Independent Auditors' Report

Plan Administrator
Elite Medical Staffing 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of Elite Medical Staffing 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ELITE MEDICAL STAFFING 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) **Description of Plan**

The following description of Elite Medical Staffing 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

(a) **General**

The Plan is a defined contribution plan sponsored by Elite Medical Staffing, LLC (the “Company”) with an Internal Revenue Code 401(k) provision for the benefit of its employees who have completed one year of service and attained 21 years of age, as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2022, the Plan was amended and restated to become a traditional Safe Harbor 401(k) Plan.

Effective July 1, 2022, the Plan was amended and restated in accordance with the Internal Revenue Service’s (“IRS”) mandatory restatement cycle.

(b) **Contributions**

Participants may contribute up to 90% of their annual compensation as pre-tax or Roth contributions, as defined by the Plan, subject to limitations of the Internal Revenue Code. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Company contributes 25% of the first 6% of compensation that a participant contributes to the Plan. The Plan accepts rollovers and direct transfers from other tax-qualified plans.

Effective January 1, 2022, the Plan was amended and restated to become a traditional Safe Harbor 401(k) Plan under which the Plan provides a Safe Harbor contribution of 100% of the first 4% of compensation that a participant contributes to the Plan. This contribution is to be remitted to all applicable participants in the following Plan year.

Effective July 1, 2022, the Plan was amended and restated in which participants are now automatically enrolled at a deferral percentage of 1% of eligible compensation, which can be changed by participants at any time. Contributions are not automatically increased each year.

(c) **Participant Accounts**

Each participant’s account is credited with the participant’s contributions, the Company’s contributions and allocations of plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined. The Plan allows participants to direct their contributions into a variety of investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(1) Description of Plan - Continued

(d) Forfeitures

Terminated participants that are less than 100% vested in the Company contribution portion of their account will forfeit the non-vested portion of their account. The forfeiture will occur in the plan year in which the participant receives a distribution of his or her entire vested account or after five consecutive one year breaks in service. Forfeitures may be applied to plan expenses or to reduce future employer contributions.

The Plan had \$2,761 and \$1,992 of forfeiture amounts available at December 31, 2022 and 2021, respectively, to offset administrative fees or reduce future employer contributions. Forfeitures of \$4,581 were used in 2022 to reduce employer contributions.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in Company contributions in accordance with the following schedule:

<u>Total Number of Years of Service</u>	<u>Vested %</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Participants also become fully vested upon reaching their normal retirement date (age 65), death, or retirement due to disability.

(f) Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum distribution, installments over a period of time, or partial withdrawal.

The Plan requires a mandatory distribution for all terminated participants with a vested interest in the Plan under \$5,000 which will be distributed at the end of the year as a rollover to an IRA if the participant does not make an affirmative election to either receive or rollover the distribution.

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be outstanding at any time. Loan terms typically range from one to five years. The loans are secured by the balance in the participant's account. Loans bear interest at prime as published in the Wall Street Journal plus 2%. Principal and interest are paid ratably through payroll deductions.

(2) **Summary of Significant Accounting Policies**

(a) **Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) **Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. The fair value of registered investment companies is determined based on quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.

The Invesco Stable Asset Fund ("Fund") is a common collective fund which seeks stability of principal and high current income and is fully benefit-responsive. The Fund invests primarily in stable value products, including guaranteed investment contracts ("GICs") and synthetic GICs issued by major insurance companies and money market instruments. Participants may purchase units of the Fund daily based on the established unit value of \$1.00. Participants have a proportionate undivided interest in all assets of the Fund, and hold units of the Fund. Net investment income is distributed to participants monthly and is reinvested to purchase additional units. The principal value per unit of the Fund is determined at the end of each day by dividing net assets of the Fund, which represents the fair value of the underlying investments of the Fund, by the number of outstanding units. Generally, contributions to and withdrawals from the Fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant. The NAV, as provided by the Fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net depreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

(c) **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(2) Summary of Significant Accounting Policies - Continued

(d) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities as stated in the plan document. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments, the loan balance is reduced and a benefit payment is recorded.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Administrative Expenses

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

(3) Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, Reliance Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Total investments and notes receivable from participants as of December 31, 2022 and 2021, as shown in the Statements of Net Assets Available for Benefits;
- Total investment income, and related investment activity, as shown in the Statement of Changes in Net Assets Available for Benefits;
- Assets held for investment purposes as of December 31, 2022, as shown in the supplemental schedule.

(3) **Information Certified by Trustee (Unaudited) - Continued**

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule of assets (held at end of year).

(4) **Fair Value Measurements**

Management of the Plan applies Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs, other than quoted prices, that are observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The categorization of an asset or liability within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Following is a description of valuation methodologies used for assets within the Plan measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

Registered Investment Companies

Shares of registered investment companies held by the Plan are valued at the daily closing price as reported by the fund. The shares of registered investment companies held by the Plan are deemed to be actively traded therefore Level 1 classification is considered reasonable.

ELITE MEDICAL STAFFING 401(K) RETIREMENT SAVINGS PLAN

(4) Fair Value Measurements - Continued

Common Collective Trust

A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily.

The above methods may produce a fair value calculation that may not be indicative of net realizable value or be reflective of future values.

Plan assets have been classified within a level of the fair value hierarchy based on the lowest level of input that is significant to the estimated fair value measurement, as set forth below:

Fair Value Measurements at December 31, 2022 Using				
Description	Assets Measured at Fair Value at December 31, 2022	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 439,868	439,868	-	-
Common collective trust at NAV	2,955 (a)			
Total investments	\$ 442,823			

Fair Value Measurements at December 31, 2021 Using				
Description	Assets Measured at Fair Value at December 31, 2021	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 396,235	396,235	-	-
Common collective trust at NAV	2,007 (a)			
Total investments	\$ 398,242			

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to provisions of the Employee Retirement Income Security Act of 1974. In the event of plan termination, participants will become 100% vested in their accounts.

ELITE MEDICAL STAFFING 401(K) RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

(6) Income Tax Status

The Plan has adopted the ADP prototype plan which obtained a favorable opinion letter dated October 6, 2020, in which the Internal Revenue Service stated that the adopted prototype plan, as then designed, constituted a qualified trust under Section 401(a) of the Internal Revenue Code and was thus exempt from federal income taxes under the provisions of Section 501(a). The adopted plan document has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the adopted plan document and thus the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Parties-in-Interest

Notes receivable from participants are managed by the trustee, and therefore qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA; they are, however, expressly exempted from the prohibited transaction rules. Administrative fees paid to ADP for contract administration totaled approximately \$4,266 for the year ended December 31, 2022.

(8) Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Schedule H of Form 5500:

	<u>2022</u>	<u>2021</u>

(9) Excess Contributions Payable

Excess contributions payable of \$0 and \$24,486 as of December 31, 2022 and 2021, respectively, represent payments made to participants in 2023 and 2022, respectively, to refund excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

(10) Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of \$5,647 were not remitted within the required time period for the years ended December 31, 2021, 2020 and 2019. The Company has remitted these delinquent employee contributions, plus any employer contributions and lost earnings as a result, to the Plan during 2022.

(11) Subsequent Events

Plan management has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 22, 2023, the date the financial statements were available to be issued.
