Report of Independent Auditors

To the Administrator of DuPont Puerto Rico Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of DuPont Puerto Rico Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DuPont Puerto Rico Savings and Investment Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the DuPont Puerto Rico Savings and Investment Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by the Electronics Microcircuits Industries, Ltd. (“DEMI” or the “Company” or the “Plan Sponsor”) on June 1, 2019. The Plan is available to the Puerto Rico based employees of DEMI, except for collectively bargained, leased, and commission-only employees upon the eligible employee's date of hire. The purpose of the Plan is to encourage and assist employees in following a systematic savings program suited to their individual objectives, and to provide an opportunity for employees to invest in the alternatives described in the Plan. The Plan is a tax qualified defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective November 1, 2022, the Plan was amended to allow special withdrawal distributions up to \$100,000 due to the passage of Hurricane Fiona for the period October 6, 2022 through December 31, 2022.

Trustee and Administration of the Plan

A local plan administrator was named by the Company and participates in DuPont Benefits Plans Administrative Committee meetings, but was not a member of the committee, whose members were appointed by the Company. Effective November 1, 2022, the Plan was amended to appoint the Benefits Plans Administrative and Investment Committee as the new Plan Administrator. The Benefits Plans Administrative & Investment Committee, whose members are appointed by the Company, has responsibility for selecting and overseeing the Plan investments and determining the Plan’s valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. The Company holds authority to appoint Trustees and has designated Banco Popular de Puerto Rico as Trustee and paying agent for the plan. Bank of America, N.A (“Bank of America”) is the custodian of the Plan and provides record-keeping and participant services.

Contributions

An eligible employee may contribute as pre-tax contributions up to an amount not to exceed the maximum deferral amount specified by Section 1081.01 (d)(7)(A) of the Internal Revenue Code for a New Puerto Rico of January 31, 2011, as amended (“PR Code”). Also, the participant may make voluntary contributions to the Plan on an after-tax basis up to 10% of compensation. The Plan allows for rollover contributions from other Puerto Rico qualified plans. The Company makes a matching contribution equal to 100% of a participant’s contribution, up to 6% of eligible compensation. In addition, the Company makes a contribution (“Retirement Savings Contribution”) to each eligible employee account, currently equal to 3% of eligible compensation. The Retirement Savings Contribution is made by the Company regardless of whether the participant voluntarily contributes to the Plan. Participants are automatically enrolled in the Plan at a 6% before-tax savings rate and increased 1% annually, up to a maximum of 15% of compensation, if no action is taken by the eligible employee within 60 days from the date of hire. Under automatic enrollment the participant assets are invested in accordance with a managed account feature offered by Bank of America. In addition, participants who have attained age 50 before the end of the Plan year may elect to make Catch-Up contributions of up to \$1,500 per Plan year.

DuPont Puerto Rico Savings and Investment Plan

Notes to Financial Statements

Investment Options

The Plan currently offers various investment options for participants to direct their investments. Participants may allocate their before and after-tax savings deductions and Company contributions among the various mutual fund investment options at their discretion.

Participant Accounts

Each participant account is credited with the participant's contributions, Retirement Savings Contributions, Company matching contributions, and Plan earnings thereon. Participant accounts are charged with an allocation of Plan fees. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in their contributions plus actual earnings thereon and in the Company matching contributions. Participants become fully vested on the Retirement Savings Contribution after three years of service. Retirement Savings Contributions are fully and immediately vested when the participant reaches age 65 while working for the Company. In the event of a participant's death, disability, or retirement, all amounts in the participant's account become fully vested. If the participant's job is eliminated, this will also result in their account becoming fully vested.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. If the account balance is \$1,000 or under, an immediate distribution will be made. A participant entitled to a benefit under the Plan of more than \$1,000 may elect to defer payment of that benefit until the calendar year in which the participant reaches age 70 ½.

In service withdrawals are permitted as follows:

- Withdrawals are available for any reason from after-tax amounts in the plan. There are no minimum amounts or restrictions on the number of times they can occur throughout the year.
- Hardship withdrawals are available to the employee in the event of hardship. Hardship events include the purchase of their principal residence, medical expenses for them, their spouse, or their dependents, educational expenses such as tuition, payments needed to prevent eviction from their principal residence and payments for funeral expenses.
- Withdrawals after age 59 ½ are available for any reason from the before-tax contributions including investment earnings and the vested portion of the employer matching contributions.

DuPont Puerto Rico Savings and Investment Plan

Notes to Financial Statements

Forfeitures

The Plan provides that forfeitures of nonvested Retirement Savings Contributions, if any, shall be applied to reduce Plan expenses and to reduce Company contributions. Forfeited unallocated amounts totaled \$246 as of December 31, 2022. There were no forfeited nonvested accounts as of December 31, 2021. In 2022 there were no forfeitures that were used to reduce Company contributions or to pay for Plan expenses.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balances, excluding the Retirement Savings Contribution, subject to a minimum of \$1,000 and a maximum of \$50,000. The maximum amount is reduced by the highest outstanding loan balance of a previous loan, whether repaid or not, in the preceding 12 months. The loans are executed by promissory notes and have a maximum term of 60 months for general purpose or 120 months if for residential mortgage purposes. The interest rate for all loans is fixed for the life of the loan at prime plus 1%. Interest rate on notes receivables from participants ranged from 4.25% to 8.00% with maturity dates from 2022 to 2027.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefits Plans Administrative & Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Interest income is recorded on the accrual basis. Initiation fees associated with loans are deducted from the individual participant loans.

DuPont Puerto Rico Savings and Investment Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

DuPont Puerto Rico Savings and Investment Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded and are classified as Level 1.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>December 31, 2022</i>	<i>Total</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>
Mutual funds	\$ 19,779,887	\$ 19,779,887	\$ -	\$ -
Total Investments, at fair value	\$ 19,779,887	\$ 19,779,887	\$ -	\$ -

<i>December 31, 2021</i>	<i>Total</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>
Mutual funds	\$ 23,799,361	\$ 23,799,361	\$ -	\$ -
Total Investments, at fair value	\$ 23,799,361	\$ 23,799,361	\$ -	\$ -

5. Related Party and Party-in-Interest Transactions

Fees are paid by Plan participants to Bank of America for administrative services. Certain administrative functions are performed by officers or employees of the Plan Sponsor who may also be participants in the Plan. No such officer or employee receives compensation from the Plan. These transactions qualify as party-in-interest transactions permitted under the provisions of ERISA. Notes receivable from participants are also considered exempt party-in-interest transactions.

During the Plan year ended December 31, 2022, participant contributions and loan repayments totaling \$471 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer has corrected these transactions by remitting the lost earnings to the Plan during 2022.

Notes to Financial Statements

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict.

7. Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. While the Plan Sponsor has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event the Plan is terminated, all participants become vested and the distribution of balances will be made based upon the valuation of the participants' accounts.

8. Tax Status

The Company has obtained a favorable determination letter from the Puerto Rico Treasury Department, dated September 20, 2019 as to the Plan's qualified status and the trust's exemption from taxes on income under the provisions of Section 1081.01 (a) and (d) of the PR Code.

During December 2022, the Plan requested a new determination letter from the Puerto Rico Treasury Department in connection with the Plan amendment (see Note 1). The Company is expecting to receive a favorable determination letter from the Puerto Rico Treasury Department during 2023.

No events have occurred with respect to the Plan that, in substantial likelihood, would result in the Plan being disqualified by the Puerto Rico Treasury Department. The Plan has been amended since receiving the determination letter; however the Plan administrator believes that the Plan is designed and is currently operated in accordance with the applicable requirements of the PR Code; therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods (2019 and thereafter) in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through September 8, 2023, the date the financial statements were available to be issued. Based on this evaluation, no material events were identified that would require adjustment or disclosure in these financial statements.
