INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator and Participants
Harness, Dickey & Pierce 401(k) Profit Sharing Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Harness, Dickey & Pierce 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Harness, Dickey & Pierce 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Harness, Dickey & Pierce 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Harness, Dickey & Pierce 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Harness, Dickey & Pierce 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Harness, Dickey & Pierce 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HARNESS, DICKEY & PIERCE 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of plan:

The following description of the Harness, Dickey & Pierce 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General: The Plan is a defined contribution plan covering all employees and principals of Harness, Dickey & Pierce, P.L.C. (the Plan sponsor), C.K. Miller Law, PC and Cauble Law, PC (collectively, the Firm) who have met the minimum age and service requirements as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions: Each year, participants may contribute up to 50 percent of eligible compensation as defined in the Plan (effective July 1, 2022, this 50 percent limit no longer applies), up to the IRS calendar year deferral limit as determined under Code Section 402(g), adjusted under Code Section 415(d) as of the beginning of the year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Salary deferrals consist of pre-tax and/or Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans as defined by the Plan (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 3% (4% beginning July 1, 2022) of eligible compensation with automatic increases of 1% on the first day of each Plan year, up to a maximum of 10% (15% beginning January 1, 2023). Automatic contributions are invested in a Qualified Default Investment Alternative (age appropriate retirement target date fund) until changed by the participant.

The Firm, in its discretion, may make a discretionary profit sharing contribution for a Plan year to each participant eligible to share in such contribution. For each Plan year in which the Plan is or becomes a top-heavy plan, the Firm will also contribute a top-heavy minimum contribution on behalf of all non-key participants who were employed on the last day of the Plan year. For the years ended December 31, 2022 and 2021, the Firm accrued discretionary profit sharing contributions of \$2,561,471 and \$2,587,119, and top heavy minimum contributions of \$284,166 and \$229,393, respectively. These contributions were recorded as employer contributions receivable as of December 31, 2022 and 2021.

Participants can direct the investment of all contributions into various investment options offered by the Plan. Contributions not directed by participants are invested in the Plan's Qualified Default Investment Alternative. Contributions are subject to certain statutory limitations.

(c) Participant accounts: Each participant's account is credited with the participant's contribution, if any, and an allocation of the Firm's discretionary and top-heavy contributions, if eligible. Plan earnings and losses allocated to each participant's account reflect the performance of each participant's investment selections. See Note 2(f) for fees charged to a participant's account (if applicable). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting: Participants are vested immediately in their contributions, the Firm's discretionary profit sharing contribution, and the top-heavy minimum contribution, plus actual earnings thereon.

(e) Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. A participant may not have more than two loans outstanding at any time. The loan interest rate is determined on the day the loan is processed and is set to bear a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions.

HARNESS, DICKEY & PIERCE 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS, continued

1. Description of plan (continued):

- (f) **Payment of participant account balances:** On termination of service, if a participant's account balance is more than \$1,000 (\$5,000 beginning July 1, 2022), a participant may elect to delay distribution or receive a lump-sum distribution (beginning July 1, 2022, irregular, nonperiodic payments are permitted). If the participant's account balance is less than \$1,000, the participant's account balance will be distributed in a lump-sum payment within a reasonable period of time. Beginning July 1, 2022, if no election is made by the participant, account balances between \$1,000 and \$5,000 will be automatically transferred to individual retirement plan accounts (rollover IRAs).

At the election of the participant, a pre-retirement distribution of the participant's Employer Contribution account is allowed once the participant has participated in the Plan for at least five years; a pre-retirement distribution of the participant's Elective Contributions account is allowed once the participant has reached age 59½; these options are each limited to one withdrawal within any two Plan years. Participants are not permitted to make hardship withdrawals.

2. Summary of significant accounting policies:

- (a) **Basis of accounting:** The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.
- (b) **Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

- (c) **Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- (d) **Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

- (e) **Payment of participant account balances:** Benefits are recorded when paid.

- (f) **Expenses:** Certain expenses of the Plan are paid directly by the Firm and are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments. Fees for administration of notes receivable from participants and certain fees related to the processing of payment of benefits are charged directly to participant accounts and are included in administrative expenses. Trading and commission fees related to investment transactions in the Personal Choice Retirement Accounts (participant self-directed accounts) are also charged to the individual investor and are deducted from the net appreciation/depreciation in fair value of investments.

- (g) **Date of Plan management's review:** Subsequent events were evaluated through September 22, 2023, which is the date the financial statements were available to be issued. See Note 7.

3. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

There are no Plan assets requiring the use of level 2 and 3 inputs for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund: Shares held in the money market fund are comprised of short-term money market investments and include U.S. government securities and other obligations issued or guaranteed by the U.S. government, its agencies or instrumentalities. The dollar-weighted average maturity of the securities is 60 days or less. The compositions of the securities are structured to maintain a value of \$1 per share.

Mutual funds (including those held in Personal Choice Retirement Accounts): Shares are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Personal Choice Retirement Accounts: Investments primarily consist of mutual funds, common stock and exchange traded funds (ETFs). These investments are valued daily at quoted market prices.

3. Fair value measurements (continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair value measurements as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 4,288,956	\$ -	\$ -	\$ 4,288,956
Mutual funds	102,394,801	-	-	102,394,801
Personal Choice Retirement Accounts	14,723,489	-	-	14,723,489
Total assets at fair value	\$ 121,407,246	\$ -	\$ -	\$ 121,407,246

Fair value measurements as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 3,515,449	\$ -	\$ -	\$ 3,515,449
Mutual funds	128,284,446	-	-	128,284,446
Personal Choice Retirement Accounts	14,834,034	-	-	14,834,034
Total assets at fair value	\$ 146,633,929	\$ -	\$ -	\$ 146,633,929

4. Certified investments:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation/depreciation in fair value of investments, interest income and other, and dividend income for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank (the trustee of the Plan).

5. Related party and party-in-interest transactions:

Included in the Plan's investments is a money market fund managed by an affiliate of Charles Schwab Trust Bank, the Plan's trustee. Transactions involving this investment are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

6. Plan termination:

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax status:

Subsequent to year end, the Internal Revenue Service has determined and informed the Firm by a letter dated September 6, 2023, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and is exempt from taxation under the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management believes that the Plan has not taken any positions that would result in a tax liability. The Plan is subject to routine audits by taxing jurisdictions (Internal Revenue Service, Department of Labor, Pension Benefit Guaranty Corporation, etc.); however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

8. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect, either positively or negatively, participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
