Independent Auditor's Report

To the Plan Administrator of the
Leprino Foods Company Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Leprino Foods Company Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Leprino Foods Company Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 – Description of the Plan

General. The Leprino Foods Company (the “Company”) Profit Sharing and 401(k) Plan (the “Plan”) was established January 1, 1993. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Plan benefits are not guaranteed by the Pension Benefit Guaranty Corporation. The following is a brief general description of the Plan. Participants and all others should refer to the Plan document for a complete description of the Plan’s provisions.

Plan Amendments. During 2022 and 2021, the Plan document was amended as follows:

During 2021, the Plan was retroactively amended to permit in-kind distributions from the Plan's self-directed brokerage accounts ("SDBA") effective November 1, 2018.

Effective January 1, 2021, the Company, which is the Plan Sponsor, adopted a T Rowe Price Retirement Plan Services Inc. Non-Standardized Pre-Approved Profit Sharing Plan (“pre-approved plan”). In connection with the adoption of the pre-approved plan, the Plan document was amended and restated.

Eligibility. The Plan is generally available to all employees of the Company and participating Employers (collectively, the “Employer”) age 18 or older. The Plan excludes leased employees, collectively-bargained employees (unless such collectively-bargained employees are covered by an agreement that provides for their participation), non-resident aliens, and residents of Puerto Rico. Covered employees are eligible to participate on the first day of each calendar month after meeting the eligibility requirements. The Plan has an automatic contribution arrangement. Unless a newly eligible or rehired participant affirmatively elects otherwise after being given appropriate notice, 6% of their compensation will automatically be withheld and contributed to their pre-tax contributions account. In order to receive an Employer matching contribution and discretionary Employer nonelective contribution a participant must complete one year of service with the Employer. A year of service is defined as completing at least 1,000 hours of service during the computation period.

Contributions. The following types of contributions are allowable under the Plan:

- **Salary Deferral Contributions** – Participants may contribute between 1% and 50% of their pre-tax compensation, as defined in the Plan document, subject to limitations. Participants may also contribute between 1% and 50% of their after tax compensation and designate it as a Roth deferral contribution. A participant’s total salary deferral contributions cannot exceed \$20,500 (\$27,000 if age 50 or older) in calendar year 2022 and \$19,500 (\$26,000 if age 50 or older) in calendar year 2021.
- **Employer Matching Contributions** – The Company makes matching contributions each Plan year equal to 50% of an eligible participant's salary deferral contributions. The Company's matching contribution is limited to \$1,500. Matching contributions are not made on behalf of any officer of the Company.

December 31, 2022 and 2021

Note 1 – Description of the Plan (continued)

- **Discretionary Employer Nonelective Contributions** – The allocation of discretionary Employer nonelective contributions to eligible participants is made each contribution period and is allocated based on an integrated social security taxable wage base formula. The percentage of compensation allocated under this formula to eligible participants is discretionary and allocated in the ratio of full compensation and excess compensation, as defined. The contribution period is the Employer's fiscal year which is the 12 consecutive-month period beginning on November 1st.

No discretionary Employer nonelective contribution will be made for participants who fail to perform at least 1,000 hours of service during the contribution period or whose employment with the Employer terminates prior to the end of the contribution period. However, if a participant dies, becomes disabled, or retires during the contribution period and performed at least 1,000 hours of service prior to the event, a discretionary Employer nonelective contribution will be made despite the participant's termination of employment prior to the end of the contribution period. Additionally, certain participants and officers of the Company on paid special leave are excluded from receiving the Employer nonelective contribution.

- **Rollover Contributions** – Amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants. The total annual additions to a participant's account may not exceed the lesser of \$61,000 and \$58,000 or 100% of the participant's compensation in calendar years 2022 and 2021, respectively.

Participant Accounts. Each participant's account is credited with the participant's contributions (salary deferral and rollovers, if any) and an allocation of (a) the Employer's contributions (matching and discretionary nonelective), (b) fund earnings or losses, (c) fee credits, and (d) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Fee Credits Account. The Plan maintains a fee credits account that is funded by administrative fee credits from T. Rowe Price. This account is used to pay administrative expenses of the Plan and/or is reallocated to eligible participants' accounts. During 2022 and 2021, the fee credits account received \$220,797 and \$260,562, respectively, of administrative fee reimbursements from T. Rowe Price, had earnings of \$67 and \$1, respectively, and paid \$0 and \$110, respectively, of administrative expenses. Additionally, during 2022 and 2021, \$220,261 and \$260,454, respectively, of the fee credits account was reallocated to eligible participants' accounts. The fee credits account had a balance of \$603 and \$0 as of December 31, 2022 and 2021, respectively.

Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. With certain exceptions, vesting in Employer matching, discretionary Employer nonelective, and prior Employer nonelective contributions, as defined, is based on years of continuous service as follows:

Furthermore, employed participants become 100% vested in their Employer contribution portion of their accounts upon the following events:

- Participant's death;
- Participant becomes disabled as defined under the Plan;
- Participant attains normal retirement age (age 60); or
- Termination or partial termination of the Plan.

Forfeitures. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to reinstate participant's accounts, used to pay administrative expenses of the Plan, or used to reduce Employer contributions. During 2022 and 2021, forfeitures of \$650,000 and \$600,000, respectively, were used to reduce Employer contributions; and forfeitures of \$72,758 and \$100,244, respectively, were used to pay administrative expenses of the Plan. Unutilized forfeited non-vested accounts at December 31, 2022 and 2021 totaled \$100,143 and \$124,611, respectively.

Investments. Participants may direct their investments into a money market fund and various common collective trusts and mutual funds. In addition, Plan participants can invest their accounts in self-directed brokerage accounts ("SDBA"). The SDBA offers participants the ability to invest in other registered investment companies in the market, including other T. Rowe Price funds, other than the Plan's core investments.

The Company has appointed a Benefit Plan Investment Committee consisting of certain individuals of the Company to oversee and implement the Company's Investment Policy Statement for the Plan. Additionally, the Company has retained the services of Cook Street Consulting ("Cook Street") as the Plan's investment advisor.

Leprino Foods Company Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 – Description of the Plan (continued)

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000. The maximum loan is the lesser of (i) \$50,000 minus the participant's highest outstanding balance of loan(s) in the previous 12-month period or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years, or 20 years if the purpose of the loan is a home purchase. The loans are secured by the balance in the participant's account and bear interest based on the prime rate at the date the loan is granted. With certain exceptions, principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable either as a lump sum or as installments over a specified period equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Participants may also elect to rollover their account balance into another qualified retirement plan or Individual Retirement Account. Additionally, the Plan provides for in-service distributions of a participant's after tax contributions account, rollover contributions account, while performing military service or on military leave for a period greater than 30 days, upon attainment of age 59½, and in the event of a financial hardship, as defined.

Plan Administration. The Company has appointed an Administrative Committee consisting of certain individuals of the Company to be the Plan Administrator.

Plan Termination. The Committee anticipates that this Plan will continue indefinitely. However, the right to amend or modify the Plan in any manner or to terminate the Plan is specifically reserved. If the Plan is terminated, the amounts allocated to participants' accounts will be 100% vested and non-forfeitable

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefit Plan Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Leprino Foods Company Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions. Amounts paid to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") are recorded as a reduction to contributions.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid by the Plan also include fees paid for recordkeeping, consulting, accounting, legal, brokerage, and other fees. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Benefit Payments. Benefits are recorded when paid.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Leprino Foods Company Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 3 – Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

- Money market funds and mutual funds (including registered investment companies held in the SDBA) are valued at the quoted net asset value ("NAV") of shares/units held by the Plan at year end.
- The common collective trusts ("CCTs") are valued at the NAV of units in collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Fair Value Measurements at December 31, 2022

Total Assets at Fair Value				<u>\$ 650,094,776</u>

Investments in Certain Entities that Calculate NAV per Unit. The following table for December 31, 2022 and 2021, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	December 31,	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
CCTs (a)	2022	\$ 305,224,507	None	Daily (b)	(c)
CCTs (a)	2021	\$ 372,289,068	None	Daily (b)	(c)

- (a) The investment objective of the Retirement Trust CCTs is to invest over time primarily in a diversified portfolio of underlying trusts that represent various asset classes and sectors. For all Retirement Trust CCTs, the allocation to equity-based underlying trusts is expected to become increasingly conservative over time, with substantial exposure to equity-based underlying trusts (approximately 55%) remaining at the end of its target year and the most conservative allocation (approximately 30%) projected to occur 30 years after the target date is reached.
- (b) The Retirement Trust CCTs net asset value ("NAV") per unit is computed at the close of the New York Stock Exchange ("NYSE"), normally 4 p.m. ET, each day the NYSE is open for business. However, the NAV per unit may be calculated at a time other than the normal close of the NYSE if trading on the NYSE is restricted, if the NYSE closes earlier, or as may be permitted by the Declaration of Trust.
- (c) Under the terms of the Declaration of Trust, unitholders may be required to provide up to 30-days advance written notice to the trustee prior to redemption of trust units; the notice period may be shortened or waived by the trustee in its sole discretion.

- Interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021; and
- The information presented in the Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown in the supplemental schedule.

Note 5 – Tax Status

The Company has adopted a T Rowe Price Retirement Plan Services Inc. Non-Standardized Pre-Approved Profit Sharing Plan (“pre-approved plan”). The pre-approved plan received an opinion letter from the IRS on August 19, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code (“IRC”). Although the pre-approved plan and Plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2022 and 2021. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Notes to Financial Statements

December 31, 2022 and 2021

Note 6 – Party-In-Interest Transactions (continued)

Certain Plan investments are securities offered by T. Rowe Price and Schwab. As T. Rowe Price Trust Company is the trustee as defined by the Plan and Charles Schwab Trust Bank is the custodian of the SDBA, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 7 – Concentrations, Risks and Uncertainties

The Plan currently provides for various investment options in a money market fund, common collective trusts, mutual funds and other registered investment companies. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2022 and 2021, there were three and two investments, respectively, which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2022.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 8 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 30, 2023, which is the date the financial statements were available to be issued.
