INDEPENDENT AUDITOR'S REPORT

To the Benefits Committee of
UB Foundation Activities, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We were engaged to perform audits of the financial statements of UB Foundation Activities, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021 stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due

to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

UB FOUNDATION ACTIVITIES, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the UB Foundation Activities, Inc. (the Organization) Retirement Plan (the Plan) provides only general information. Information about the plan agreement beyond the information provided below is contained in the plan document and summary plan description. Copies of these are available from the Organization.

General: The Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code. Benefits are provided through Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF). The Plan covers eligible individuals defined as full-time, US resident employees. Participants are eligible to make pre-tax deferral contributions into the Plan immediately upon being hired by the Organization. Participants are eligible to receive employer contributions after completion of two years of eligible service, as defined, unless the participant already has an account with TIAA from a previous employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee of the Organization determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Participants may contribute up to 100% of their pretax annual compensation as elective deferral contributions as defined in the Plan, subject to the annual limitations of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various funding vehicles offered by the Plan.

Organization contributions are based on a percentage of compensation as defined in the plan documents. The Organization contributes 9% on compensation up to \$16,500 and 12% on compensation in excess of \$16,500 for eligible participants.

Vesting: Participants are immediately vested in their elective deferral contributions and Organization contributions, plus actual earnings thereon.

Participant Accounts: Each participant's account is credited with both the participant's contribution and the Organization's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Loans: Plan loans are issued as separate contracts by TIAA as contemplated under IRC section 72(p)(5) and do not represent plan assets. Loans are collateralized using a participant's TIAA Traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow up to an amount equal to the lesser of \$50,000 or 50% of his or her TIAA Traditional account balance subject to annuity contract and plan provisions. Loan terms range from one (1) to five (5) years in one-year increments (up to 10 years for the purchase of the participant's primary residence). Principal and interest is paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional account balance. Plan loan balances outstanding from participants to TIAA were \$53,070 as of December 31, 2022 (\$58,897 – 2021).

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum of 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25 – 8.00%. The interest rate is set at 1% above the prime rate, as defined in the Plan's loan policy. Principal and interest is paid ratably through bi-weekly payroll deductions.

Guaranteed Annuity Contracts: The Plan invests in four guaranteed annuity contracts with TIAA-CREF of which two contracts are considered fully benefit responsive (see Note 4) and two are considered non benefit responsive (See Note 3).

UB FOUNDATION ACTIVITIES, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits: On termination of service due to death, disability or retirement, participants are eligible to receive benefits from the plan. There are several income options available including annuity contracts, lump sum distributions and periodic payments.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

The Plan was historically viewed as an amalgamation of individual annuity and custodial accounts, and the Plan and its custodians did not maintain financial information at a plan level. As of December 31, 2008, the Plan's custodians have begun to provide the Plan Administrator with annual certified statements summarizing the Plan's activities and holdings. Because certain historical records were not maintained or are not available at a plan level, the Plan has excluded investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. This accounting policy election is permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-02); however, U.S. generally accepted accounting principles require that these accounts and related income and distributions be included in the accompanying financial statements. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully-benefit responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Management of the Organization determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Plan Termination: Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant accounts are 100% vested and non-forfeitable.

Tax Status: The terms of the Plan have been prepared to conform to the listing of 403(b) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

UB FOUNDATION ACTIVITIES, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Uncertain Tax Position: Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Organization has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of Registered Investment Companies: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is the closing price reported on the active market on which the securities are traded. Shares of registered investment companies are classified as Level 1 investments.

Guaranteed Annuity Contracts: Valued by taking the sum of accumulated cash contributions and interest credited to the plan's contracts less any withdrawals. This investment is valued at fair value which approximates contract value. Fair value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate. These investments are classified as Level 3 investments.

Variable Annuity Contracts: Valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value investments including matrix pricing. These investments are classified as Level 1 or Level 2 investments.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value 12/31/22	Fair Value 12/31/21	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed annuity contracts	\$ 17,082,194	\$ 16,516,057	Discounted cash flow	Risk-adjusted discount rate applied	RA 3.70% - 6.25%

NOTE 4. GUARANTEED ANNUITY CONTRACT

The Plan currently invests in two fully benefit responsive guaranteed annuity contracts with TIAA. The accounts are credited with earnings on the underlying investments and are charged for participant withdrawals. TIAA provides a guarantee of principal, a guaranteed minimum rate of interest (ranging from 1% to 3%), and the potential for additional interest declared by TIAA. Contract value is the relevant measurement attribute for a fully benefit responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses which approximate fair value at December 31, 2022 and 2021. The value of the guaranteed annuity contracts as of December 31, 2022 is \$4,471,723 (\$4,476,342 – 2021).

UB FOUNDATION ACTIVITIES, INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4. GUARANTEED ANNUITY CONTRACT (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Organization does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets and transactions as of and for the years ended December 31, 2022 and 2021, have been derived from information provided by TIAA-CREF and TIAA, FSB, custodians of the Plan and has been certified by TIAA-CREF as custodian and agent for TIAA, FSB as of and for the years ended December 31, 2022 and 2021, as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

Plan investments are managed by TIAA-CREF, the custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Investment (losses) gains from TIAA-CREF amounted to \$(9,493,646) for the year ended December 31, 2022 (\$10,570,983 gain - 2021). During the year ended December 31, 2022 and 2021, investment fees were charged at a participant level. The Organization pays directly any other fees related to the Plan's operations.
