INDEPENDENT AUDITORS' REPORT

To the Trustee of
University Orthopaedic Services, Inc. Retirement Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of University Orthopaedic Services, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of University Orthopaedic Services, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University Orthopaedic Services, Inc. Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

effectiveness of University Orthopaedic Services, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about University Orthopaedic Services, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agree to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of University Orthopaedic Services, Inc. Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2021 AND 2020 AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. PLAN DESCRIPTION

The following brief description of the University Orthopaedic Services, Inc. Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan sponsored by University Orthopaedic Services, Inc. (the “Company” or “Plan Sponsor”). The Plan covers eligible employees of the Plan Sponsor. The Plan consists of employer discretionary contributions and rollover contributions. Employees are eligible to receive employer discretionary contributions on the first day of the calendar month following attaining age 21, provided they are an eligible employee on that date. The Plan was established on January 1, 1999, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – The Plan Sponsor may, in its sole discretion, make a contribution to the Plan on the employee’s behalf, provided the employee has completed at least 1,000 hours of service during the Plan year and is employed by the Company on the last day of the Plan year. All participants are categorized into groups and each group may receive a different amount. Contributions are allocated in the proportion that each participant’s compensation bears to all participants’ compensation. Total contributions made on behalf of each participant may not exceed limits imposed by the Internal Revenue Code (“IRC”). Participants may direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by Plan Sponsor contributions, and the participant’s share of Plan earnings (allocated daily). Participant accounts are decreased by participant distributions and the participant’s share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. Upon retirement or termination, a participant is entitled to the vested balance in his or her account.

Vesting – Participants are fully vested in their accounts upon completing 1,000 hours of service per year for two years.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account in either a lump-sum amount, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA.

Forfeitures – Participants not fully vested in employer contributions upon termination of employment forfeit their non-vested balances. Forfeitures of \$150 were used to reduce administrative expenses for the year ended December 31, 2021. Forfeitures available to reduce future Plan expenses or Plan Sponsor contributions amounted to \$1,161 and \$513 as of December 31, 2021 and 2020, respectively.

Administrative Expenses – Costs of administering the Plan are paid by the participants and the Plan Sponsor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities which are subject to reporting at fair value based on standards established within generally accepted accounting principles. These standards establish a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identified three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2021 and 2020:

Registered investment companies: Valued based on the quoted market prices available on an active market, which represents net asset values of the shares held by the Plan at year end.

Guaranteed annuity account: Valued based on the contracted amount and is not fully-benefit responsive. The Plan Sponsor has determined that the contract value for the guaranteed annuity account approximates fair value. The contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in less any withdrawals and transfers out. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 2.50%. The Plan's investment in the TIAA Traditional Annuity account yielded investment gains of approximately 3.30% and 4.00% for the years ended December 31, 2021 and 2020, respectively.

Collective trust fund: The fund primarily holds guaranteed and other similar investment contracts, that are fully-benefit responsive. The fund is valued based on the net asset values ("NAV") of the shares held by the Plan at year-end using NAV contract value. The fund generally has no redemption restrictions or unfunded capital commitments.

Pooled separate account: Valued based on the NAV of the underlying real estate holdings or other real estate-related investments. The fair value is measured using external appraisals, which are estimates of property values based on a professional's opinion. Although the underlying assets cannot be quickly sold and converted to liquid assets, the TIAA general account ensures that the pooled separate account has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values. The pooled separate account has been measured at fair value using the NAV practical expedient as of December 31, 2021 and 2020, and generally has no redemption restrictions or unfunded capital commitments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures that are included in these financial statements. Actual results could differ from management's estimates and assumptions.

Subsequent Events – Management has evaluated the effects of all subsequent events through October 7, 2022, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, with the exception of the collective trust fund and pooled separate account, which are measured at fair value using the NAV practical expedient. The fair value of the collective trust fund and pooled separate account is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

	2021	2020
<i>Level 1:</i>		
Registered investment companies	\$ 50,301,885	\$ 42,235,446
<i>Level 3:</i>		
Guaranteed annuity account	3,193,246	2,925,041
<i>Investments measured at NAV:</i>

Total investments at fair value	<u>\$ 55,821,688</u>	<u>\$ 47,277,394</u>

3. FAIR VALUE MEASUREMENTS (continued)

The following sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021:

Balance, beginning of year	\$ 2,925,041
Contributions	69,487
Interest	101,722
Transfers, net	139,765
Benefits paid to participants	<u>(42,769)</u>
Balance, end of year	<u>\$ 3,193,246</u>

The following table presents information about significant unobservable inputs related to the Plan's investment in the guaranteed annuity account at December 31, 2021:

	Fair value	Valuation technique	Significant unobservable inputs	Range
Guaranteed annuity account	\$ 3,193,246	Discounted cash flow	Risk-adjusted discount rate applied	RA – 3.00% - 3.80% SRA – 3.00% - 3.05% GRA – 3.00% - 3.80%
		Theoretical transfer (exit value)		GSRA – 3.00% - 3.05% RC – 2.75% - 3.90% RCP – 2.00% - 3.15%

The following table presents information about significant unobservable inputs related to the Plan's investment in the guaranteed annuity account at December 31, 2020:

	Fair value	Valuation technique	Significant unobservable inputs	Range
Guaranteed annuity account	\$ 2,925,041	Discounted cash flow	Risk-adjusted discount rate applied	RA – 3.00% - 4.45% SRA – 3.00% - 3.70% GRA – 3.00% - 4.45%
		Theoretical transfer (exit value)		GSRA – 3.00% - 3.70% RC – 2.50% - 4.40% RCP – 1.75% - 3.65%

4. TRANSACTIONS WITH PARTIES IN INTEREST

Matrix Trust Company and TIAA-CREF, custodians of the Plan, manage certain investments of the Plan, and therefore, transactions with both parties qualify as party in interest transactions.

5. INCOME TAX STATUS

The Plan is utilizing a prototype plan, which received a favorable determination letter from the IRS stating that the Plan is qualified under applicable sections of the IRC and therefore, the related trust net investment income is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan was amended subsequent to the IRS determination letter. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan and the related trust investment income are tax exempt.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net assets Available for Benefits.

7. SUMMARY OF CUSTODIAN INFORMATION

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule. The information was prepared by TIAA-CREF and Matrix Trust Company and furnished to the Plan Sponsor. TIAA-CREF and Matrix Trust Company certified that the information is complete and accurate for the years ending December 31, 2021 and 2020:

a) Investments held at fair value at December 31:
