INDEPENDENT AUDITOR'S REPORT

To the Trustees
American Tower Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **American Tower Retirement Savings Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **American Tower Retirement Savings Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **American Tower Retirement Savings Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **American Tower Retirement Savings Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **American Tower Retirement Savings Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **American Tower Retirement Savings Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN TOWER RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the American Tower Retirement Savings Plan (the “Plan”) provides general information only. Participants should refer to the Summary Plan Description and the Plan documents for a more complete description of the Plan’s provisions.

General Information—The Plan is a defined-contribution plan available to substantially all employees of American Tower Corporation (the “Company” or the “Plan Sponsor”) and its participating subsidiaries. The Company’s Benefits Committee, as Plan Administrator, controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Company acquired InSite Wireless Group, LLC (“InSite”) in 2020. On February 18, 2022, the surviving InSite savings retirement plan was merged into the Plan. In conjunction with this merger, \$2,482,132 of assets, including \$2,000 of participant notes receivable, were transferred into the Plan.

Participant Contributions—Participants may contribute through payroll deductions up to 40% of eligible wages, as defined in the Plan, subject to limits set by the Internal Revenue Code of 1986, as amended (the “Code”). In addition, participants age 50 and older may make catch-up contributions. Participants may also contribute amounts representing distributions from other retirement plans. The Plan provides for automatic enrollment for all newly eligible employees. Unless the employee elects otherwise, 3% of the employee’s eligible earnings will be deferred in the Plan subject to the annual contribution limits set by the Code.

Participants may designate a portion, or all, of their deferred contributions as Roth contributions, which can be included in the participant’s gross income.

Employer Contributions—Each year, the Company may make discretionary matching contributions determined by pay period based on a percentage of a participant’s payroll contributions. The Company’s discretionary matching contribution for the year ended December 31, 2022 was 100%, up to a maximum of 5% of a participant’s contributions. The Company may also make additional annual discretionary matching contributions in an amount to be determined at year end by the Company’s Board of Directors. No additional discretionary matching contributions were made in 2022.

Participant Accounts—Individual accounts are maintained for each participant. Each participant’s account is credited with the (i) participant’s contributions, (ii) Company’s discretionary matching contributions, if any, (iii) allocations of additional Company discretionary matching contributions, if any, and (iv) allocations of Plan earnings. Each participant’s account is charged with the participant’s withdrawals and an allocation of Plan losses. Allocations are based on each participant’s earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Investments—Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Unless the employee elects otherwise, contributions will be directed into the age appropriate Freedom Fund. The Plan offers several mutual funds and a common collective trust as investment options for participants. Participants are able to change their existing allocations at their discretion by contacting Fidelity. The Plan Administrator may make periodic updates to the investment options.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching contribution and discretionary matching portion of participants’ accounts (plus actual earnings thereon) occurs at a rate of 25% per year, beginning after one year of service, until a participant becomes fully vested at the end of four years.

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$1,000 and a maximum of the lesser of one-half of a participant’s vested account balance or \$50,000, reduced by the highest outstanding loan balance in a participant’s account during the prior twelve-month period. Loans are fully secured by the participant’s vested interest in his or her account. Loan terms generally range from one to five years with terms extending to ten years for loans associated with the purchase of primary residence. New participant loans bear interest at the prime rate plus one percent. The interest rate for new loans is updated at the beginning of each month and will apply to all loans withdrawn during the month. The applicable interest

rates for outstanding loans ranged from 4.25% to 8.25% as of December 31, 2022 and 4.25% to 8.25% as of December 31, 2021. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits—Total or partial distributions from the Plan are permitted upon a participant's attainment of age 59½, termination of employment, retirement, death or disability. An automatic distribution is made to terminated participants with vested account balances of less than \$1,000 if the participant does not make a timely distribution election following notification. In the case of terminated participants with vested account balances between \$1,000 and \$5,000, an automatic distribution to an individual retirement account is made if the participant does not make a timely distribution election following notification. Withdrawals are also permitted for certain events that result in financial hardship to the participant.

Forfeitures—Unvested Company contributions and earnings thereon that have been forfeited may be applied against administrative expenses of the Plan and used to reduce Company contributions. At December 31, 2022 and 2021, forfeited, non-vested participant accounts totaled \$14,782 and \$25,697, respectively. During the year ended December 31, 2022, Company contributions funded from the forfeiture accounts were \$456,046. During the year ended December 31, 2022, Plan administrative expenses of \$1,607 were paid from forfeitures.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates and assumptions and such differences could be material to the accompanying financial statements.

Risks and Uncertainties—The Plan provides investments in mutual funds and a common collective trust that hold investment securities including U.S. Government securities, corporate debt instruments, and corporate stock. Investment securities are, in general, exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Plan's investment in a common collective trust is reported at fair value using NAV per share as a practical expedient.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses—Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits—Benefits paid to participants are recorded when paid.

Revenue Credit Program Account—As part of the record keeping and administrative service fee arrangement with Fidelity, Fidelity agrees to reimburse revenue to the Plan in excess of the agreed upon service fee structure. The Plan may use the credit to pay direct and necessary expenses of the Plan or allocate unused credit to eligible participants.

Notes Receivable From Participants—Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Uncertain Tax Positions—GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2019.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan determines the fair value of its investments based on the fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Below are the three levels of inputs that may be used to measure fair value:

- Level 1 —Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 —Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 —Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2022 and 2021.

- *Mutual funds* — Public investment vehicles valued at the NAV of shares held by the Plan at year end. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.
- *Common/collective trust* — Valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The valuation methodologies as described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of the Plan's investments measured on a recurring basis is as follows as of December 31:

	2022		2021	
	Level 1	Total	Level 1	Total
Investments measured at fair value:				
Mutual Funds (1)	\$ 246,659,114	\$ 246,659,114	\$ 354,830,703	\$ 354,830,703
Investments measured at net asset value (2)				
Common/collective trust		\$ 51,618,682		\$ 1,635,487
Total investments at fair value		<u>\$ 298,277,796</u>		<u>\$ 356,466,190</u>

(1) Consists of mutual funds traded on active markets.

(2) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (it its equivalent) have not been classified in the fair value hierarchy. The fair value amounts in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The fair value of the Plan's investments measured using the NAV per share practical expedient is as follows as of December 31:

	Fair Value at December 31,		Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2022	2021				
Fidelity Growth Commingled Pool Fund	\$ 49,460,639	\$ —	None	Daily	None	(1)
Fidelity Managed Income Portfolio Class II	2,145,759	—	None	Daily	None	(1)
MFS Mid Cap Growth Fund	12,284	—	None	Daily	None	(1)
Fidelity Managed Income Portfolio Class I	—	1,635,487	None	Daily	None	(1)
Total	<u>\$ 51,618,682</u>	<u>\$ 1,635,487</u>				

(1) 1 day for participant level; up to 12 months for plan level.

NOTE 4 - CERTIFICATION OF TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly Fidelity Management Trust Company certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate as of December 31:

	2022	2021
Mutual Funds	\$ 246,659,114	\$ 354,830,703
Common/collective trust	51,618,682	1,635,487
Notes receivable from participants	3,318,758	2,810,461
	<u>\$ 301,596,554</u>	<u>\$ 359,276,651</u>

	Year Ended December 31, 2022
Net depreciation in fair value of investments	\$ (89,209,877)
Interest and dividends	\$ 17,506,957
Interest income on notes receivable from participants	\$ 138,335

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE 5 - PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intention to do so, the Board of Directors of the Company has the right under the Plan to suspend the Company's contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

The Board of Directors of the Company also has the right to amend the Plan, in whole or in part, subject to provisions of ERISA (see Note 1).

NOTE 6 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The Plan Sponsor has indicated that it will take the necessary steps, if any, to correct any failure to operate the Plan in compliance with the Code.

NOTE 7 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments as of December 31, 2022 and 2021 include shares of mutual funds and a common collective trust held in trust and managed by Fidelity Investments. Fidelity is the Trustee and transactions in such mutual funds and a common collective trust qualify as exempt party-in-interest transactions. Fees paid by the Plan to Fidelity for the year ended December 31, 2022 were \$173,393. Total revenue credit paid by Fidelity to the Plan during 2022 amounted to \$43,267.

Mutual funds managed by FMR LLC (an affiliate of Fidelity Investments and Fidelity and its various affiliates, including Fidelity), owned 6.6 million shares and 7.0 million shares of American Tower Corporation common stock as of December 31, 2022 and 2021, respectively.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to amounts reported in the Plan's Form 5500 at December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 302,788,608	\$ 360,372,189
Deemed distributions on participants' notes receivable	(41,163)	(4,509)
Participants' contributions receivable	(481,013)	(450,180)
Employer's contributions receivable	(711,041)	(645,358)
Fair value adjustment	(144,848)	14,554
Net assets per the Form 5500	<u>\$ 301,410,543</u>	<u>\$ 359,286,696</u>

The following is a reconciliation of the net decrease in net assets available per the financial statements to net loss reported in the Plan's Form 5500 for the year ended December 31, 2022:

Net decrease per the financial statements	\$ (60,065,713)
Current year participants' contributions receivable	(481,013)
Current year employer's contributions receivable	(711,041)
Prior year participants' contributions receivable	450,180
Prior year employer's contributions receivable	645,358
Change in deemed distributions on participants' notes receivable	(36,654)
Change in fair value adjustment	<u>(159,402)</u>
Net loss per the Form 5500	<u><u>\$ (60,358,285)</u></u>

NOTE 9 - LATE REMITTANCES

During the plan year ended December 31, 2022, participant contributions and notes receivable from participants repayments in the aggregate amount of \$1,297 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and has taken the appropriate steps to correct the situation.

NOTE 10 - SUBSEQUENT EVENTS

For the year ended December 31, 2022, subsequent events were evaluated through September 21, 2023, the date the financial statements were available to be issued. As of September 21, 2023, no material subsequent events had been identified.

INDEPENDENT AUDITOR'S REPORT

To the Trustees
American Tower Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **American Tower Retirement Savings Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **American Tower Retirement Savings Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **American Tower Retirement Savings Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **American Tower Retirement Savings Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **American Tower Retirement Savings Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **American Tower Retirement Savings Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN TOWER RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the American Tower Retirement Savings Plan (the “Plan”) provides general information only. Participants should refer to the Summary Plan Description and the Plan documents for a more complete description of the Plan’s provisions.

General Information—The Plan is a defined-contribution plan available to substantially all employees of American Tower Corporation (the “Company” or the “Plan Sponsor”) and its participating subsidiaries. The Company’s Benefits Committee, as Plan Administrator, controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Company acquired InSite Wireless Group, LLC (“InSite”) in 2020. On February 18, 2022, the surviving InSite savings retirement plan was merged into the Plan. In conjunction with this merger, \$2,482,132 of assets, including \$2,000 of participant notes receivable, were transferred into the Plan.

Participant Contributions—Participants may contribute through payroll deductions up to 40% of eligible wages, as defined in the Plan, subject to limits set by the Internal Revenue Code of 1986, as amended (the “Code”). In addition, participants age 50 and older may make catch-up contributions. Participants may also contribute amounts representing distributions from other retirement plans. The Plan provides for automatic enrollment for all newly eligible employees. Unless the employee elects otherwise, 3% of the employee’s eligible earnings will be deferred in the Plan subject to the annual contribution limits set by the Code.

Participants may designate a portion, or all, of their deferred contributions as Roth contributions, which can be included in the participant’s gross income.

Employer Contributions—Each year, the Company may make discretionary matching contributions determined by pay period based on a percentage of a participant’s payroll contributions. The Company’s discretionary matching contribution for the year ended December 31, 2022 was 100%, up to a maximum of 5% of a participant’s contributions. The Company may also make additional annual discretionary matching contributions in an amount to be determined at year end by the Company’s Board of Directors. No additional discretionary matching contributions were made in 2022.

Participant Accounts—Individual accounts are maintained for each participant. Each participant’s account is credited with the (i) participant’s contributions, (ii) Company’s discretionary matching contributions, if any, (iii) allocations of additional Company discretionary matching contributions, if any, and (iv) allocations of Plan earnings. Each participant’s account is charged with the participant’s withdrawals and an allocation of Plan losses. Allocations are based on each participant’s earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Investments—Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Unless the employee elects otherwise, contributions will be directed into the age appropriate Freedom Fund. The Plan offers several mutual funds and a common collective trust as investment options for participants. Participants are able to change their existing allocations at their discretion by contacting Fidelity. The Plan Administrator may make periodic updates to the investment options.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching contribution and discretionary matching portion of participants’ accounts (plus actual earnings thereon) occurs at a rate of 25% per year, beginning after one year of service, until a participant becomes fully vested at the end of four years.

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$1,000 and a maximum of the lesser of one-half of a participant’s vested account balance or \$50,000, reduced by the highest outstanding loan balance in a participant’s account during the prior twelve-month period. Loans are fully secured by the participant’s vested interest in his or her account. Loan terms generally range from one to five years with terms extending to ten years for loans associated with the purchase of primary residence. New participant loans bear interest at the prime rate plus one percent. The interest rate for new loans is updated at the beginning of each month and will apply to all loans withdrawn during the month. The applicable interest

rates for outstanding loans ranged from 4.25% to 8.25% as of December 31, 2022 and 4.25% to 8.25% as of December 31, 2021. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits—Total or partial distributions from the Plan are permitted upon a participant's attainment of age 59½, termination of employment, retirement, death or disability. An automatic distribution is made to terminated participants with vested account balances of less than \$1,000 if the participant does not make a timely distribution election following notification. In the case of terminated participants with vested account balances between \$1,000 and \$5,000, an automatic distribution to an individual retirement account is made if the participant does not make a timely distribution election following notification. Withdrawals are also permitted for certain events that result in financial hardship to the participant.

Forfeitures—Unvested Company contributions and earnings thereon that have been forfeited may be applied against administrative expenses of the Plan and used to reduce Company contributions. At December 31, 2022 and 2021, forfeited, non-vested participant accounts totaled \$14,782 and \$25,697, respectively. During the year ended December 31, 2022, Company contributions funded from the forfeiture accounts were \$456,046. During the year ended December 31, 2022, Plan administrative expenses of \$1,607 were paid from forfeitures.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates and assumptions and such differences could be material to the accompanying financial statements.

Risks and Uncertainties—The Plan provides investments in mutual funds and a common collective trust that hold investment securities including U.S. Government securities, corporate debt instruments, and corporate stock. Investment securities are, in general, exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Plan's investment in a common collective trust is reported at fair value using NAV per share as a practical expedient.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses—Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits—Benefits paid to participants are recorded when paid.

Revenue Credit Program Account—As part of the record keeping and administrative service fee arrangement with Fidelity, Fidelity agrees to reimburse revenue to the Plan in excess of the agreed upon service fee structure. The Plan may use the credit to pay direct and necessary expenses of the Plan or allocate unused credit to eligible participants.

Notes Receivable From Participants—Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Uncertain Tax Positions—GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2019.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan determines the fair value of its investments based on the fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Below are the three levels of inputs that may be used to measure fair value:

- Level 1 —Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 —Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 —Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2022 and 2021.

- *Mutual funds* — Public investment vehicles valued at the NAV of shares held by the Plan at year end. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.
- *Common/collective trust* — Valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The valuation methodologies as described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of the Plan's investments measured on a recurring basis is as follows as of December 31:

	2022		2021	
	Level 1	Total	Level 1	Total
Investments measured at fair value:				
Mutual Funds (1)	\$ 246,659,114	\$ 246,659,114	\$ 354,830,703	\$ 354,830,703
Investments measured at net asset value (2)				
Common/collective trust		\$ 51,618,682		\$ 1,635,487
Total investments at fair value		<u>\$ 298,277,796</u>		<u>\$ 356,466,190</u>

(1) Consists of mutual funds traded on active markets.

(2) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (it its equivalent) have not been classified in the fair value hierarchy. The fair value amounts in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The fair value of the Plan's investments measured using the NAV per share practical expedient is as follows as of December 31:

	Fair Value at December 31,		Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2022	2021				
Fidelity Growth Commingled Pool Fund	\$ 49,460,639	\$ —	None	Daily	None	(1)
Fidelity Managed Income Portfolio Class II	2,145,759	—	None	Daily	None	(1)
MFS Mid Cap Growth Fund	12,284	—	None	Daily	None	(1)
Fidelity Managed Income Portfolio Class I	—	1,635,487	None	Daily	None	(1)
Total	<u>\$ 51,618,682</u>	<u>\$ 1,635,487</u>				

(1) 1 day for participant level; up to 12 months for plan level.

NOTE 4 - CERTIFICATION OF TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly Fidelity Management Trust Company certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate as of December 31:

	2022	2021
Mutual Funds	\$ 246,659,114	\$ 354,830,703
Common/collective trust	51,618,682	1,635,487
Notes receivable from participants	3,318,758	2,810,461
	<u>\$ 301,596,554</u>	<u>\$ 359,276,651</u>

	Year Ended December 31, 2022
Net depreciation in fair value of investments	\$ (89,209,877)
Interest and dividends	\$ 17,506,957
Interest income on notes receivable from participants	\$ 138,335

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE 5 - PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intention to do so, the Board of Directors of the Company has the right under the Plan to suspend the Company's contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

The Board of Directors of the Company also has the right to amend the Plan, in whole or in part, subject to provisions of ERISA (see Note 1).

NOTE 6 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The Plan Sponsor has indicated that it will take the necessary steps, if any, to correct any failure to operate the Plan in compliance with the Code.

NOTE 7 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments as of December 31, 2022 and 2021 include shares of mutual funds and a common collective trust held in trust and managed by Fidelity Investments. Fidelity is the Trustee and transactions in such mutual funds and a common collective trust qualify as exempt party-in-interest transactions. Fees paid by the Plan to Fidelity for the year ended December 31, 2022 were \$173,393. Total revenue credit paid by Fidelity to the Plan during 2022 amounted to \$43,267.

Mutual funds managed by FMR LLC (an affiliate of Fidelity Investments and Fidelity and its various affiliates, including Fidelity), owned 6.6 million shares and 7.0 million shares of American Tower Corporation common stock as of December 31, 2022 and 2021, respectively.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to amounts reported in the Plan's Form 5500 at December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 302,788,608	\$ 360,372,189
Deemed distributions on participants' notes receivable	(41,163)	(4,509)
Participants' contributions receivable	(481,013)	(450,180)
Employer's contributions receivable	(711,041)	(645,358)
Fair value adjustment	(144,848)	14,554
Net assets per the Form 5500	<u>\$ 301,410,543</u>	<u>\$ 359,286,696</u>

The following is a reconciliation of the net decrease in net assets available per the financial statements to net loss reported in the Plan's Form 5500 for the year ended December 31, 2022:

Net decrease per the financial statements	\$ (60,065,713)
Current year participants' contributions receivable	(481,013)
Current year employer's contributions receivable	(711,041)
Prior year participants' contributions receivable	450,180
Prior year employer's contributions receivable	645,358
Change in deemed distributions on participants' notes receivable	(36,654)
Change in fair value adjustment	<u>(159,402)</u>
Net loss per the Form 5500	<u><u>\$ (60,358,285)</u></u>

NOTE 9 - LATE REMITTANCES

During the plan year ended December 31, 2022, participant contributions and notes receivable from participants repayments in the aggregate amount of \$1,297 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and has taken the appropriate steps to correct the situation.

NOTE 10 - SUBSEQUENT EVENTS

For the year ended December 31, 2022, subsequent events were evaluated through September 21, 2023, the date the financial statements were available to be issued. As of September 21, 2023, no material subsequent events had been identified.

INDEPENDENT AUDITOR'S REPORT

To the Trustees
American Tower Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **American Tower Retirement Savings Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **American Tower Retirement Savings Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **American Tower Retirement Savings Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **American Tower Retirement Savings Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **American Tower Retirement Savings Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **American Tower Retirement Savings Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN TOWER RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the American Tower Retirement Savings Plan (the “Plan”) provides general information only. Participants should refer to the Summary Plan Description and the Plan documents for a more complete description of the Plan’s provisions.

General Information—The Plan is a defined-contribution plan available to substantially all employees of American Tower Corporation (the “Company” or the “Plan Sponsor”) and its participating subsidiaries. The Company’s Benefits Committee, as Plan Administrator, controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Company acquired InSite Wireless Group, LLC (“InSite”) in 2020. On February 18, 2022, the surviving InSite savings retirement plan was merged into the Plan. In conjunction with this merger, \$2,482,132 of assets, including \$2,000 of participant notes receivable, were transferred into the Plan.

Participant Contributions—Participants may contribute through payroll deductions up to 40% of eligible wages, as defined in the Plan, subject to limits set by the Internal Revenue Code of 1986, as amended (the “Code”). In addition, participants age 50 and older may make catch-up contributions. Participants may also contribute amounts representing distributions from other retirement plans. The Plan provides for automatic enrollment for all newly eligible employees. Unless the employee elects otherwise, 3% of the employee’s eligible earnings will be deferred in the Plan subject to the annual contribution limits set by the Code.

Participants may designate a portion, or all, of their deferred contributions as Roth contributions, which can be included in the participant’s gross income.

Employer Contributions—Each year, the Company may make discretionary matching contributions determined by pay period based on a percentage of a participant’s payroll contributions. The Company’s discretionary matching contribution for the year ended December 31, 2022 was 100%, up to a maximum of 5% of a participant’s contributions. The Company may also make additional annual discretionary matching contributions in an amount to be determined at year end by the Company’s Board of Directors. No additional discretionary matching contributions were made in 2022.

Participant Accounts—Individual accounts are maintained for each participant. Each participant’s account is credited with the (i) participant’s contributions, (ii) Company’s discretionary matching contributions, if any, (iii) allocations of additional Company discretionary matching contributions, if any, and (iv) allocations of Plan earnings. Each participant’s account is charged with the participant’s withdrawals and an allocation of Plan losses. Allocations are based on each participant’s earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Investments—Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Unless the employee elects otherwise, contributions will be directed into the age appropriate Freedom Fund. The Plan offers several mutual funds and a common collective trust as investment options for participants. Participants are able to change their existing allocations at their discretion by contacting Fidelity. The Plan Administrator may make periodic updates to the investment options.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching contribution and discretionary matching portion of participants’ accounts (plus actual earnings thereon) occurs at a rate of 25% per year, beginning after one year of service, until a participant becomes fully vested at the end of four years.

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$1,000 and a maximum of the lesser of one-half of a participant’s vested account balance or \$50,000, reduced by the highest outstanding loan balance in a participant’s account during the prior twelve-month period. Loans are fully secured by the participant’s vested interest in his or her account. Loan terms generally range from one to five years with terms extending to ten years for loans associated with the purchase of primary residence. New participant loans bear interest at the prime rate plus one percent. The interest rate for new loans is updated at the beginning of each month and will apply to all loans withdrawn during the month. The applicable interest

rates for outstanding loans ranged from 4.25% to 8.25% as of December 31, 2022 and 4.25% to 8.25% as of December 31, 2021. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits—Total or partial distributions from the Plan are permitted upon a participant's attainment of age 59½, termination of employment, retirement, death or disability. An automatic distribution is made to terminated participants with vested account balances of less than \$1,000 if the participant does not make a timely distribution election following notification. In the case of terminated participants with vested account balances between \$1,000 and \$5,000, an automatic distribution to an individual retirement account is made if the participant does not make a timely distribution election following notification. Withdrawals are also permitted for certain events that result in financial hardship to the participant.

Forfeitures—Unvested Company contributions and earnings thereon that have been forfeited may be applied against administrative expenses of the Plan and used to reduce Company contributions. At December 31, 2022 and 2021, forfeited, non-vested participant accounts totaled \$14,782 and \$25,697, respectively. During the year ended December 31, 2022, Company contributions funded from the forfeiture accounts were \$456,046. During the year ended December 31, 2022, Plan administrative expenses of \$1,607 were paid from forfeitures.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates and assumptions and such differences could be material to the accompanying financial statements.

Risks and Uncertainties—The Plan provides investments in mutual funds and a common collective trust that hold investment securities including U.S. Government securities, corporate debt instruments, and corporate stock. Investment securities are, in general, exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Plan's investment in a common collective trust is reported at fair value using NAV per share as a practical expedient.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses—Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits—Benefits paid to participants are recorded when paid.

Revenue Credit Program Account—As part of the record keeping and administrative service fee arrangement with Fidelity, Fidelity agrees to reimburse revenue to the Plan in excess of the agreed upon service fee structure. The Plan may use the credit to pay direct and necessary expenses of the Plan or allocate unused credit to eligible participants.

Notes Receivable From Participants—Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Uncertain Tax Positions—GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2019.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan determines the fair value of its investments based on the fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Below are the three levels of inputs that may be used to measure fair value:

- Level 1 —Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 —Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 —Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2022 and 2021.

- *Mutual funds* — Public investment vehicles valued at the NAV of shares held by the Plan at year end. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.
- *Common/collective trust* — Valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The valuation methodologies as described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of the Plan's investments measured on a recurring basis is as follows as of December 31:

	2022		2021	
	Level 1	Total	Level 1	Total
Investments measured at fair value:				
Mutual Funds (1)	\$ 246,659,114	\$ 246,659,114	\$ 354,830,703	\$ 354,830,703
Investments measured at net asset value (2)				
Common/collective trust		\$ 51,618,682		\$ 1,635,487
Total investments at fair value		<u>\$ 298,277,796</u>		<u>\$ 356,466,190</u>

(1) Consists of mutual funds traded on active markets.

(2) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (it its equivalent) have not been classified in the fair value hierarchy. The fair value amounts in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The fair value of the Plan's investments measured using the NAV per share practical expedient is as follows as of December 31:

	Fair Value at December 31,		Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2022	2021				
Fidelity Growth Commingled Pool Fund	\$ 49,460,639	\$ —	None	Daily	None	(1)
Fidelity Managed Income Portfolio Class II	2,145,759	—	None	Daily	None	(1)
MFS Mid Cap Growth Fund	12,284	—	None	Daily	None	(1)
Fidelity Managed Income Portfolio Class I	—	1,635,487	None	Daily	None	(1)
Total	<u>\$ 51,618,682</u>	<u>\$ 1,635,487</u>				

(1) 1 day for participant level; up to 12 months for plan level.

NOTE 4 - CERTIFICATION OF TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly Fidelity Management Trust Company certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are complete and accurate as of December 31:

	2022	2021
Mutual Funds	\$ 246,659,114	\$ 354,830,703
Common/collective trust	51,618,682	1,635,487
Notes receivable from participants	3,318,758	2,810,461
	<u>\$ 301,596,554</u>	<u>\$ 359,276,651</u>

	Year Ended December 31, 2022
Net depreciation in fair value of investments	\$ (89,209,877)
Interest and dividends	\$ 17,506,957
Interest income on notes receivable from participants	\$ 138,335

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE 5 - PLAN TERMINATION AND AMENDMENTS

Although it has not expressed any intention to do so, the Board of Directors of the Company has the right under the Plan to suspend the Company's contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

The Board of Directors of the Company also has the right to amend the Plan, in whole or in part, subject to provisions of ERISA (see Note 1).

NOTE 6 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The Plan Sponsor has indicated that it will take the necessary steps, if any, to correct any failure to operate the Plan in compliance with the Code.

NOTE 7 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments as of December 31, 2022 and 2021 include shares of mutual funds and a common collective trust held in trust and managed by Fidelity Investments. Fidelity is the Trustee and transactions in such mutual funds and a common collective trust qualify as exempt party-in-interest transactions. Fees paid by the Plan to Fidelity for the year ended December 31, 2022 were \$173,393. Total revenue credit paid by Fidelity to the Plan during 2022 amounted to \$43,267.

Mutual funds managed by FMR LLC (an affiliate of Fidelity Investments and Fidelity and its various affiliates, including Fidelity), owned 6.6 million shares and 7.0 million shares of American Tower Corporation common stock as of December 31, 2022 and 2021, respectively.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to amounts reported in the Plan's Form 5500 at December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 302,788,608	\$ 360,372,189
Deemed distributions on participants' notes receivable	(41,163)	(4,509)
Participants' contributions receivable	(481,013)	(450,180)
Employer's contributions receivable	(711,041)	(645,358)
Fair value adjustment	(144,848)	14,554
Net assets per the Form 5500	<u>\$ 301,410,543</u>	<u>\$ 359,286,696</u>

The following is a reconciliation of the net decrease in net assets available per the financial statements to net loss reported in the Plan's Form 5500 for the year ended December 31, 2022:

Net decrease per the financial statements	\$ (60,065,713)
Current year participants' contributions receivable	(481,013)
Current year employer's contributions receivable	(711,041)
Prior year participants' contributions receivable	450,180
Prior year employer's contributions receivable	645,358
Change in deemed distributions on participants' notes receivable	(36,654)
Change in fair value adjustment	<u>(159,402)</u>
Net loss per the Form 5500	<u><u>\$ (60,358,285)</u></u>

NOTE 9 - LATE REMITTANCES

During the plan year ended December 31, 2022, participant contributions and notes receivable from participants repayments in the aggregate amount of \$1,297 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and has taken the appropriate steps to correct the situation.

NOTE 10 - SUBSEQUENT EVENTS

For the year ended December 31, 2022, subsequent events were evaluated through September 21, 2023, the date the financial statements were available to be issued. As of September 21, 2023, no material subsequent events had been identified.
