Independent Auditor's Report

The Plan Administrator
Universal Care 401(k) Plan
Westminster, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Universal Care 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, the Plan was merged into the Bright Health Management, Inc. 401(k) Plan. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Universal Care 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following brief description of the Universal Care 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan effective January 1, 2019, covering substantially all employees of Universal Care, Inc. (the Company) that reached the age of 21 and completed three months of service. Participants could enter the Plan on the first day of each month after meeting the eligibility requirements. Employees covered by a collective bargaining agreement were not eligible to participate in the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Merger

Effective January 1, 2023, the assets of the Plan merged into the Bright Health Management, Inc. 401(k) Plan (Bright Health Plan). In preparation for the merger, the participant accounts were valued on December 30, 2022 and transferred to the Bright Health Plan and were in transit as of December 31, 2022. A total of \$5,311,457 of assets were transferred out of the plan. For financial statement purposes the merger has been reflected as of midnight on December 31, 2022. The net assets transferred to the Plan were comprised of \$5,202,700 as in-kind investments, \$83,323 in participant loans, payable of \$9,411 of excess contributions, and a contributions receivable related to the Plan of \$34,845.

Trustee and Administration of the Plan

The trustee of the Plan was Ascensus Trust Company and the recordkeeper of the Plan was Ascensus, LLC (Ascensus). The administrator of the Plan was the Company. Ascensus Trust Company held all assets of the Plan in accordance with the provisions of the trust agreement and the service provider contract with the Company. Morgan Stanley was the investment advisor. The Company and investment advisor determined the appropriateness of the Plan's investment offerings and monitored investment performance.

Participant Contributions

Eligible participants could contribute on a pre-tax or after-tax Roth basis up to 100% of their qualifying annual compensation, as elected in their salary deferral agreements. Newly eligible employees were automatically enrolled to defer to the Plan at 3% of compensation, unless they made an affirmative election to defer at a different rate. Salary deferral agreements were made, terminated, or changed according to procedures and limitations set up by the Plan administrator and the plan document. Participants could change their contribution percentages at any time. A participant could cease making pre-tax and after-tax Roth contributions at any time.

Deferral contributions (pre-tax and after-tax Roth) could not exceed certain limits as set forth by the Internal Revenue Code (IRC). In addition, those participants age 50 or older were allowed additional catch-up contributions as allowed by the IRC.

Universal Care 401(k) Plan

Notes to Financial Statements

Rollover Contributions

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (IRA) were accepted as permitted by the plan document.

Employer Contributions

The Company could make discretionary employer matching and profit sharing contributions in an amount determined by the Company. All employer contributions were invested in the same manner as the participants' contributions. For the year ended December 31, 2022, the Company did not provide for any discretionary employer matching or profit sharing contributions.

Participant Accounts and Investment Options

Each participant's account was credited with the participant's deferral (pre-tax and Roth), catch-up, rollover, discretionary employer contributions, an allocation of net plan earnings or losses; and charged with an allocation of expenses paid by the Plan. The investment earnings or losses were allocated to each participant's account in the proportion that the balance of each participant's account bore to the total balance of all participants in each investment option.

Participants could direct the investment of their account balances into various investment options offered by the Plan. Participants could make investment option changes at any time. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

Vesting

Participants were immediately 100% vested in their deferral (pre-tax and Roth), catch-up and rollover contributions, and the allocated earnings thereon. Discretionary employer matching and profit sharing contributions, and the allocated earnings thereon vested at 33% after one year of service, 67% after two years of service and were fully vested after three years of service.

Forfeitures

Forfeitures arising from other non-vested discretionary contributions could be used to offset future discretionary employer contributions or to pay plan expenses. As of December 31, 2022 and 2021 and for the year ended December 31, 2022, there were no forfeiture accounts.

Payment of Benefits

A participant's vested interest in the Plan was payable upon death, attainment of normal retirement age (65), becoming disabled, as defined, or termination of service. Upon termination of service, a participant could elect to receive either a lump-sum amount or leave the account in the Plan to the age of 72, or rollover the vested balance to another qualified plan or IRA. For terminated participants whose account balance was less than \$1,000, a lump-sum cash distribution was made if the participant did not elect to rollover the balance to another qualified plan or IRA. For terminated participants whose account balance was greater than \$1,000 but less than \$5,000, the account balance was rolled over into an IRA in the name of the participant if the participant did not elect another form of distribution. In-service distributions, including hardship withdrawals, were also allowed by the Plan if certain criteria were met.

Universal Care 401(k) Plan

Notes to Financial Statements

Participant Notes Receivable

Participants were permitted to borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested interest in the Plan. Participants could only have one outstanding note at any given time. Notes bore a reasonable rate of interest, which was fixed through the term of the note. The maximum note term was five years. The notes were subject to certain restrictions, as defined by the plan document, and applicable restrictions under the IRC.

Plan Termination

The Company had the right to terminate the Plan at any time. See *Plan Merger* for merger of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as further described in Note 4, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor.

Interest income is recorded as earned on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments, as well as the reinvested capital gains received.

Management fees and operating expenses (in the form of an expense ratio) charged to the Plan for the investments were deducted from income earned on a daily basis and reflected as a reduction of investment return for such investments.

Contributions

Employee contributions are recorded in the period payroll deductions were made. Employer profit sharing contributions are recorded in the period that the compensation which is the basis for the contribution was paid.

Universal Care 401(k) Plan

Notes to Financial Statements

Participant Notes Receivable

Participant notes receivable were measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees were recorded as administrative expenses and were expensed as incurred. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan balance to be in default, the participant loan balance was reduced, and a benefit payment was recorded.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2022 and 2021, there were no pending distributions.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments were charged directly to the participant's account and were included in administrative expenses. Additional recordkeeper and investor advisor fees could be allocated to participant's accounts in the proportion that the balance of each participant's account bore to the total balance of all record-keeper and investor advisor fees. Certain additional fees could also be net with investment earnings or losses.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, a qualified institution, has certified the following information included in the accompanying financial statements as complete and accurate:

- Investments and notes receivable from participants as reported in the Statement of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment income and interest earned on notes receivable from participants as reported in the Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2022.
- Certain investment information included in the Notes to Financial Statements.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest Bearing Cash - This asset is valued based on the amount held in the cash account, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2021:

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,365,584	\$ -	\$ -	\$ 3,365,584
Interest bearing cash	14,660	-	-	14,660
Total Investments, at fair value	\$ 3,380,244	\$ -	\$ -	\$ 3,380,244

Due to the merger of the Plan as discussed in Note 1, no assets were held as of December 31, 2022.

5. Income Tax Status

The Plan adopted a non-standardized plan document. The sponsor of the prototype plan received an opinion letter from the Internal Revenue Services (IRS) dated June 30, 2020 stating that the prototype plan is qualified under the applicable sections of the IRC. The plan administrator believes that the Plan was designed and operated in compliance with the applicable sections of the IRC. Accordingly, no income taxes have been accrued in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-In-Interest Transactions

Ascensus Trust Company was the trustee as defined by the Plan and Ascensus was the recordkeeper of the Plan. Administrative fees of \$16,366 were paid to Ascensus for recordkeeper services and fees of \$28,262 were paid to Morgan Stanley for investment advisor services during the year ended December 31, 2022. The Plan also issued loans to participants which were secured by the vested balance of the participants' accounts. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Risks and Uncertainties

The Plan invested in mutual funds, which were exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investment securities were sensitive to changes in economic conditions and could be adversely affected by shifts in the market perception of the issuers and changes in interest rates.

8. Delinquent Participant Contributions

During the year ended December 31, 2022, the Company failed to timely remit certain contributions and loans to the Plan in the amount of \$229,818. The Company calculated lost earnings and remitted them as of December 31, 2022. See accompanying Schedule of Delinquent Participants Contributions for the year ended December 31, 2022.
