Independent Auditor's Report

The Plan Administrator
Suzy 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Suzy 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, (Form 5500) Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Suzy 401(k) Plan (the Plan) provides general information only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

Effective January 1, 2010, Suzy, Inc. (the Employer or the Company) established the Plan. The Plan is a defined contribution 401(k) plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees of the Company, as defined in the Plan document, must be 21 years of age or older and must complete one month of service to be eligible to participate in elective deferral contributions and to receive Employer matching and Employer non-elective contributions. Employees who are independent contractors are not eligible to participate in the Plan.

Participant Contributions

The Plan allows each participant to contribute up to 100% of his or her annual compensation, as defined, up to the maximum annual amount allowed by law. Rollovers, after-tax contributions, and catch-up contributions are allowed.

Employer Contributions

The Company may elect to make a discretionary matching contribution. The Company has discretion over the amount, formula, and timing of any contribution made. There is no maximum as it relates to Employer matching contributions. During the 2022 Plan year, the Company made discretionary matching contributions of \$836,372.

The Company may, in its sole discretion, make a non-elective contribution to the Plan. Non-elective contributions will be allocated to the non-elective contribution accounts of each participant eligible to share in such allocations after the end of the Plan year. Such contributions will be allocated in an amount designated by the Company to be allocated to each eligible participant. During the 2022 Plan year, the Company made no non-elective contributions.

Qualified non-elective contributions (QNEC) may be made at the discretion of the Company. Qualified matching contributions are not allowed. During the 2022 Plan year, the Company made no QNEC contributions.

Participant Accounts

The Plan is a participant-directed account plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant's accounts are credited with participant contributions, rollovers, and an allocation of any Employer contributions. Plan earnings are allocated to participant accounts based on the earnings of the specific funds selected by the participant and administrative expenses are allocated based upon a participant's

Suzy 401(k) Plan

Notes to Financial Statements

account balance in proportion to the balances of all participant's accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

Participants are always 100% vested in their elective deferral account, rollover contribution account, QNEC account, Employer matching contribution account, and Employer non-elective contribution account.

Investment Options

All contributions are invested by Lincoln Life and Annuity Company of New York (Lincoln) among the available investment options under the plan and in accordance with the participants' election. Investment earnings are automatically reinvested into the fund or portfolio from which they were derived.

Notes Receivable from Participants

Participant loans are allowed at a minimum of \$1,000 not to exceed a maximum of \$50,000 or 50% of the participant's account balance, excluding participant Roth deferrals and earnings, whichever is less. The loans are secured by the participant's vested account balances and, except for loans used to acquire a principal residence, must have a repayment period of no greater than five years. Loan transactions are treated as a directed investment from the participant's account under the Plan. Interest is calculated at the prime rate, as determined monthly by *The Wall Street Journal*, plus 2% at the time of the loan. The interest rates for loans outstanding as of December 31, 2022 and 2021 were 5.25% to 9.00% and 5.25% to 6.75%, respectively.

Payment of Benefits

Participants' benefits under the Plan are payable to participants or their beneficiaries upon termination of employment, normal retirement, disability, financial hardship, or death. Benefits are payable in the form of qualified joint or 50% survivor annuity. Additionally, distributions from the Plan after termination for reasons other than death may be made in the form of lump-sum payment or substantially equal annual installments or partial withdrawals.

Hardship withdrawals are available, as are in-service distributions. Corrective distributions are made, returning contributions to participants, when employee contributions exceed contribution limitations imposed by Department of Labor (DOL) regulations. If a participant employment terminates with the Employer, the Plan permits distribution of the participant's account, not in excess of \$5,000, to be cashed out or transferred to an IRA without the participant's consent.

Forfeited Accounts

Forfeitures may be used to reduce Employer contributions to the Plan. There were no forfeitures balances as of December 31, 2022 and 2021.

Suzy 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and when applicable, disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are stated at fair value based on quoted market prices except for the investment in a stable value account which is stated at contract value (see Note 5). Fund transactions are accounted for on the trade date (date the securities are purchased or sold). Interest income is accounted for on the accrual basis. Dividend income is accounted for on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses and the unrealized appreciation (depreciation) of investments bought and sold, as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. The Plan is responsible for administrative expenses relating to the management of Plan assets incurred by the Plan except for certain transactions fees such as loan and distribution requests, which are paid by the participants. These fees are allocated either proportionally based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense.

Suzy 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

GAAP establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the most observable units to be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumption about inputs market participants would use at the measurement date.

The fair value hierarchy is categorized into three levels based on inputs as follows:

Level 1 - This level consists of valuations based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of valuations based on inputs that are unobservable and significant to the overall fair value measurement.

A financial instrument's value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the Plan's valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at December 31, 2022, as compared to those used at December 31, 2021.

Pooled Separate Accounts - These assets are valued at their accumulation unit value (AUV), which approximates fair value as determined by Lincoln. The AUV is determined daily based on the net asset values (NAV) of shares of the underlying fund, the fund's dividends, and the separate account charges (i.e., the daily asset charge). The Plan's investments in the pooled separate accounts may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments.

Suzy 401(k) Plan

Notes to Financial Statements

The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value:

December 31, 2022

	Total	Level 1	Level 2	Level 3
Pooled separate accounts*	\$ 8,031,720	\$ -	\$ -	\$ -
	\$ 8,031,720	\$ -	\$ -	\$ -

December 31, 2021

	Total	Level 1	Level 2	Level 3
Pooled separate accounts*	\$ 6,124,244	\$ -	\$ -	\$ -
	\$ 6,124,244	\$ -	\$ -	\$ -

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the preceding table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's *Rules and Regulations for Reporting and Disclosure under ERISA*. Accordingly, Lincoln, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

Suzy 401(k) Plan

Notes to Financial Statements

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Lincoln through an investment in the Lincoln guaranteed stable value account (Stable Value Account) totaling \$42,340 and \$37,902, respectively, at December 31, 2022 and 2021.

The Stable Value Account maintains the contributions in a general account, which is credited with earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the amount participants would receive if they were to initiate a transaction under the terms of the ongoing plan. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate, as shown on the contract specifications. The interest crediting rate is declared on a quarterly basis. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract amount maintained in the Stable Value Account is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on Lincoln's ability to meet its financial obligations from general assets and may be affected by future economic and regulatory developments. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

6. Tax Status

Effective June 30, 2020, the Plan adopted CCH's updated Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangement (CODA). Accordingly, the Plan is permitted to rely on the opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) which stated the pre-approved plan was designed in accordance with the applicable sections of the Internal Revenue Code (the Code). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended from the original prototype document, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risk and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the financial statements.

Suzy 401(k) Plan

Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right at any time to terminate the Plan in accordance with ERISA by delivering to the Trustee and third-party administrator written notice of such termination. Upon termination of the Plan, no further contributions will be made to the Plan, and all participants' accounts will become fully vested and shall be distributed in accordance with the provisions of the Plan.

9. Related Parties and Parties-in-Interest Transactions

The Company and Lincoln, the Trustee and record-keeper, are parties-in-interest with respect to the Plan under the provisions of ERISA. The Plan also issues loans to participants which are secured by the vested balance of the participants' account. These transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included as a reduction in the net appreciation in fair value of investments.

10. Subsequent Events

The Plan has evaluated subsequent events through September 20, 2023, which is the date the financial statements were available to be issued. During this period, there were no significant events requiring disclosure in the financial statements of the Plan.
