Plan uses a non-standardized pre-approved plan document sponsored by RiversEdge Advanced Retirement Solutions LLC. RiversEdge Advanced Retirement Solutions LLC received an opinion letter from the IRS dated June 30, 2020, which states that the non-standardized pre-approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan's financial statements.

AUTO-CHLOR SYSTEM, INC.
PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

6. Tax Status, continued

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company does not believe the Plan has any uncertain tax positions. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue definitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their Company contributions.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of cash and cash equivalents, mutual funds, and limited liability corporations offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes of net assets available for benefits.

As of December 31, 2022 approximately 11% of net assets are held in one fund. As of December 31, 2021, approximately 23% of net assets are held in two funds.

9. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 21, 2023, the date which these financial statements were available to be issued.

Management concluded that no other material subsequent events have occurred since December 31, 2022 that require recognition or disclosure in these financial statements
