INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
of Thermo King Fresno, Inc. 401(k) Retirement Plan
Fresno, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Thermo King Fresno, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Thermo King Fresno, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
of Thermo King Fresno, Inc. 401(k) Retirement Plan
Fresno, California

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thermo King Fresno, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thermo King Fresno, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thermo King Fresno, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thermo King Fresno, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held At End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THERMO KING FRESNO, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of Thermo King Fresno, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan established January 1, 1987, for the employees of commonly controlled corporations Thermo King Fresno, Inc. and NVB Equipment, Inc. (collectively, the Company). The Plan's purpose is to enable eligible employees to defer a portion of their salary to provide for their retirement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been restated for the final Cycle 3 regulations effective May 2, 2022.

Eligibility

For the year ended December 31, 2021, an employee of the Company was eligible to participate in the Plan after completing one year of service with the Company and attaining age twenty-one. Per the restatement effective on May 2, 2022, an employee of the Company becomes eligible to participate in the Plan after completing six months of service with the Company and attaining age twenty-one. Employees are not eligible to participate in the Plan if they are represented by a bargaining unit that has bargained with the Company in good faith on the subject of retirement benefits, or a nonresident alien with no U.S. income, or all such income is exempt from U.S. income tax. A year of service was defined as any plan year in which the employee has worked 1,000 hours. Upon completion of all eligibility requirements, employees may elect to participate in the Plan based upon entry dates as defined in the plan document.

Participant accounts

Each participant's account is credited with the participant's deferrals, the employer contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. Participants may direct the investment of their contributions, and any employer contributions, into any of the various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employee contributions

Participants may contribute a percentage of their annual compensation to the Plan through salary deferrals up to the maximum dollar amount determined by the Internal Revenue Service (IRS) each year. Salary deferrals will be pre-tax deferrals unless the participant designates all or a portion as Roth elective deferrals. Employees are automatically enrolled to defer 6% of pay unless the employee elects a different percentage or declines participation. If the participant is age 50 or older, the participant may elect to defer additional amounts as defined by law.

THERMO KING FRESNO, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN (continued)

Employer contributions

The Company may determine a discretionary amount to contribute to the Plan. Contributions will be allocated to participants based upon the participant's annual compensation. For the years ended December 31, 2022 and 2021, the Company did not make a discretionary contribution.

The Company may make a matching contribution. The percentage of the elective deferral contribution match, if any, shall be determined by the Company on an annual basis and shall apply to all eligible persons for the entire plan year. Elective deferral contributions exceeding a percentage of pay as determined by the Company will not be matched. For the years ended December 31, 2022 and 2021, the Company made match contributions of \$97,795 and \$89,323, respectively.

The Company may make a qualified nonelective contribution. The contribution is equal to the ratio of a participant's annual pay divided by total annual pay of all participants receiving a qualified nonelective contribution. Participants are not eligible to receive an allocation of the qualified nonelective contribution if considered to be a highly paid employee, as defined in the plan document. For the years ended December 31, 2022 and 2021, the Company did not make a qualified nonelective contribution.

Contributions are subject to certain IRS limitations.

Vesting

Participant contributions, rollovers, employer qualified matching contributions, employer qualified nonelective contributions, and actual earnings thereon are immediately 100% vested. Discretionary contributions by the Company vest on a pro rata basis over six years. In the event of death, disability or retirement, a participant's interest in employer discretionary contributions become fully vested.

As of December 31, 2022 and 2021, the Plan held no assets subject to the vesting provisions.

Forfeitures

Forfeitures will be used to reduce future employer contributions or reduce administrative expenses of the Plan. At December 31, 2022 and 2021, there were no unallocated forfeitures. For the years ended December 31, 2022 and 2021, forfeitures of \$78 and \$46, respectively, were used to reduce employer contributions.

Payment of benefits

Upon retirement, death, disability, or termination of service, a participant may elect to receive a lump-sum payment, equal to the value of the participant's vested interest in his or her account. If the vested account is less than \$5,000, it will be paid in a single sum. If the vested account exceeds \$5,000, annuity options and installment payment options are available as defined in the plan document. The participants may make a direct rollover to another employer's qualified retirement plan or an individual retirement account.

A participant may receive a distribution of their 401(k) elective deferral contributions, employer matching contributions, employer discretionary contributions, and employer qualified nonelective contributions in the event of certain financial hardships. In addition, a participant may request an in-service distribution of rollover contributions, if any.

Late retirement

A participant may choose to have a late retirement date if they continue to work for the Company after their normal retirement date. A participant may choose to have their benefits paid starting on any day after their normal retirement date, however, required minimum distributions must begin at a certain age as defined by law.

THERMO KING FRESNO, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF PLAN (continued)

Notes receivable from participants

Participants in the Plan may borrow a maximum of 50% of their vested balance up to \$50,000. The minimum loan is \$1,000 and only one loan may be outstanding at a time. The loan term cannot exceed five years unless the loan is used to buy a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the note receivable to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Administrative expenses

The costs of administering the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Excess contributions payable

Amounts payable to participants totaling \$7,746 and \$29,768 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions for the years ending December 31, 2022 and 2021. The Plan distributed the 2022 excess contributions to the applicable participants subsequent to March 15, 2023. The plan distributed the 2021 excess contributions prior to March 15, 2022.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through September 18, 2023, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds

Mutual funds are valued at unadjusted quoted prices on an active market.

THERMO KING FRESNO, INC. 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Pooled separate accounts

Certain pooled separate accounts invest in a single mutual fund, whereas others invest mainly in domestic stocks. The Plan's fair value of shares of the underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund. The net asset value is used as a practical expedient to estimate fair value.

Collective investment trusts

Collective investment trusts invest in collective trust funds as well as a variety of separate accounts and mutual funds. The Plan's fair value of shares of the underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund, or contract value, if a portion of the fund is attributable to investment contracts. The net asset value is used as a practical expedient to estimate fair value.

The following tables set forth by level within the fair value hierarchy, represent the Plan's assets at fair value on a recurring basis as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy				
Mutual funds	\$ 2,067,566	\$ -	\$ -	\$ 2,067,566
Investments measured at net asset value ^(a)				4,647,085
Investments at fair value				\$ 6,714,651

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy				
Mutual funds	\$ 2,450,943	\$ -	\$ -	\$ 2,450,943
Investments measured at net asset value ^(a)				5,111,509
Investments at fair value				\$ 7,562,452

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEES (continued)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the trustees as of and for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Investments at fair value:		
Mutual funds	\$ 2,067,566	\$ 2,450,943
Investments measured at net asset value	\$ 4,647,085	\$ 5,111,509
Net appreciation (depreciation) in fair value of investments	\$ (1,604,295)	\$ 514,581
Capital gains	\$ 159,396	\$ 336,919
Dividends	\$ 33,460	\$ 9,494

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in the aggregate value of their employer contributions.

NOTE 6 – TAX STATUS

The Plan obtained its latest opinion letter on the prototype plan on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 7 – ALLOCATION OF ASSETS

Net assets available in the amount of \$348,509 and \$392,827, for the years ended December 31, 2022 and 2021, respectively, have been allocated to the accounts of terminated employees. Non-vested amounts to be forfeited from net assets available for benefits at December 31, 2022 and 2021, were \$430 and \$522, respectively.

December 31, 2022 and 2021

NOTE 8 – RELATED PARTY TRANSACTIONS

The plan assets were managed by Principal Life Insurance Company and Principal Trust Company. Plan management includes recordkeeping and investment services related to contributions received, plan earnings and distributions. The services to the Plan qualify as party-in-interest transactions. Investment management services and third party administrative services are paid for by the Plan. Principal Life Insurance Company contract administration fees totaled \$2,996 and \$1,957, for the years ended December 31, 2022 and 2021, respectively. Commissions and other indirect fees reported by Principal Life Insurance Company related to the Plan totaled \$33,998 and \$33,676, for the years ended December 31, 2022 and 2021, respectively.

Administrative functions are jointly performed by employees of the Company and Principal Life Insurance Company. No employee receives compensation from the Plan. The independent auditor's fees are paid directly by the Company.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:
