Independent Auditors' Report

Plan Administrator and Participants
IRMI 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the IRMI 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IRMI 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the IRMI 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established January 1, 1988, by International Risk Management Institute, Inc. (the “Company”) under the provision of Section 401(a) of the United States Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. Substantially all employees of the Company and certain related employers are eligible to participate, provided they are at least 21 years of age. Related employers who are considered to be participating employers in the Plan include ZeroRisk HR, Inc., WebCE, Inc., and MindForge, LLC. There is no length of service requirement in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the Company (the “Plan Administrator”). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of plan assets, and to keep accurate records and reports. Fidelity Management Trust Company (the “Trustee”) was appointed as Trustee of the Plan and is responsible for the custody and management of the Plan’s assets and serves as the third-party administrator and record-keeper of the related participant accounts.

Contributions

Each year, participants may contribute up to the lesser of (a) 100% of pre-tax annual compensation, as defined in the Plan, or (b) the annual limits of IRC §401(k), §402(g), §404, and §415. Participants may also choose to contribute a percentage of their compensation in the form of after-tax (Roth) deferrals. Participants may elect to defer a percentage of eligible compensation into the Plan once eligibility requirements have been satisfied. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an automatic enrollment feature whereby certain eligible employees will be automatically enrolled into the Plan with 3.00% of pre-tax compensation being automatically deducted and contributed to the Plan. Unless the employee affirmatively elects otherwise, the automatic enrollment in the Plan will occur on the first day of the first payroll period for which the Plan Administrator can reasonably process following the eligibility requirements being met. The employee may change the deferral rate or elect not to contribute.

The Company makes matching contributions equal to 50% of each eligible participant’s elective deferral contribution up to 6% of their annual compensation. Additionally, each year, the Company may make a discretionary non-elective contribution to the Plan in an amount to be determined by the Board of Directors of the Company. Contributions are subject to certain limitations. Participants must complete at least 501 hours of service during the Plan year and be actively employed as of the last day of the Plan year to share in certain non-elective employer contributions. There were no non-elective contributions made to the Plan for the years ended December 31, 2022 and 2021.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching and non-elective contributions, as well as the participant’s share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. Forfeited balances of terminated participant’s non-vested accounts are used for payment of administrative expenses and used to reduce employer contributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

IRMI 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service, as defined in the Plan. For participants with a terminated employment status as of December 31, 2020 or prior, the participant is 100 percent vested after five years of credited service. For participants with an active employment status on or after January 1, 2021, the participant is 100 percent vested after three years of credited service. Full and immediate vesting will also occur upon normal retirement age (age 65), death (if employed by the Company), or disability (if employed by the Company), as defined in the Plan. Disabled participants may request a distribution of their account balance only if they terminate their employment with the Company. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of the participant's vested account balance or (b) \$50,000 reduced by the highest outstanding loan balance in the Participant's account during the prior twelve-month period. Participants are allowed to have no more than two outstanding loans at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates as determined by the Trustee. Currently, the loan interest rate is determined by the Trustee using the Prime interest rate in effect at the time of the loan plus 1.00%. Principal and interest is paid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment directions with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, or may elect to receive a lump-sum distribution or a direct transfer to another qualified retirement plan subject to certain conditions, equal to the participant's vested account balance. A Participant may defer the receipt of the distribution until a later date. However, these distributions may not be deferred for a Participant with a vested account balance of \$5,000 or less, in which case the Plan Administrator will direct the Trustee that any amount exceeding \$1,000 be distributed to an Individual Retirement Account for the Participant's benefit. If the vested balance is \$1,000 or less, the Plan Administrator will direct the Trustee to distribute the amount to the Participant as a lump-sum distribution without the Participant's consent. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan, including hardship withdrawals. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. Forfeitures of terminated participant's non-vested accounts may be used to pay for plan expenses or reduce employer contributions, as defined in the Plan document.

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$122 and \$35,191, respectively. Forfeitures used to reduce employer matching contributions during the Plan years ended December 31, 2022 and 2021 totaled \$42,846 and \$18,011, respectively. No amounts were used to pay for plan expenses during the years ended December 31, 2022 and 2021.

IRMI 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) is as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. The Plan has no obligation to reimburse the Company for these expenses. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document and are taxable to the participants. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Notes receivable from participants have interest rates ranging from 4.25% to 8.00% and are due at various dates through November 2031.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the funds’ underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value (“NAV”) at year end. The NAV is based on the market value of the underlying investments and is supported by unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date, or as determined by the custodians. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end.

At December 31, 2022 and 2021, the Plan was invested in the Galliard Stable Return Fund M (“Stable Value Fund”), formerly Wells Fargo Stable Value Fund M. The Stable Value Fund is a collective investment fund managed by Galliard Capital Management, LLC (“Galliard”) and is a common/collective trust that is held in the general account of SEI Trust Company. The Stable Value Fund indirectly invests in investment contracts, including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (“wrapper”) provided by a third party. Wrappers provide contract payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

IRMI 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Further information concerning the Stable Value Fund may be obtained from its audited financial statements. The Stable Value Fund seeks to provide investors with a moderate level of stable income without principal volatility and is for conservative investors seeking more income than money market funds without the price fluctuation of stock or bond funds.

Unanticipated events, such as an issuer's inability to meet its obligations or significant withdrawal requests by participants in the Stable Value Fund, could affect the recoverability of assets including the underlying investment securities. The Stable Value Fund imposes certain restrictions on the Plan, and the Stable Value Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Stable Value Fund to transact at less than contract value is not probable. The yield earned by the Stable Value Fund at December 31, 2022 and 2021 was 4.95% and 1.30%, respectively. The yield earned by the Stable Value Fund with an adjustment to reflect the actual interest rate credited to participants in the Stable Value Fund at December 31, 2022 and 2021 was 2.52% and 1.90%, respectively.

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no significant transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Common / collective trust: Valued, as a practical expedient, at the NAV of units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,823,108	\$ -	\$ -	\$ 23,823,108
Total assets in the fair value hierarchy	\$ 23,823,108	\$ -	\$ -	23,823,108
Common / collective trust (a)				1,619,317
Total investments at fair value				\$ 25,442,425

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,889,244	\$ -	\$ -	\$ 25,889,244
Total assets in the fair value hierarchy	\$ 25,889,244	\$ -	\$ -	25,889,244
Common / collective trust (a)				2,933,716
Total investments at fair value				\$ 28,822,960

(a) These investments are valued using NAV as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2022 and 2021, there were no reportable transactions, loans or leases in default or uncollectible, investment assets both acquired and disposed of during the Plan year, or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is an affiliate of the Fidelity Management Trust Company, which is the Plan's Trustee, and, therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of plan termination, participants would become 100% vested in their account balances.

8. TAX STATUS

Effective February 17, 2015, the Company has adopted the Fidelity Management and Research Company ("FMR") Volume Submitter Defined Contribution Plan (Fidelity Basic Plan Document No. 17 and the related Adoption Agreement together comprise the Volume Submitter Defined Contribution Plan). The United States Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014, stating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the advisory letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Effective July 27, 2021, the Company adopted the amended and restated FMR Pre-Approved Defined Contribution Plan (Fidelity Basic Plan Document No. 17 and the related Adoption Agreement together comprise the Pre-Approved Defined Contribution Plan). The IRS has issued an opinion letter dated June 30, 2020, stating that the plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

8. TAX STATUS (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PLAN AMENDMENTS

Beginning January 1, 2021, a participant will be 100 percent vested after three years of credited service. For participants with a termination status of December 31, 2020 or prior, the previous vesting schedule will continue to apply whereby participants will be 100 percent vested after five years of credited service. The amended vesting schedule is applicable for all remaining participants and newly eligible participants.

Effective July 27, 2021, the Company adopted the amended and restated FMR Pre-Approved Defined Contribution Plan (see Note 8). Concurrently with the restatement, the Plan was amended to allow in-plan Roth conversions and expand rollover contribution eligibility to employees that have not yet satisfied the eligibility requirements specified by the Plan.

10. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70 ½ prior to 2020, then the prior rule of age 70 ½ applies. If a participant reaches the age of 70 ½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

Effective April 2, 2020, Plan management adopted the following provisions of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act: (1) coronavirus-related distributions for qualifying individuals up to \$100,000; (2) increased loan limits for qualifying individuals up to the lesser of (i) \$100,000 or (ii) 100% of the participant’s vested account balance; and (3) deferral of the period for loan repayments, if applicable, up to one year (at which point the loan will be re-amortized). Formal amendments to the Plan document for these changes in Plan operations will be executed prior to the deadline set forth by the CARES Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2203 of the CARES Act, which includes a temporary waiver of minimum required distributions for certain retirement plans and accounts. The extended deadline under this notice is December 31, 2025 for calendar year-end plans. On September 26, 2022, the IRS announced in Notice 2022-45 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2202 of the CARES Act, which includes coronavirus-related distributions and changes in loan limits and repayment requirements. The extended deadline under this notice is also December 31, 2025 for calendar year-end plans. See Note 12.
