Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Radiant Credit Union 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to, or derived from, the certified investment information, are fairly presented, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

To The Plan Administrator and Participants
Radiant Credit Union 401(k) Retirement Plan
Gainesville, Florida

INDEPENDENT AUDITOR'S REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To The Plan Administrator and Participants
Radiant Credit Union 401(k) Retirement Plan
Gainesville, Florida

INDEPENDENT AUDITOR'S REPORT

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Radiant Credit Union 401(k) Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the 2021 audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated August 11, 2022, indicated that: (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

**RADIANT CREDIT UNION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

Note 1 - Description of Plan

The following description of the Radiant Credit Union 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, originally effective January 1, 1996 and restated as of January 1, 2022, is a defined contribution plan covering all employees, as defined, of Radiant Credit Union (the Company), and its participating employer, Radiant Financial Solutions, LLC, who have attained the age of 18 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended effective November 15, 2022, in connection with the transfer of the Plan's assets from Standard Insurance Company, the custodian of the Plan through November 15, 2022, to Fidelity Management Trust Company (FMTTC), the Trustee of the Plan. On November 16, 2022, the Plan's assets totaling \$14,055,149 were transferred to FMTTC.

Contributions

Participants may contribute either pre-tax or Roth after-tax deferrals up to 100% of their annual eligible compensation, as defined, up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes a safe harbor matching contribution of 100% of the first 6% of eligible compensation that a participant contributes to the Plan. Effective November 15, 2022, the Company may also make a discretionary non-elective contribution to the Plan each year. A participant must be employed on the last day of the year to be eligible to receive an allocation of the Company's discretionary non-elective contribution. If the participant dies, becomes disabled or retires during the Plan year, the participant will still be eligible to receive an allocation of the Company's discretionary non-elective contribution. The Company did not make a discretionary non-elective contribution for the year ended December 31, 2022.

Participant Accounts

Participants' accounts are completely self-directed. Each participant's account is credited with the participant's contributions and the Company's matching contributions as well as allocations of the Company's discretionary non-elective contributions and Plan earnings and is charged with benefit payments and an allocation of the Plan's losses and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their accounts into various options offered by the Plan. Participants may change their investments periodically, as permitted by the Plan sponsor.

RADIANT CREDIT UNION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are vested immediately in their contributions and Company safe harbor contributions, plus actual earnings thereon. Vested rights to Company non-elective and discretionary matching contributions (as previously provided for under the Plan) accrue at a rate of 20% per year beginning with the participant's first year of service with full vesting accruing after five years of service.

Forfeitures

Any non-vested amounts of Company contributions that remain after the distribution of a terminated participant's vested account balance are forfeited. Forfeitures may be used to pay administrative expenses of the Plan, as well as to reduce employer matching contributions. There were no forfeitures outstanding at December 31, 2022 and 2021 and there were no forfeitures used during the year ended December 31, 2022.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of: (i) 50% of their vested account balance, or (ii) \$50,000 reduced by the highest outstanding loan balance during the 12-month period ending on the day before the new loan is made. The loans are secured by the balance in the participant's account and bear interest at the current prime lending rate for loans initiated prior to November 15, 2022, and the current prime lending rate plus 1% for loans initiated after November 15, 2022. Loans have a maximum term of five years unless the loan is for the purchase of a primary residence, in which case the term may be up to ten years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, death, disability or retirement, a participant may elect to receive either a lump sum amount, equal to the value of the participant's vested interest in his or her account, or annual installments over time. In-service distributions from a participant's vested account balance may be made provided the participant has reached: (i) Normal retirement age, as defined, prior to November 15, 2022, or (ii) the age of 59 ½ after November 15, 2022. Effective November 15, 2022, hardship withdrawals may be requested from contribution sources defined in the Plan document and are paid in one lump-sum upon approval. Participants that reach the age of 70 ½ prior to January 1, 2020, are required to take a minimum distribution from their account. Participants who reach the age of 70 ½ after January 1, 2020, are required to take a minimum distribution from their account upon reaching the age of 72.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements, in accordance with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

RADIANT CREDIT UNION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

The Plan's investments (except for the fully benefit-responsive investment contract discussed in Note 5), are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Payment of Benefits

Benefits are recorded against participant accounts when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses paid by the Plan include investment management, recordkeeping, and trustee fees. Certain transaction fees for distributions and loans are charged directly to the accounts of the participants who incur those fees and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments. Any costs associated with the investment of a participant's account are charged to that participant.

Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 20, 2023, the date the financial statements were available to be issued. No material events have occurred since December 31, 2022, that require recognition or disclosure in the financial statements.

Note 3 - Information Certified by Standard Insurance Company (the Standard) and Fidelity Management Trust Company (FMTC)

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule of assets (held at end of year), which was certified by the Standard as of December 31, 2021 and for the period from January 1, 2022 through November 15, 2022, and FMTC Company as of December 31, 2022 and for the period from November 16, 2022 through December 31, 2022, as complete and accurate, as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 - Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. ASC Topic 820 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement):

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts – Valued at the net asset value (NAV) of shares held by the Plan at year-end. The NAV, as provided by the Standard, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

RADIANT CREDIT UNION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Registered Investment Companies – Valued at the quoted market price of shares held by the Plan at year-end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts – The Plan invests in certain Wilmington Trust and SEI Trust Company Collective Investment Trust funds, which are valued at the NAV of the units held by the Plan as determined by the issuer of the trusts based on the fair value of the underlying assets less liabilities. Participant transactions (purchases and sales) may occur daily. The Funds require the Plan sponsor to provide advance written notice of five business days for Plan sponsor withdrawals which will exceed \$1 million of the assets invested in each fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share as practical expedient as of December 31, 2021:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Significant Redemption Notice Period</u>
December 31, 2021				
Pooled Separate Accounts	\$ 13,107,846	N/A	Daily	90 Days

Investment earnings for amounts held in pooled separate accounts reflect a combination of interest income, dividend income, realized gains and losses, and unrealized gains and losses depending on the composition of the underlying investments. Contributions made by the Company are applied or invested in accordance with participant-directed allocations.

Note 5 - Investment Contract with Insurance Company

During the years ended December 31, 2022 and 2021, the Plan invested in the Standard Insurance Company Stable Asset Fund II, a traditional guaranteed investment contract which is considered fully benefit-responsive. The objective of the fund is to provide participants with a guaranteed return of principal and interest, along with competitive credit ratings and 100% liquidity. The Standard maintains the contributions in its general account. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The contract permits the insurance company to terminate the agreement with 30 days advance written notice. There are no long-term restrictions on the ability to move Plan assets into or out of these investment options or among investment options in general under the contract.

The investment contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Standard, represents contributions made under the contract plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial termination of the Plan; (2) corporate acts, including merger, spin-off, divestiture, bankruptcy, layoffs, corporate relocations, receivership; (3) sales or closing of the Company's operations; (4) retirement incentive programs; (5) liberalization of plan withdrawal and transfer rules; or (6) communications with participants that are prohibited under the contract and encourage, suggest or influence withdrawal activity under the contract. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are issued and managed by the Standard or FMTC, the custodian and trustee of the Plan, respectively, and therefore, these transaction qualify as party-in-interest transactions. During the year ended December 31, 2022, the Plan paid fees totaling \$14,557 to the Standard and FMTC for administrative, recordkeeping, and investment management services. Notes receivable from participants also qualify as exempt party-in-interest transactions.

**RADIANT CREDIT UNION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Income Tax Status

The Plan adopted a non-standardized defined contribution pre-approved Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, in which the IRS stated that the pre-approved plan, as designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the related trust is tax exempt. Accordingly, no provision for taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2021:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Radiant Credit Union 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) Audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to, or derived from, the certified investment information, are fairly presented, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

To The Plan Administrator and Participants
Radiant Credit Union 401(k) Retirement Plan
Gainesville, Florida

INDEPENDENT AUDITOR'S REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To The Plan Administrator and Participants
Radiant Credit Union 401(k) Retirement Plan
Gainesville, Florida

INDEPENDENT AUDITOR'S REPORT

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Radiant Credit Union 401(k) Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the 2021 audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated August 11, 2022, indicated that: (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS**

Note 1 - Description of Plan

The following description of the Radiant Credit Union 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, originally effective January 1, 1996 and restated as of January 1, 2022, is a defined contribution plan covering all employees, as defined, of Radiant Credit Union (the Company), and its participating employer, Radiant Financial Solutions, LLC, who have attained the age of 18 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended effective November 15, 2022, in connection with the transfer of the Plan's assets from Standard Insurance Company, the custodian of the Plan through November 15, 2022, to Fidelity Management Trust Company (FMTTC), the Trustee of the Plan. On November 16, 2022, the Plan's assets totaling \$14,055,149 were transferred to FMTTC.

Contributions

Participants may contribute either pre-tax or Roth after-tax deferrals up to 100% of their annual eligible compensation, as defined, up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes a safe harbor matching contribution of 100% of the first 6% of eligible compensation that a participant contributes to the Plan. Effective November 15, 2022, the Company may also make a discretionary non-elective contribution to the Plan each year. A participant must be employed on the last day of the year to be eligible to receive an allocation of the Company's discretionary non-elective contribution. If the participant dies, becomes disabled or retires during the Plan year, the participant will still be eligible to receive an allocation of the Company's discretionary non-elective contribution. The Company did not make a discretionary non-elective contribution for the year ended December 31, 2022.

Participant Accounts

Participants' accounts are completely self-directed. Each participant's account is credited with the participant's contributions and the Company's matching contributions as well as allocations of the Company's discretionary non-elective contributions and Plan earnings and is charged with benefit payments and an allocation of the Plan's losses and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their accounts into various options offered by the Plan. Participants may change their investments periodically, as permitted by the Plan sponsor.

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are vested immediately in their contributions and Company safe harbor contributions, plus actual earnings thereon. Vested rights to Company non-elective and discretionary matching contributions (as previously provided for under the Plan) accrue at a rate of 20% per year beginning with the participant's first year of service with full vesting accruing after five years of service.

Forfeitures

Any non-vested amounts of Company contributions that remain after the distribution of a terminated participant's vested account balance are forfeited. Forfeitures may be used to pay administrative expenses of the Plan, as well as to reduce employer matching contributions. There were no forfeitures outstanding at December 31, 2022 and 2021 and there were no forfeitures used during the year ended December 31, 2022.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of: (i) 50% of their vested account balance, or (ii) \$50,000 reduced by the highest outstanding loan balance during the 12-month period ending on the day before the new loan is made. The loans are secured by the balance in the participant's account and bear interest at the current prime lending rate for loans initiated prior to November 15, 2022, and the current prime lending rate plus 1% for loans initiated after November 15, 2022. Loans have a maximum term of five years unless the loan is for the purchase of a primary residence, in which case the term may be up to ten years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, death, disability or retirement, a participant may elect to receive either a lump sum amount, equal to the value of the participant's vested interest in his or her account, or annual installments over time. In-service distributions from a participant's vested account balance may be made provided the participant has reached: (i) Normal retirement age, as defined, prior to November 15, 2022, or (ii) the age of 59 ½ after November 15, 2022. Effective November 15, 2022, hardship withdrawals may be requested from contribution sources defined in the Plan document and are paid in one lump-sum upon approval. Participants that reach the age of 70 ½ prior to January 1, 2020, are required to take a minimum distribution from their account. Participants who reach the age of 70 ½ after January 1, 2020, are required to take a minimum distribution from their account upon reaching the age of 72.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements, in accordance with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

**RADIANT CREDIT UNION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

Investment Valuation and Income Recognition

The Plan's investments (except for the fully benefit-responsive investment contract discussed in Note 5), are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Payment of Benefits

Benefits are recorded against participant accounts when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses paid by the Plan include investment management, recordkeeping, and trustee fees. Certain transaction fees for distributions and loans are charged directly to the accounts of the participants who incur those fees and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments. Any costs associated with the investment of a participant's account are charged to that participant.

Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 20, 2023, the date the financial statements were available to be issued. No material events have occurred since December 31, 2022, that require recognition or disclosure in the financial statements.

Note 3 - Information Certified by Standard Insurance Company (the Standard) and Fidelity Management Trust Company (FMTC)

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule of assets (held at end of year), which was certified by the Standard as of December 31, 2021 and for the period from January 1, 2022 through November 15, 2022, and FMTC Company as of December 31, 2022 and for the period from November 16, 2022 through December 31, 2022, as complete and accurate, as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 - Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. ASC Topic 820 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement):

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts – Valued at the net asset value (NAV) of shares held by the Plan at year-end. The NAV, as provided by the Standard, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

RADIANT CREDIT UNION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Registered Investment Companies – Valued at the quoted market price of shares held by the Plan at year-end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts – The Plan invests in certain Wilmington Trust and SEI Trust Company Collective Investment Trust funds, which are valued at the NAV of the units held by the Plan as determined by the issuer of the trusts based on the fair value of the underlying assets less liabilities. Participant transactions (purchases and sales) may occur daily. The Funds require the Plan sponsor to provide advance written notice of five business days for Plan sponsor withdrawals which will exceed \$1 million of the assets invested in each fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share as practical expedient as of December 31, 2021:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Significant Redemption Notice Period</u>
December 31, 2021				
Pooled Separate Accounts	\$ 13,107,846	N/A	Daily	90 Days

Investment earnings for amounts held in pooled separate accounts reflect a combination of interest income, dividend income, realized gains and losses, and unrealized gains and losses depending on the composition of the underlying investments. Contributions made by the Company are applied or invested in accordance with participant-directed allocations.

Note 5 - Investment Contract with Insurance Company

During the years ended December 31, 2022 and 2021, the Plan invested in the Standard Insurance Company Stable Asset Fund II, a traditional guaranteed investment contract which is considered fully benefit-responsive. The objective of the fund is to provide participants with a guaranteed return of principal and interest, along with competitive credit ratings and 100% liquidity. The Standard maintains the contributions in its general account. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The contract permits the insurance company to terminate the agreement with 30 days advance written notice. There are no long-term restrictions on the ability to move Plan assets into or out of these investment options or among investment options in general under the contract.

The investment contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Standard, represents contributions made under the contract plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial termination of the Plan; (2) corporate acts, including merger, spin-off, divestiture, bankruptcy, layoffs, corporate relocations, receivership; (3) sales or closing of the Company's operations; (4) retirement incentive programs; (5) liberalization of plan withdrawal and transfer rules; or (6) communications with participants that are prohibited under the contract and encourage, suggest or influence withdrawal activity under the contract. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are issued and managed by the Standard or FMTC, the custodian and trustee of the Plan, respectively, and therefore, these transaction qualify as party-in-interest transactions. During the year ended December 31, 2022, the Plan paid fees totaling \$14,557 to the Standard and FMTC for administrative, recordkeeping, and investment management services. Notes receivable from participants also qualify as exempt party-in-interest transactions.

**RADIANT CREDIT UNION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Income Tax Status

The Plan adopted a non-standardized defined contribution pre-approved Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, in which the IRS stated that the pre-approved plan, as designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the related trust is tax exempt. Accordingly, no provision for taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2021:
