Independent Auditor's Report

To the Plan Administrator
CAN Capital, Inc. 401(k) Plan
Kennesaw, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CAN Capital, Inc. 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the CAN Capital, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 2005, and most recently restated October 6, 2020 is a defined contribution plan covering all employees of CAN Capital, Inc. and participating affiliates (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee and Administration of the Plan

The trustee of the Plan is Reliance Trust Company (the Trustee). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The 401K Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees of the Company are eligible to participate in the Plan after attainment of age 21 and completing 3 months of service, as defined.

Contributions

Participants may contribute either pre-tax or after-tax Roth deferrals, subject to certain Internal Revenue Code ("IRC") limitations. Upon becoming eligible to make salary deferrals under the Plan, a participant will be deemed to have entered into an automatic salary deferral election of 2% of Plan compensation, as defined, unless the participant makes a contrary salary deferral election. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides for a matching contribution on behalf of each eligible participant equal to 50% of participant deferrals up to 6% of the eligible participant's compensation up to a limit of \$3,000 contribution annually. The Company may also provide a discretionary nonelective employer contribution on behalf of eligible participants. No discretionary nonelective contributions were made during 2022.

Participant Accounts

Each participant's account is credited with participant contributions, the Company contributions, and allocations of the Plan earnings, and charged with benefit payments, allocations of Plan losses, and certain administration expenses. Plan earnings and losses are allocated based on account balances while contributions are credited based upon elective deferrals and compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral contributions and rollover contributions, plus actual earnings thereon. A participant will also be 100% vested upon death or disability or attainment

CAN Capital, Inc. 401(k) Plan

Notes to Financial Statements

of normal retirement age, as defined. Company matching and nonelective contributions plus earnings thereon are vested under the following schedule:

<u>Years of Service</u>	<u>%Vested</u>
Less than 1 year	0%
At least 1 year, but less than 2	33%
At least 2 years, but less than 3	66%
3 years or more	100%

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of a participant's account balance. Participants may have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal plus 2%. The period for loan repayment cannot exceed five years from the date of the loan unless it was used to purchase a principal residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive the value of their vested account in a lump-sum amount, installments, or defer receiving payments until age 70 ½. If the vested amount at termination or retirement is \$5,000 or less, the Plan will automatically roll the vested account to an IRA in a direct rollover if the vested account is more than \$1,000. A participant may withdraw vested portions of the contributions made to the Plan on his or her behalf prior to the termination of his or her employment with the Company upon attainment of age 59½. Hardship withdrawals may be requested and are paid in one lump-sum upon approval.

Forfeitures

Forfeitures of non-vested accounts may be used to pay for Plan expenses or reduce future employer contributions. During the year ended December 31, 2022, \$4,130 of forfeited amounts were used to reduce employer contributions. At December 31, 2022 and 2021, the balance in the forfeiture account was \$60 and \$10, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

CAN Capital, Inc. 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability, and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value.

CAN Capital, Inc. 401(k) Plan

Notes to Financial Statements

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust (CCT): Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the CCT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. The fund is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<i>Assets at fair value as of December 31, 2022</i>	Level 1	Total
Mutual Funds	\$ 5,309,873	\$ 5,309,873
Common/collective trust measured at NAV*		611,032
Total investments at fair value	\$ 5,309,873	\$ 5,920,905

<i>Assets at fair value as of December 31, 2021</i>	Level 1	Total
Mutual Funds	\$ 6,413,273	\$ 6,413,273
Common/collective trust measured at NAV*		726,633
Total investments at fair value	\$ 6,413,273	\$ 7,139,906

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits

The following is a summary of the Plan's investments for which fair value is estimated using the net asset value per share as of December 31, 2022 and 2021:

	2022 Fair Value	Unfunded Commitments	Redemption Notice Period	Redemption Frequency
Common/collective trust	\$ 611,032	N/A	Daily	None

	2021 Fair Value	Unfunded Commitments	Redemption Notice Period	Redemption Frequency
Common/collective trust	\$ 726,633	N/A	Daily	None

4. Information Certified by Reliance Trust Company

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2022	2021
Mutual funds	\$ 5,309,873	\$ 6,413,273
Collective trust fund	\$611,032	\$ 726,633
Notes receivable from participants	\$31,578	\$ 28,285
<i>Year Ended December 31,</i>		2022
Net depreciation in fair value of investments		\$ (1,585,462)
Interest and dividend income from investments		\$259,148
Interest income on notes receivable from participants		\$10,831

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are held and managed by the trustee. Therefore, these transactions qualify as party-in-interest transactions. During the year ended December 31, 2022, the Plan paid recordkeeper fees to the Plan's third-party administrator. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Income Tax Status

The Plan adopted a pre-approved plan which received a favorable opinion letter from the Internal Revenue Service (the IRS) dated October 6, 2020. The opinion letter stated that the pre-approved Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of the letter, however, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

CAN Capital, Inc. 401(k) Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events from the date of the Statement of Net Assets Available for Benefits through September 22, 2023, the date the financial statements were available to be issued and determined that no subsequent events occurred requiring adjustments to, or disclosure in, the financial statements.
