Independent Auditor's Report

Board of Directors and Participants
Technical Chemical Company 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Technical Chemical Company 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate to the best of their knowledge and belief.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Technical Chemical Company 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Technical Chemical Company 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan whereby eligible employees of Technical Chemical Company (the Company or Employer or Plan Sponsor) are permitted to make pretax contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective on May 1, 1997.

Eligibility: Effective on January 1, 2022, all employees of the Company are eligible to participate in the Plan on the entry date (first day of the fiscal quarter) coincident with or following the date of hire. Employees are eligible to participate in the Plan upon meeting age requirement of 18 years of age and may enter the Plan on the entry date.

Contributions and investment options: Each year, participants may contribute between 1% and 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to the maximum limitation imposed by the IRC. The Plan allows for discretionary matching contributions equal to a discretionary percentage, to be determined by the Company on a periodic basis. For the year ended December 31, 2022, the employer elected to make a discretionary match of 100% of the participant's contribution up to a limit of 6% of compensation. Additionally, profit sharing contributions may be contributed at the option of the Company on a discretionary basis on behalf of all eligible employees whether or not they made elective contributions for the Plan year. For the year ended December 31, 2022, no profit sharing contributions were made to the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several pooled separate accounts and a stable value investment contract as investment options for participants.

Participant accounts: Each participant's account is credited with the participant's contribution, rollover contributions and allocation of (a) the Company's discretionary matching contributions and Company's discretionary profit-sharing contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit-sharing contributions is based on years of continuous service. A participant is 20% vested after two years of credited service, 20% for each additional year, and is fully vested after six years. A participant is 100% vested regardless of years of service, upon disability, death or attaining normal retirement age.

Payment of benefits: On termination of service due to death, disability, termination of employment or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or as various types of annuities as specified in the Plan. If the participant's vested balance is less than \$5,000, benefits shall be distributed to the participant through a lump-sum distribution.

Technical Chemical Company 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Forfeited accounts: Forfeitures are retained in the Plan and used to reduce future Company contributions under the Plan or to pay for plan expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$60 and \$20, respectively. During 2022, amounts of employer nonvested contributions forfeited was approximately \$3,884 and \$3,844 was used to pay plan expenses or reduce Company contributions from forfeited nonvested accounts, respectively.

Notes receivable from participants: Effective January 1, 2017, the Plan was amended to allow participants to borrow a minimum of \$1,000 and a maximum of \$50,000 from their fund accounts, up to 50% of the participant's vested account balance. Each note bears interest at a commercially reasonable rate of interest as determined by the Plan Administrator. Interest rates on outstanding notes receivable ranged from 4.25% to 8.00% at December 31, 2022. Note terms generally range from one to five years except for notes to purchase a principal residence, which can exceed five years, but is not to exceed fifteen years. Principal and interest are paid ratably through payroll deductions, and notes receivable outstanding at December 31, 2022 are due in various amounts through November 2027. A participant can only have two new notes per Plan year and may only have two notes outstanding at any time.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measure at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Technical Chemical Company 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Company or the Plan. Certain administrative functions are performed by employees of the Company. However, such employees receive no compensation from the Plan.

Note 3. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures (ASC 820), establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the topic are discussed below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of an input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at net asset value (NAV), as a practical expedient, which is based on the market value of the underlying investments held by the pooled separate account.

Technical Chemical Company 401(k) Retirement Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

Investment contract: The investment contract is made up of a stable value fund that is composed primarily of fully benefit-responsive contracts. The investment contract is valued at contract value and is based on its beginning balance plus any deposit and credited interest, less any withdrawals, charges or expenses, a measurement which approximates fair value, and is classified as a Level 2 investment in the fair value hierarchy.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value				
December 31, 2022				
Description:	Level 1	Level 2	Level 3	Total
Investment contract	\$ -	\$ 878,284	\$ -	\$ 878,284
Total assets in the fair value hierarchy	\$ -	\$ 878,284	\$ -	878,284
Pooled separate accounts measured at NAV (i)				5,226,993
Total investments at fair value				<u>\$ 6,105,277</u>

Investments at Fair Value				
December 31, 2021				
Description:	Level 1	Level 2	Level 3	Total
Investment contract	\$ -	\$ 734,536	\$ -	\$ 734,536
Total assets in the fair value hierarchy	\$ -	\$ 734,536	\$ -	734,536
Pooled separate accounts measured at NAV (i)				6,256,530
Total investments at fair value				<u>\$ 6,991,066</u>

- (i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available for benefits.

Changes in fair value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

For the year ended December 31, 2022, there were no transfers in or out of Level 3.

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

The following table provides additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2022 and 2021:

	Fair Value	Redemption Frequency	Redemption Notice Period
	December 31, 2022		
Pooled separate accounts	\$ 5,226,993	Daily	None
	Fair Value	Redemption Frequency	Redemption Notice Period
	December 31, 2021		
Pooled separate accounts	\$ 6,256,530	Daily	None

No investments listed above had unfunded commitments as of December 31, 2022 and 2021. Certain investments in the above categories restrict transfers in to once in any 30-day rolling period. New contributions are allowed during this period.

Note 4. Information Certified and Provided by Transamerica Life Insurance Company

The following is a summary of the Plan's asset and income information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Transamerica Life Insurance Company, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian related to the following assets and income as complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any additional procedures with respect to the information which appears throughout the financial statements and the ERISA-required supplemental schedule related to the following assets:

	2022	2021
Investments, at fair value:		
Pooled separate accounts	\$ 5,226,993	\$ 6,256,530
Investment contract	878,284	734,536
	<u>\$ 6,105,277</u>	<u>\$ 6,991,066</u>
Notes receivable from participants	<u>\$ 329,453</u>	<u>\$ 226,052</u>

The custodian also certified to the completeness and accuracy of \$1,344,172 of net depreciation in fair value of investments, \$12,161 of interest income and \$13,407 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2022.

Technical Chemical Company 401(k) Retirement Plan

Notes to Financial Statements

Note 5. Excess Contributions

Liabilities of 3,227 and \$732 as of December 31, 2022 and 2021, respectively, relate to amounts payable to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of ERISA. Excess contribution payables are included as a reduction of participant contributions on the statement of changes in net assets available for benefits.

Note 6. Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company and Transamerica Life Insurance Company (the custodian) qualify as party-in-interest transactions.

Note 7. Income Tax Status

The Technical Chemical Company 401(k) Retirement Plan is a volume submitter plan of Transamerica Life Insurance Company. The Internal Revenue Service has determined and informed the custodian by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Risks and Uncertainties

The Plan may invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Notes to Financial Statements

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	\$ 6,454,140	\$ 7,231,363
Participant contributions receivable	(12,100)	(7,949)
Employer contributions receivable	(10,377)	(6,971)
Excess contributions payable	3,227	732
Net assets available for benefits per the Form 5500	<u>\$ 6,434,890</u>	<u>\$ 7,217,175</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease in assets available for benefit per the financial statements	\$ (777,223)
Adjustments for change in contributions receivable	(7,557)
Adjustments for change in excess contributions payable	<u>2,495</u>
Net decrease in net assets available for benefits per the Form 5500	<u>\$ (782,285)</u>

Note 11. Subsequent Events

The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through July 27, 2023, the date the financial statements were available to be issued.
