INDEPENDENT AUDITORS' REPORT

To the Trustees of
Cambridge Information Group, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cambridge Information Group, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year from the date of the audit report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAMBRIDGE INFORMATION GROUP, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

1. Description of the Plan

The following description of the Cambridge Information Group, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of Cambridge Information Group, Inc. and its affiliates through substantially common ownership (the "Company"). The Plan qualifies under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's management is responsible for the oversight of the Plan and for determining the appropriateness of the Plan's investment offerings, including monitoring investment performance.

The Plan includes employees of the following companies (collectively, the "Companies"): Cambridge Information Group, Inc. ("CIG"), R.R. Bowker, LLC ("Bowker"), Institute of Art Holdings LLC ("Institute"), Music Makers Holdings LLC ("Music Makers"), Institute of Media and Communications LLC ("IMC"), CIG Education Group, LLC ("CEG"), CIG Professional Services ("CPS") and BrandEd Holdings LLC ("BrandEd").

In January 2021, the Company acquired Innovative Interfaces, Inc. ("Innovative Interfaces"), which sponsored the Innovative Interfaces 401k Plan. Effective January 4, 2021, the Plan was amended to merge and transfer the net assets available for benefits under the Innovative Interfaces 401k Plan totaling \$53,616,549 into the Plan, and to amend the eligibility requirements of the Plan to grandfather in all active employees of Innovative Interface, Inc. into the Plan.

The Plan was amended effective December 1, 2021 to remove the following companies from participation in the Plan: ProQuest, Ex Libris, Energy Abstracts, and Innovative Interfaces, which resulted in a partial plan termination. The participants in the Plan who were employees of the above referenced companies were fully vested in their account balances effective the amendment date. Essentially all of the benefit payments to terminated participants presented on the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021 consists of payments to employees of companies who were removed from participation in the plan.

Eligibility

The Plan covers all eligible employees, as defined, who have attained the age of 21. Participants may begin participating immediately and are enrolled 30 days after initial employment, unless opted out.

CAMBRIDGE INFORMATION GROUP, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS For the Years Ended December 31, 2022 and 2021

1. Description of the Plan (continued)

Participant Contributions

Each year, participants may contribute a percentage of their eligible compensation, as defined in the Plan Document, on a pre-tax or after-tax basis ("Roth Contributions"), subject to statutory limits of the IRC. New employees are automatically enrolled at a pre-tax deferral rate of 6% of eligible compensation, unless and until the employee chooses to opt out. Their contributions are invested in a designated target date fund until changed by the participant. Employees are automatically escalated at a rate of 1% per year up to 15% of pre-tax compensation, unless and until the employee opts out. In addition, participants 50 years of age or older by the end of the Plan year may elect to make a catch-up deferral contribution of up to \$6,500 for the year ended. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Company Contributions

The Company matches the greater of 50% of the first \$12,000 that a participant defers to the plan, or 50% of the first 6% that a participant defers to the plan. The Company may make a qualified non-elective contribution to certain participants who were active during the Plan year and remain eligible at the time of contribution. There were no annual discretionary contributions made for the years ended December 31, 2022 and 2021. Highly paid employees are not eligible for qualified non-elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution plus actual earnings thereon is based on years of continuous service as follows: Participants become 33% vested with one (1) year of service, 66% vested with two (2) years of service and 100% vested with three (3) or more years of service.

Investment Options

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers common trust funds, mutual funds, and a self-directed brokerage account as investment options for participants. Participants have purchased shares of mutual funds, common stock and interest-bearing cash through the self-

directed brokerage account. In the event a participant fails to make an investment election with respect to all or any portion of their account subject to their investment election, the trustee shall invest all or such portion of their account in the investment fund designated by the Plan administrator, which is the appropriate age-based target fund provided by the trustee as defined by the Plan.

Notes Receivable from Participants

Participants are limited to one loan at a time and may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan administrator. As of December 31, 2022 and 2021, the interest rate charged on existing loans ranged between 4.25% and 8.00%.

Participant loan repayment terms are generally for a period of up to five years, with exceptions permitted for the purchase of a principal residence. Each loan is secured by the balance in the participant's account and bears interest at the prevailing interest rate on similar loans. Principal and interest are repaid by the participant on terms outlined in the loan agreement.

Payment of Benefits

On termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the vested interest in their account. The Plan allows for distributions upon termination of service, death, disability, attainment of age 59 1/2, in certain hardship situations, and other situations as detailed by the Plan Document. The Plan, in line with the IRS rules, also requires the participants to receive Required Minimum Distributions once they are 72 years old. A participant may elect to receive a lump sum payment or may roll over the value of their account into another qualified plan. In the event a participant terminates or retires and the participant's vested balance is less than \$5,000, the balance will be rolled into an IRA if in excess of \$1,000 or paid in the form of a lump sum distribution if less than \$1,000.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts can be used first to reduce future employer contributions and then used to offset certain administrative expenses of the Plan. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$76,475 and \$104,972, respectively. During the year ended December 31, 2022 and 2021, forfeited non-vested accounts were used to offset employer contributions totaling \$89,089 and \$162,329, respectively. In 2022 and 2021, the Plan used \$17,680 and \$26,965, respectively of forfeited amounts to pay administrative fees.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded upon distribution.

Expenses

The Plan pays substantially all administrative expenses of the Plan. Investment related expenses are included in net appreciation in fair value of investments.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividends, and interest income on participant notes receivable for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company (the trustee of the Plan). This information has not been audited by the Plan's independent auditors. The following table summarizes this information.

	<u>2022</u>	<u>2021</u>
Investments at fair value	\$ 228,813,631	\$ 421,774,811
Notes receivable from participants	\$ 785,038	\$ 1,808,917
Net (depreciation) appreciation in fair value of investments	\$ (61,289,135)	\$ 48,124,021
Interest and dividends	\$ 2,166,555	\$ 8,015,499
Interest income on notes receivable from participants	\$ 47,792	\$ 94,879

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities accessible at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability, including the reporting entity's own assumptions in determining the fair value measurement.

4. Fair Value Measurement (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The table below details investments measured at NAV, as reported by the managers of the accounts and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. NAV is used as a practical expedient to estimate fair value as of December 31, 2022 and 2021:

^(b) These trusts invest in underlying commingled T. Rowe Price Trusts, each one emphasizing a different market sector. Over time, the Trust's allocation to bonds will increase and its allocation to stocks will decrease.

^(c) The fund invests in the US equity market and uses a replication indexing strategy to manage the underlying fund by investing in substantially all of the securities and in approximately the same proportions as the S&P 500 Index.

^(d) The fund invests in stable value investment contracts and in fixed income instruments which underlie stable value contracts as well as in money market instruments. The fund seeks to earn current income and preserve capital and stability of principal.

5. Related Party Transactions and Party-in-Interest Transactions

Certain investment options of the Plan are funds sponsored by the trustee. Transactions involving these investments are considered to be party-in-interest transactions for which a statutory exemption exists. Other transactions that may be considered party-in-interest transactions relate to normal management and administrative services and the payment of expenses related thereto. The Plan extends loans to participants who are considered parties-in-interest, therefore, these transactions qualify as party-in-interest transactions. No prohibited transactions occurred during the years ended December 31, 2022 and 2021.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The plan administrator is currently not required to submit the plan to the Internal Revenue Service (IRS) for determination as it is a Volume Submitter Profit Sharing Plan per opinion letter dated March 31, 2014. The Plan document has been subsequently amended, but the plan administrator and the Plan's tax advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires the Plan's management to evaluate the Plan's uncertainty in income taxes and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market Risks include global events which could impact the value of investments securities, such as pandemic or international conflicts. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reclassifications

Certain 2021 balances were reclassified to conform with the 2022 financial statement presentation.

10. Subsequent Events

In preparing the financial statements, the Plan has evaluated events and transactions, for potential recognition or disclosure, through September 21, 2023, the date the financial statements were available to be issued. The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the plan. Other than this, there were no subsequent events that require recognition or disclosure in these financial statements.
