Independent Auditors' Report

To the Participants and Plan Administrator of
Alcon Puerto Rico Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Alcon Puerto Rico Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as December 31, 2022 and 2021, described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

General

Alcon Puerto Rico Savings and Retirement Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on January 1, 2020, covering substantially all employees of Alcon Puerto Rico, LLC (the Company or Plan Administrator). Fidelity Management Trust Company (the Trustee or Fidelity) serves as the Trustee and Fidelity Workplace Services LLC serves as the record-keeper of the Plan, respectively. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Alcon U.S. Retirement Committee (Investment Committee) determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of the Company. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Investments of the Plan are held in the Alcon Vision, LLC Defined Contribution Plan Master Trust (the Master Trust).

Eligibility and Participant Accounts

Participants may enter the Plan immediately upon hire. The Plan utilizes automatic enrollment for newly hired employees. Employees are notified 15 days prior to their eligible entry date of an automatic enrollment rate of 4% of participant eligible compensation. Employees become eligible for the Company retirement contribution after one year of service. Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Company contributions, and an allocation of plan earnings or losses, and charged with certain administrative expenses.

Contributions

The Plan is funded through participant elective deferrals and Company contributions. Each year, participants may contribute from 1% to 50% of annual compensation, as defined by the Plan, subject to maximum limitations imposed by the Puerto Rico Internal Revenue Code (PR Code) of \$15,000 for the year ended 2022. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the PR Code of \$1,500 for the year ended 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

All new hires or rehires will receive a retirement contribution of 2% regardless of age and all employees hired will receive a retirement contribution of 6%. The retirement contribution is made by the Company whether or not the participant contributes to the Plan. The Company also makes matching contributions in the amount of 100% of up to 6% of a participant's eligible compensation contributed to the Plan.

Forfeitures

Forfeitures are available to reduce future Company contributions or pay administrative expenses of the Plan. These amounts are reported as a component of net assets available for benefits. At December 31, 2022 and 2021, forfeited nonvested accounts available for future use totaled \$16,274 and \$64,019, respectively. During 2022, \$64,500 in forfeitures were utilized to pay administrative expenses.

Alcon Puerto Rico Savings and Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants are immediately vested in rollover contributions, participant pre and after-tax contributions, and any earnings thereon. Company contributions are vested 100% after three years of qualified service. Unless an occurrence of the participant's retirement, death or disability, as defined by the plan document.

Benefits Paid to Participants

Upon normal retirement age, death, disability or termination, a participant's benefits are payable in a lump-sum or annual. Semi-annual, quarterly or monthly installments over a period of time, in the amount equal to 100% of the participant's vested account balance. Participant account balances less than \$1,000, paid directly to the participant by the Company.

Investment Options

The Plan provides for participants to direct both participant and Company contributions into a variety of mutual funds of registered investment companies, common collective trusts, interest-bearing cash accounts, and group annuity contracts with insurance companies in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan's website for additional fund information.

Notes Receivable From Participants

Participants borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 50% of their vested account balance, not to exceed \$50,000. The notes are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period may not exceed 30 years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. At December 31, 2022, maturity dates on existing notes receivable from participants ranged from April 2023 through October 2027 and had interest rates ranging from 4.25% to 7.25%. At December 31, 2021, maturity dates on existing notes receivable from participants ranged from July 2022 through August 2026 and had interest rates ranging from 4.25% to 10.0%.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in the Company contributions portion of their account, subject to payment of liquidation costs and expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments in the Master Trust are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, *Fair Value Measurements*. Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provisions of the Plan. See Note 6, *Group Annuity Contracts With Insurance Companies*. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;

Alcon Puerto Rico Savings and Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds of registered investment companies are valued at the net asset value (NAV) or quoted market prices of shares held by the Master Trust at year-end.

Interest-bearing cash is valued at cost of \$1 per unit held by the Master Trust at year-end.

Common collective trusts are valued at the NAV of units of the investments. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. Were the Master Trust to initiate a full redemption of the investment, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of NAV or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Common collective trusts	\$ -	\$ 2,851,285,671	\$ -	\$ 2,851,285,671
Mutual funds of registered investment companies	4,186,687	-	-	4,186,687
Interest-bearing cash	29,744,020	-	-	29,744,020

4. Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment income reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022. Information in the accompanying financial statements as plan interest in the Master Trust, plan interest in Master Trust Income, and Master Trust investment information reported in the notes of the financial statements is presented solely upon reliance of those certifications.

5. Undivided Interest in Master Trust

All of the Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan. The assets of the Master Trust are held by the Trustee. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2022 and 2021, the Plan's undivided interest in the net assets of the Master Trust was approximately 1%. Total investment income (including net appreciation (depreciation) in the value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan. Information in the accompanying financial statements as plan interest in the Master Trust, plan interest in Master Trust Income, and investment information reported in the notes to the financial statements is presented solely upon reliance of those certifications.

Notes to Financial Statements

December 31, 2022 and 2021

Some of the Plan's investments held by the Master Trust may be illiquid, and the Plan may not be able to vary the portfolio in response to changes in economic and other conditions. Some of the investments that are purchased and sold are traded in private, unregistered transactions and are therefore subject to restrictions on resale or otherwise have no established trading market. In addition, if the Plan is required to liquidate all or a portion of its portfolio quickly, the Plan may realize significantly less than the value at which it previously recorded those investments.

As of December 31, 2022 and 2021, the Master Trust had investments of \$1,400,256,746 and \$1,403,569,230, respectively, which were concentrated in three funds and two funds, respectively.

9. Tax Status

The Puerto Rico Department of the Treasury has determined and informed the Company by a letter dated July 7, 2021, that the Plan and related trust are designed in accordance with applicable sections of the PR Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PR Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Reconciliation of Financial Statements to Form 5500

There are no reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 as of and for the year ended December 31, 2022.

11. Subsequent Events

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through September 15, 2023, the date the financial statements were ready to be issued, and determined no such events or transactions, except noted below, which would impact these financial statements as of and for the year ended December 31, 2022.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
