Independent Auditor's Report

To the Plan Administrator
Suffield Academy 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Suffield Academy 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUFFIELD ACADEMY 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Suffield Academy 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code (the "Code") covering all eligible employees of Suffield Academy (the "Academy") who are age twenty-one (21) or older, have completed two years of service and at least 1,000 hours per year to be eligible for the employer match. All employees are eligible to participate in the elective deferral provision of the Plan. The Plan was established on October 1, 1961. The Plan was amended and restated, effective January 1, 2009, to comply with the current provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Academy's Board of Trustees is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Academy's Board of Trustees.

Under Section 403(b), employees of tax-exempt organizations can enter into salary reduction agreements with their employers and contribute amounts on a pre-tax basis to individual annuity contracts owned by the employees and to a group account. The Plan consists of both an elective deferral and a nonelective deferral portion entered through a salary reduction agreement. Under the elective deferral portion of the Plan, there is no deferral minimum and all new employees can join the Plan upon commencement of employment. Under the nonelective deferral portion of the Plan, employees are enrolled at a 5% deferral rate upon satisfying the eligibility requirements. Participants have the right to decline participation and to change their deferral rate (higher or lower) at any time.

Administration

The Plan is administered by the Academy's Board of Trustees. The Academy must approve all changes to the Plan, including the selection of the recordkeeper, custodian and investment options. The Plan currently offers a variety of College Retirement Equities Fund ("CREF") variable annuity contracts, a Teachers Insurance and Annuity Association of America ("TIAA") pooled separate account, referred to as the TIAA Real Estate Account, TIAA fixed annuity contracts, referred to as the TIAA Traditional Annuity, and a variety of mutual funds as investment options for participants.

SUFFIELD ACADEMY 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Contributions

Participants may make salary deferral contributions to the Plan based upon a percentage of eligible compensation, subject to annual limitations, as defined by Code Section 415. Participants may designate all or a portion of their contributions as Roth deferral contributions. The annual pretax contribution limitation for each participant, adjusted each year for cost-of-living adjustments prescribed under Section 402(g) of the Code, was \$20,500 for 2022. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For 2022, the maximum catch-up contribution permitted was \$6,500. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Academy makes a matching contribution to each eligible employee who contributes at least 5% of compensation to the Plan. The amount of the match is equal to 7% of compensation if the eligible employee has less than 14 years of services, 9% of compensation if the eligible employee has 14 to 20 years of service, 10% of compensation if the eligible employee has 21 to 22 years of service and 11% of compensation if the eligible employee has 23 or more years of service. Participants also direct the investment of all Academy contributions.

A participant may make a rollover contribution to the Plan of amounts which he or she has received from another qualified plan. All contributions are subject to certain Code limitations.

Participant accounts

Separate accounts are maintained for each participant of the Plan through TIAA and CREF. Participant accounts are adjusted to reflect contributions and investment earnings such as interest, dividends and realized and unrealized investment gains and losses, as well as reductions for distributions and loans. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative charges related to participant loans and distributions are deducted directly from the respective participant's account. Investment expenses charged by the applicable funding vehicles and TIAA and CREF are paid directly from the underlying assets of the respective funding vehicles in the participants' accounts.

Vesting

Participants are 100% vested at all times in their contributions and the Academy's contributions on their behalf in both the elective and nonelective portions of the Plan plus actual earnings thereon.

SUFFIELD ACADEMY 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Notes receivable from participants

Participants may borrow from the Plan a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates for similar loans from commercial lending institutions as approved by the Plan Administrator at the time the note is issued. Once the loan is granted, the interest rate on the loan will not change. Principal and interest are paid ratably through payroll deductions over a period of five years except for the purchase of a primary residence. There were \$113,677 and \$121,534 participant loans as of December 31, 2022 and 2021, respectively.

Participants may also borrow directly from TIAA and CREF using the assets in their participant accounts as collateral. Under this arrangement, TIAA and CREF has the right to collect the collateral in the event of a default. At December 31, 2022 and 2021, Plan loans totaling \$44,724 and \$46,675, respectively, were outstanding under this arrangement. There was \$43,974 and \$0 in defaulted loans of December 31, 2022 and 2021, respectively.

Payment of benefits

Participants or their beneficiaries are entitled to receive the entire amount of their vested interest in the Plan upon retirement, death, disability or severance from employment. The Plan does not provide for mandatory distributions. Participants or their beneficiaries may elect to receive a distribution under a lump-sum amount, installments or an annuity distribution option that is available under the applicable funding vehicle.

Withdrawals are subject to any additional restrictions in effect under the applicable funding vehicle. Participants who are at least 59½ years of age may withdraw all or a portion of the balance in their account prior to termination for any reason.

The Plan permits for hardship withdrawals subject to the terms of the applicable annuity contract or custodial account agreement. Hardship withdrawals may not be paid back to the Plan.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investments and investment transactions and related income

Fully benefit-responsive investment contracts are reported at contract value (see Note 4). All other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors and TIAA and CREF. See Note 5 for discussion of fair value measurements.

SUFFIELD ACADEMY 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

Purchases and sales of investments are recorded on a trade-date basis. Realized gains and losses on the sale of such investments are based on the difference between the net sale proceeds and the investment cost. Realized and unrealized gains and losses are included in net depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Dividend income on investments in mutual funds is recognized on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Academy and are excluded from these financial statements. Investment related expenses are included in the net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated events and transactions through August 28, 2023, which is the date the financial statements were available to be issued.

NOTE 3 — INFORMATION CERTIFIED BY TIAA and CREF

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2022, that are disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i), were obtained or derived from were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by TIAA and CREF, the insurance entities holding certain investments of the Plan and also the recordkeeper as agent for TIAA, FSB, the custodian of the other investments of the Plan.

SUFFIELD ACADEMY 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 4 — FIXED ANNUITY CONTRACTS

The Plan has a variety of fully benefit-responsive fixed annuity contracts with TIAA, an insurance company, referred to as the TIAA Traditional Annuity. Participants who choose to invest in this option make contributions that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees on a year-by-year basis.

As the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by TIAA and CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and ranges between 1% and 3% and has the potential for additional interest if declared by TIAA and CREF.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The fixed annuity contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the periods presented.

Fair value of the Plan's investments in variable annuity contracts is based on the accumulation unit value and/or annuity unit value of the respective accounts, as determined by TIAA and CREF. The unit values are listed on the National Association of Securities Dealers Automated Quotations ("NASDAQ") website and updated overnight for each day that the NASDAQ is open. The fixed annuity contract that is not fully benefit-responsive is valued based on the accumulated cash contributions and interest credited to the Plan's contract, less withdrawals. This annuity contract is not available for sale or transfer on any securities exchange. Fair value for investments in mutual funds and the pooled separate account are based on their quoted market prices in active markets.

SUFFIELD ACADEMY 403(b) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

Financial assets carried at fair value at December 31, 2022 and 2021 are classified in the table below in one of the three categories described above. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurements:

	Assets at fair value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Variable annuity contracts	\$ 13,636,927	\$ -	\$ -	\$ 13,636,927

For years ended December 31, 2022 and 2021, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3. For the year ended December 31, 2022, there were \$553,171 of purchases of Level 3 assets.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair value as of December 31, 2022	Fair value as of December 31, 2021	Valuation Technique	Unobservable Inputs	Range of significant input values

NOTE 6 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Academy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Complete discontinuance of contributions constitutes complete termination of the Plan.

NOTE 7 — TAX STATUS

The Plan has been designed using a volume submitter 403(b) plan document designed by The Angell Pension Group, Inc. The Angell Pension Group, Inc. received an advisory letter dated March 31, 2017, in which the Internal Revenue Service ("IRS") stated that the volume submitter 403(b) plan document, as then designed, satisfies the applicable requirements of the Code. Although the Plan itself has not received a determination letter from the IRS, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, the Plan is deemed to be qualified and tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 — RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by TIAA and CREF. TIAA and CREF are the insurance entities that hold certain investments and also the recordkeeper as agent for TIAA, FSB, the custodian of other investments, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Indirect fees of \$159,852 incurred by the Plan for TIAA and CREF investment management and other administrative services for the year ended December 31, 2022 are included in the net depreciation in fair value of investments. Direct fees of \$30,348 paid to TIAA and CREF for the year ended December 31, 2022, were incurred by the Plan for other administrative expenses and were charged directly to the participant accounts. The Plan received fee leveling credits from TIAA and CREF in the amount of \$2,075 for the year ended December 31, 2022, which is included in other income in the accompanying financial statements. The Plan sponsor pays directly any other fees related to the Plan's operations.

As of December 31, 2022 and 2021, the Plan's revenue sharing account totaled \$26 and \$79,856, respectively. This account is used to pay Plan expenses and any excess amounts may be re-allocated to participant accounts. The Plan received revenue sharing credits from TIAA in the amount of \$29,305 for the year ended December 31, 2022, respectively, which is included in other income in the accompanying financial statements. In addition, approximately \$110,000 of revenue sharing credits were re-allocated to participant accounts for the years ended December 31, 2022.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE 9 — RISKS AND UNCERTAINTIES

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 — SUBSEQUENT EVENTS

Effective July 1, 2023, the Plan's matching contribution was amended to the following fixed schedule: the Academy will make a matching contributions to each eligible participant who contributes at least 5% of compensation. The amount of matching contributions is equal to 8% of compensation if the eligible participant has less than 14 years of service, 10% of compensation if the eligible participant has 14-20 years of service, 11% of compensation if the eligible participant has 21-22 years of service, and 12% if 23 or more years of service. For this purpose, a year of service is a 12-month period beginning on date of hire with the Academy, and anniversaries of that date, in which the employee is credited with at least 1,000 hours of service with the Academy. The amount of the participant's matching contribution percentage is adjusted as of the participant's anniversary of hire with the Academy, as applicable.
