INDEPENDENT AUDITOR'S REPORT

To the Administration of Twenty 20 Management Inc. 401(k) Plan
Christiansburg, VA 24068

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Twenty 20 Management Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Twenty 20 Management Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent Twenty 20 Management Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

MEMBERS

AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Twenty 20 Management Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Twenty 20 Management Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Twenty 20 Management Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of schedule of assets held at end of year for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TWENTY 20 MANAGEMENT INC 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1. PLAN DESCRIPTION

The following description of the Twenty 20 Management Inc 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Twenty 20 Management Inc (the Sponsor). The Plan is a qualified trust under Sections 401(a) and 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Matrix Trust Company is the Plan's Trustee for the year ended December 31, 2022. Employees become eligible on the first day of the following month after the date of hire. Participants may join at any given time during the year once eligible.

Contributions: Participants may elect to contribute a percentage of their compensation up to the maximum permitted by law. For 2022, participants can contribute up to \$20,500 (participants age 50 and over are eligible to make catch-up contributions for a maximum of \$27,000). The Plan permits rollover contributions from qualified retirement plans and IRAs; however, the Plan Administrator may adopt separate procedures limiting the type of rollover contributions it will accept. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common stocks, bonds, and an insurance investment contract as investment options for participants. The Employer will make Qualified Matching Contributions (QMAC) equal to 50% of elective contributions up to 2% of eligible earnings. The Employer may also make a special discretionary Qualified Non-Elective Employer Contribution (QNEC) to eligible participants as determined under the plan.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan and (c) loans and loan repayments. Generally, the expenses of administering the Plan are paid from Plan assets the Administrator has directed to be used for such purpose. Any remaining expenses are shared among all participants' accounts as a flat fee or a percentage of the expense determined in the ratio that the value of each participant's account bears to the total value of all accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 100% vested in Employer contributions after 6 years of service. Participants are immediately vested in Employer contributions classified as Qualified Matching (QMAC) and Qualified Non-Elective Contributions (QNEC). In addition, if a participant dies or becomes disabled, their account becomes 100% vested. Upon termination of employment, the non-vested balances accumulated are subsequently redistributed to a separate forfeiture account.

Payment of benefits: The participants' benefit will equal the sum of the salary deferral, the after-tax contributions, the rollover contributions, and the vested portion of the Employer's contribution plus net income and net losses resulting from the investment of these amounts as valued on the valuation date as defined. If the vested interest is \$5,000 or less, a participant will be eligible to receive a distribution of the entire vested balance as soon as administratively feasible following termination of employment. The benefit may be paid in a lump sum payment or by direct rollover to an IRA or other eligible retirement plan. If the vested balance is between \$1,000 and \$5,000 as of the distribution date and that participant does not consent to a distribution, the vested balance will be automatically rolled over to an IRA selected by the Plan Administrator. If the total vested account balance is \$1,000 or less as of the distribution date, the entire vested account balance will be distributed to the participant in a lump sum even without consent. If the value of the vested interest in a participant's account exceeds \$5,000, distribution of such account balance will be made as soon as administratively feasible following termination of employment. However, if the participant doesn't consent to distribution, the account balance will remain in the Plan. Distribution of participants' accounts while still employed is allowed once the participant obtains normal retirement age or becomes disabled. However, no in-service distributions of salary deferrals may be made prior to age 59 ½ other than a distribution as a result of a disability. Rollover contributions may be withdrawn at any time.

TWENTY 20 MANAGEMENT INC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. PLAN DESCRIPTION, continued

If a participant dies prior to the distribution of the full value of their vested account, distribution will be made to the participant's beneficiary as designated on the appropriate designated beneficiary form. If a participant does not designate a beneficiary to receive their benefits upon death, the benefits will be first distributed to a participant's spouse. If there is no spouse, then benefits will be distributed equally to the participant's children. If there are no children, the benefits will be distributed to the participant's estate.

Forfeited accounts: Forfeitures may first be used to pay any Plan expenses. Any remaining forfeitures are used to offset the Employers' matching contributions and are accounted for as a component of employer's contributions in the accompanying statements of changes in net assets available for benefits. Forfeited non-vested accounts totaled \$2,031 and \$3,748 at December 31, 2022 and 2021.

Termination of plan: Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of management's review: Subsequent events were evaluated through August 31, 2023, which is the date the financial statements were available to be issued.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded,

Investment valuation and income recognition: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable: Amounts payable to participants totaling \$-0- for contributions in excess of amounts allowed by the IRS are recorded as accounts payable for the years ended December 31, 2022 and 2021.

Payment of benefits: Benefits are recorded when paid.

TWENTY 20 MANAGEMENT INC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. PLAN DESCRIPTION, continued

Administrative expenses: The Company may pay administrative and trust expenses. All expenses not paid by the Company shall be paid by the Plan. The Company employees also administer the Plan.

NOTE 3. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the trustee of the Plan by the most recent letter dated April 2, 2018, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The volume submitter plan from which the Plan was drafted is a standardized 401(k) savings/profit sharing plan. The Plan administrator operates the Plan as a qualified trust under Sections 401(a) and 401(k) of the Internal Revenue Code, and is therefore exempt from federal income taxes under provisions of Section 501(a).

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

NOTE 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements: The Fixed Account investment option is provided through a Group Annuity Contract or Group Funding Agreement. Under the terms of the Contract, a crediting rate is established for amounts invested in the Fixed Accounts. The Company determines fair value of its investments using the market approach. Liquidation value is based on an actuarial formula as defined under the terms of the Contract. There are no unobservable inputs used and investment meets the definition of Level 2.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. FAIR VALUE MEASUREMENTS, continued

The following tables present fair value measurement information for the Plan's investments. The carrying values of receivables and cash included in the accompanying statements of net assets available for benefits approximated fair value at December 31, 2022 and 2021, and are thus not included in the following table.

		Fair Value Measurements at the End of the Reporting Period Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Observable Inputs (Level 2)
December 31, 2022	Fair Value		
Mutual funds	\$ 482,574	\$ 482,574	\$ -
Total	\$ 482,574	\$ 482,574	\$ -

		Fair Value Measurements at the End of the Reporting Period Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Observable Inputs (Level 2)
December 31, 2021	Fair Value		
Mutual funds	\$ 349,799	\$ 349,799	\$ -
Total	\$ 349,799	\$ 349,799	\$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net (depreciation) appreciation in fair value of instruments.

The plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no significant transfers into or out of Level 3.

NOTE 5. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the financial statements was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	2022	2021
Investments, at fair value at December 31	\$ 482,574	\$ 349,799
Net appreciation (depreciation) in fair value of investments	(77,912)	(13,600)
Investment Income	12,329	44,312

NOTE 6. ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by Matrix Trust Company (Matrix), the Trustee of the plan. The trustee provides record keeping services to the Plan and maintains the participant's retirement account information.

Employer and participant contributions are managed by Matrix which invests cash received, interest and dividend income, and makes distributions to participants.

NOTES TO FINANCIAL STATEMENTS

NOTE 6. ADMINISTRATION OF PLAN ASSETS, continued

The financial statements and the financial information presented in Note 5 are prepared from information supplied by Matrix. Specifically, investments, investment income received, gain/loss on sale of investments, net appreciation/depreciation of investments, contributions received, and benefits paid information as of and for the years ended December 31, 2022 and 2021, were supplied by EPIC Retirement Plan Services. Such information has been certified as being complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's

Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974 and the Plan Administrator has elected to use this information without audit.

NOTE 7. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and an investment contract managed by Matrix. Matrix is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of stocks, mutual funds and other investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
