New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Teneo Holdings LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Teneo Holdings LLC 401(k) Plan

Notes to Financial Statements

1. Summary of the Plan

Plan Description

The following description of Teneo Holdings LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan sponsored by Teneo Holdings LLC (the Company) that covers all eligible employees of the Company that are age 21 or older. Non-resident aliens who do not receive any compensation from U.S. sources, employees covered under a collective bargaining agreement, and leased employees and employees paid on an hourly basis are not eligible to participate in the Plan. John Hancock Life Insurance Company of New York (John Hancock) holds the Plan's investment assets and executes investment transactions as of and for the years ended December 31, 2022 and 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Mergers

Effective January 1, 2021, the Goldin Associates, LLC 401(k) Savings Plan (the Goldin Plan) merged into the Plan. In connection with the merger, assets of the Goldin Plan in the amount of \$9,318,118 were transferred into the Plan during 2021. This amount includes loans of \$59,776. Such amounts are included in transfers in from another plan in the statement of changes in net assets available for benefits for the year ended December 31, 2021. The Plan amended its Plan document effective January 1, 2021, to reflect the Plan merger and to allow employees of the Goldin Plan to participate in the Plan.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual eligible earnings, as defined by the Plan, subject to some limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. After-tax (Roth) contributions are allowed and participants may also roll over amounts from other eligible retirement plans (rollover contributions), as defined in the Plan. The Company makes a safe-harbor matching contribution of 100% of the first 3% of eligible earnings contributed by the participant, plus 50% of the participant's elective deferrals up to the next 2% of eligible earnings. Safe-harbor matching contributions totaling \$2,224,235 and \$1,949,804 were made to the Plan for the years ended December 31, 2022 and 2021, respectively. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company matching contributions, as well as allocation of the Plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Teneo Holdings LLC 401(k) Plan

Notes to Financial Statements

Vesting

Participants are 100% vested in their contributions and rollover contributions and any earnings thereon. Participants are also 100% immediately vested in any employer contributions or nonelective employer contributions and earnings thereon.

Benefit Payments

On termination of service due to death, disability or retirement, a participant will elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals are available, as are in-service distributions to participants who have attained the age of 59½. If a participant's employment terminates with the employer, the Plan permits distribution of the participant's account, not in excess of \$5,000, to be cashed out or transferred to an IRA without the participant's consent.

Notes Receivable from Participants

Participant loans are allowed at a minimum of \$1,000 not to exceed a maximum of \$50,000 or 50% of the participant's account balance, whichever is less. The loans are secured by the participant's vested account balances and, except for loans used to acquire a principal residence, must have a repayment period of no greater than five years. Loan transactions are treated as a directed investment from the participant's account under the Plan. Interest is calculated at the prime rate plus 1% at the time of the loan. The interest rates for loans outstanding as of December 31, 2022 and December 31, 2021 were between 4.25% and 5.75%. Principal and interest are paid ratably through payroll deductions every pay period. No more than one note is allowed at any time and repayment of the entire balance is permitted at any time.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Teneo Holdings LLC 401(k) Plan

Notes to Financial Statements

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments netted against any direct investment fees.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to each participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments. Direct compensation paid by the Plan as administrative expenses totaled \$116,714 and \$135,080 for the years ended December 31, 2022 and 2021, respectively, which consisted of third-party administrative fees.

3. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net appreciation (depreciation) in fair value of investments and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts - The value for pooled separate accounts is based upon the net asset value (NAV) of the shares held by the Plan. NAV is based upon the fair value of the underlying investments. The funds' objective is the preservation of capital, liquidity and, consistent with these goals, the highest possible current income. There are no redemption fees, notice periods and unfunded commitments as of December 31, 2022 and 2021.

The Plan's investments in pooled separate accounts as of December 31, 2022 and 2021 have not been classified in the fair value hierarchy, in accordance with Accounting Standards Update (ASU) 2015-07. The underlying types of investments by the pooled separate accounts and their corresponding investment objectives consist of the following:

- *Target Date Retirement Pooled Separate Accounts* - These assets invest in a diversified portfolio with a mix of common stocks and bonds seeking the greatest capital appreciation by the retirement date set by the fund.

Teneo Holdings LLC 401(k) Plan

Notes to Financial Statements

- *Large-Cap Pooled Separate Accounts* - These assets seek growth of capital and invest primarily in common stocks and seek to invest in companies that appear to offer superior opportunities for growth of capital generally tracking the performance of the S&P 500.
- *Mid-Cap Pooled Separate Accounts* - These assets seek capital appreciation primarily in stocks tracking the S&P Mid Cap 400, and other mid-capitalization indexes.
- *Small-Cap Pooled Separate Accounts* - These assets invest primarily in companies within the Russell 2000 Index at the time of purchase and have potential for capital appreciation.
- *Bond Pooled Separate Accounts* - These assets seek to provide consistent income through investments in debt securities offered by U.S. corporations and government agencies.
- *International Pooled Separate Accounts* - These assets invest primarily in equities ranging from small to large foreign companies, some focusing on developing markets.

Common Collective Trust Fund - The common collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan's investments in common collective trust funds as of December 31, 2022 and 2021 have not been classified in the fair value hierarchy. As of December 31, 2022, the Plan's common collective trust fund does not have unfunded commitments.

The John Hancock Stable Value Fund (Fund), a common collective trust fund, is invested primarily in benefit-responsive contracts issued by state regulated insurance companies and banks, including, but not limited to, John Hancock Life & Health Insurance Company. In addition, each insurance company either contractually guarantees or obtains contractual guarantees from third parties insuring against the loss of principal deposited into the Fund and providing that individual participant withdrawals will be paid promptly at book value (i.e., the amount of participant contributions plus interest previously credited, less previous withdrawals), even if the Fund's total book value exceeds the market value of its underlying securities. However, if the book value of the Fund exceeds the market value of underlying securities, the stabilizing agreements provide that the payment of certain withdrawals may be delayed for up to 12 months, unless the Plan or the participant requesting the withdrawal elects to accept such payment subject to a market value adjustment.

5. Related Party and Party-in-Interest Transactions

Plan investments are pooled separate accounts and common collective trusts managed by John Hancock. Notes receivable from participants are also considered party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

Teneo Holdings LLC 401(k) Plan

Notes to Financial Statements

6. Risks and Uncertainties

The Plan invests in various investment securities, Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The Plan obtained the latest opinion letter for the volume submitter plan it has adopted on June 30, 2020, in which the IRS stated that the pre-approved profit-sharing plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

9. Subsequent Events

The Plan has evaluated subsequent events from the date of the statements of net assets available for benefit through September 21, 2023, the date the financial statements are available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date.
