INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee
Arden Building Companies, LLC Retirement Plan
Pawtucket, Rhode Island

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Arden Building Companies, LLC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental Schedule H - Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Information Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF PLAN

The following description of Arden Building Companies, LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Arden Building Companies, LLC and Subsidiaries (the "Company" or "Plan Sponsor") on January 1, 2003. The purpose of the Plan is to accumulate retirement income for its employees which will supplement retirement benefits provided by Social Security. The Plan is a contributory single-employer defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief and Economic Security Act, as amended (the "CARES Act"), however, the Plan has not yet been amended for the adoption of these provisions. The CARES Act provisions that were adopted pertained to distributions and repayment of notes receivable by participants, including the following:

- (a) Participants that met eligible CARES Act criteria could take penalty free withdrawals of up to \$100,000 from January 1, 2020 through December 30, 2020
- (b) Participants have the ability to repay the CARES Act distribution within three years, though repayment is not required
- (c) Repayments of the CARES Act distribution is not be subject to the annual retirement plan contribution limits
- (d) A CARES Act distribution will not be considered a hardship distribution, therefore a participant does not have to first obtain a loan or other available distributions under the Plan before requesting a CARES Act distribution. In addition, participants that meet the eligibility criteria under the CARES Act must take the CARES Act distribution before a hardship distribution
- (e) Participants were allowed to defer loan repayments that would otherwise be due between March 27, 2020 and December 31, 2020. Loan repayments resumed January 1, 2021
- (f) If a participant loan was deferred, interest would continue to accrue during the deferment period and the term of the loan was extended by the length of the deferment period
- (g) The outstanding balance of any loan in deferment was re-amortized on January 1, 2021 to determine the new loan repayment amount

Effective January 1, 2022, the Plan was restated. No significant changes to the Plan occurred as a result of the restatement.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Eligibility

Employees are eligible to participate in the Plan effective as of the first day of each month of the Plan year coincident with or after the later of the employee's attainment of age 21 or completion of six months of service.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for participants.

The Company contributes non-elective safe harbor contributions to the Plan based on a percentage of eligible compensation each year. For the year ended December 31, 2022, the Company made a non-elective contribution equal to 3% of employee's compensation which totaled \$344,773, of which \$30,000 was funded by applying forfeitures. The Company may contribute non-elective profit sharing contributions to the Plan each year equal to the sum of the amounts specified by the Company for the Plan Year for each participant classification. For the year ended December 31, 2022, the Company made elective profit sharing contributions of \$700,460. Each year the Company shall provide a list containing each Participant classification and the discretionary contribution declared for each classification. The Company may also make a discretionary match contribution; no matching contributions were made in 2022. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. The Company made corrective contributions during the year ended December 31, 2022 totaling \$36 related to prior years.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's non-elective safe harbor contributions, plus actual earnings thereon. Vesting in the Company's non-elective profit sharing and discretionary match contributions are based on years of continuous service as follows:

ARDEN BUILDING COMPANIES, LLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting (continued)

<u>Number of Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1 and less than 2	20%
2 and less than 3	40%
3 and less than 4	60%
4 and less than 5	80%
5 or more	100%

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the participant's highest outstanding loan balance in the previous twelve months, even if all or a portion of this amount has been repaid. The maximum term of a note for general purposes may not exceed 5 years, however, if the loan is used for the purchase of a primary residence, the maximum term may not exceed 20 years. Participants are allowed to have one outstanding note at any given time and refinancing of an existing loan is not permitted. Principal and interest are paid ratably through payroll deductions. The notes are secured by the balance in the participant's account and bear interest at the Prime Rate as listed in the Wall Street Journal as of the date of the loan, plus 1%. Interest rates on notes receivable from participants ranged between 4.25% and 8.50% at December 31, 2022.

Payment of benefits

On termination of service due to death, disability or retirement, participants are entitled to receive either a lump-sum amount equal to the participant's balance in their account, or annual installments over a period of not more than their assumed life expectancy as determined at the time of distribution. For termination of service for other reasons, participants may receive the value of the vested interest in their account as a lump-sum distribution.

Hardship withdrawals

A hardship withdrawal, subject to meeting certain requirements, may be authorized by the Plan Administrator in an amount up to 100% of the participant's contributions.

In-service withdrawals

Participants who have attained aged 59.5 are permitted to take in-service withdrawals from the vested portion of all accounts.

Forfeited accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$13,541 and \$54,623, respectively. Forfeitures can be used to offset plan expenses or reduce future employer or matching contributions. During the plan year ended December 31, 2022, \$17,082 of forfeitures were used to offset plan expenses and \$30,000 of forfeitures were used to offset employer contributions.

DECEMBER 31, 2022 AND 2021

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded, based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in "Net depreciation in fair value of investments."

Subsequent events

The Plan has evaluated subsequent events through September 18, 2023, the date on which these financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 855 *Subsequent Events*.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value and which are included in the fair value hierarchy. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are based on one or more of the following valuation techniques:

- (a) *Market approach*: Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- (b) *Cost approach*: Amount that would be required to replace the service capacity of an asset (replacement cost); and
- (c) *Income approach*: Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

The following tables summarize the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Description	Total at December 31, 2022	Level 1	Level 2	Level 3	Valuation Technique
Assets in fair value hierarchy, mutual funds	\$ 27,005,695	<u>\$ 27,005,695</u>	<u>\$ -</u>	<u>\$ -</u>	(a)

Investments measured at net asset value, common/collective trust fund (1)	<u>662,319</u>				
Investments at fair value	<u>\$ 29,716,160</u>				

- (1) In accordance with U.S. GAAP, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item present in the statement of net assets available for benefits.

- (a) A participating trust is required to give the trustee 12 months irrevocable written notice of intent to redeem all or a portion of its participation in the trust. A participating trust may redeem units at any time upon 10 business days notice at the lesser of the market value or the contract value of the redeemed units.

NOTE 5. INFORMATION CERTIFIED BY PLAN CUSTODIAN

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from, without audit, Matrix Trust Company ("Matrix"), the custodian, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the custodian that such information is complete and accurate.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their non-elective profit sharing and discretionary match contributions made by the Company.

NOTE 8. TAX STATUS

The Plan represents a Dataair Employee Benefit Systems, Inc. Volume Submitter Profit Sharing Plan with CODA (the "Volume-Submitter Plan"). The Volume-Submitter Plan has received from the IRS an opinion letter, dated December 31, 2018, indicating that the Volume-Submitter Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are managed by the custodian. Accordingly, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue-sharing, rather than a direct payment. The Plan made direct payments to the third-party administrator and investment advisor of \$171,720 for the year ended December 31, 2022, which were not covered by revenue-sharing. Notes receivable from participants are also party-in-interest transactions.
