Independent Auditor's Report

To the Plan Administrator
Shawcor 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Shawcor 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Charles Schwab Trust Bank a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Shawcor 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to qualifying employees of Shawcor (the “Company” or “Employer”). The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 (“IRC”), as amended. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective March 1, 2022 Desert NDT participants were spun-off from the Plan and ceased accruing benefits covered under the Plan. The participant assets were transferred into the Superior Integrity Plan in the amount of \$3,475,200.

Administration

The Company is responsible for the administration and operation of the Plan. Milliman, Inc. (the “recordkeeper”) has been retained to provide recordkeeping services for the Plan. Charles Schwab Trust Bank (the “Trustee”) is responsible for the custody and management of the Plan’s assets.

Eligibility

All employee classifications of the Company are eligible to participate in the Plan except leased employees, employees whose benefits are governed by a collective bargaining agreement, a part-time employee hired on or after October 1, 2017 (except for part-time employees of Lake Superior Consulting, LLC entering the Plan on December 15, 2017), temporary or seasonal employees who have not completed one year of service, and employees classified by the Company as a temporary transfer employee. Service with Bredero Price Company, Flexpipe Systems, LLC, Guardian Inspection and Tubular Management, LLC, T & K Inspection, Lake Superior Consulting, LLC and Xerxes Corporation (including Proform, Inc., Ornyte Fiberglass, Inc. and Knytex, Inc. as its predecessors) will be recognized for purposes of eligibility. If eligible to participate in the Plan, the participant will automatically become a participant on the first day of the month that coincides with or next following the completion of three months of employment. Effective January 1, 2016, once an employee meets the eligibility requirements, 2% of their pre-tax pay is automatically deducted and contributed to the Plan unless an election is made for a different percentage or not to contribute.

Contributions

Participants may contribute up to 75% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. In addition, a participant may direct after-tax contributions into Roth 401(k) accounts, subject to certain limits. Roth 401(k) accounts allow participants to elect to be taxed currently on part or all of their contributions made to the Plan. Future distributions of Roth 401(k) contributions and the related earnings are not taxed if certain requirements are met. The Plan is a safe harbor plan, and the Company will contribute up to 6% for every dollar of eligible compensation that is contributed.

Shawcor 401(k) Plan

Notes to Financial Statements

Each year the Company may elect to make a non-elective contribution to the Plan. The total non-elective contribution, if any, will be an amount determined and authorized by the Company for the plan year. For plan year 2022 there were no non-elective contributions made.

Effective January 1, 2022 the Plan was amended to allow for plan-to-plan transfers other than rollovers from the Plan, in-plan Roth transfers and employee voluntary contributions. In addition, it allows for the employer to appoint a custodian of the Plan assets.

Participant Accounts

Each participant account is credited with the participant's and the Company's contributions and an allocation of net plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers one money market fund and fourteen mutual funds as investment options for participants.

Vesting

Participants are immediately fully vested in all contributions, rollovers and any income or loss thereon, with the exception of participants transferred in from certain plans, if any, which continue to be subject to the former plans' vesting requirements.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant receives the vested account balance in a lump-sum distribution. If the value of the vested account is greater than \$5,000, excluding rollover balances, the participant may elect to defer payment to a later date.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate quoted in the Wall Street Journal on the day in which the loan is requested, plus 1% and is fixed for the term of the loan. The loans are repaid ratably through payroll deductions over a period of five years or less for a general-purpose loan or over a period of ten years or less for a primary residence loan. Only one loan is allowed to be outstanding at a time.

Administrative Expenses

The majority of the administrative expenses of the Plan are paid by the Company and not included in the accompanying financial statements, with the exception of certain transaction fees paid by the Plan for administration services (recordkeeping, accounting, trustee, and reporting services) and participant loan origination fees paid by the borrower. Administrative expenses include participant based transaction expenses such as distribution and loan fees as well as Plan related expenses.

The Plan has a revenue-sharing agreement with the Trustee that allows the Plan to earn credits on certain investments. At the discretion of the Company, these credits may be used to pay expenses of the Plan or allocated to the Plan participants' accounts on a pro-rata basis. The Plan used

approximately \$104,000 and \$112,000 to pay for expenses incurred for the plan years ended December 31, 2022 and 2021, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and Contribution Receivables

Contributions are recorded on the accrual method of accounting. Contribution receivables are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end.

Risks and Uncertainties

Plan assets are invested in funds and securities as directed by plan participants. These investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Accordingly, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2022 and 2021, there were five and four investments that collectively represented 54% and 50% of investments, respectively. Those investments are the only investments that represented more than 10% of investments held. See the schedule of assets (held at end of year) for a complete list of investments as of December 31, 2022.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Shares of mutual funds are valued at quoted market prices on an active exchange that represent the net asset value of shares held by the Plan at year end. The money market fund is valued at amortized cost plus accrued interest, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Shawcor 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document. There was no allowance for bad debts at December 31, 2022 as the notes receivable are fully collateralized by the participants' accounts. At December 31, 2022, interest rates range from 4.25% to 8.50%. Notes receivable from participants are reported at their outstanding principal plus any accrued interest.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, cash, and notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021;
- Investment income and interest on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022;
- Investment values disclosed in Note 4; and
- Investment information included in Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as reflected on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, "Fair Value Measurements", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets

Shawcor 401(k) Plan

Notes to Financial Statements

or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2022 and 2021. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 72,096,059	\$ -	\$ -	\$ 72,096,059
Money market fund	7,711,193	-	-	7,711,193
Total investments at fair value	\$ 79,737,252	\$ -	\$ -	\$ 79,737,252

	Investment Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 98,093,289	\$ -	\$ -	\$ 98,093,289
Money market fund	6,710,965	-	-	6,710,695
Total investments at fair value	\$ 104,804,254	\$ -	\$ -	\$ 104,804,254

5. Related Party Transactions and Party-in-Interest Transactions

Plan investments are managed by the Trustee, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. A portion of fees paid by the Plan for the investment management services are included in net appreciation or depreciation in fair value of investments. In addition, notes receivable are considered related party transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of

Shawcor 401(k) Plan

Notes to Financial Statements

risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Income Tax Status

The Plan obtained a determination letter on April 6, 2017, in which the Internal Revenue Service (“IRS”) stated the Plan was in compliance with the applicable requirements of the IRC. Although the most recent determination letter does not reflect the latest Plan amendment, the plan administrator believes the Plan is currently designed and is operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Subsequent Events

Effective February 1, 2023, Lake Superior Consulting, LLC participants were spun-off from the Plan and ceased accruing benefits covered under the Plan. The participant assets were transferred into the Lake Superior Consulting Plan in the amount of approximately \$22,500,000.

We have evaluated subsequent events through September 21, 2023, which is the date the financial statements were available to be issued.
