Halcon Corporation Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Halcon Corporation Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Halcon Corporation Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Halcon Corporation Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a voluntary, defined contribution plan covering substantially all employees of Halcon Corporation (the Company and Plan Administrator). To be eligible for the Plan, employees must have completed six months of service with the Company. Open enrollment for the Plan is held quarterly for employees who are eligible to participate in the Plan. The Plan and trust, of which it is a part, are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Employees who elect to participate in the Plan may make salary reduction contributions up to 100% of their pretax annual compensation as defined in the Plan agreement, subject to certain limitations. Participants are also permitted to make Roth after-tax deferrals to the Plan. In addition, those participants who have attained age 50 prior to the end of the Plan year are eligible to make additional catch-up contributions subject to certain Internal Revenue Service (IRS) and Plan limitations. Participants may also contribute amounts representing rollover distributions from other qualified plans subject to certain conditions and limitations specified in the Plan. The Company has historically, and for the Plan year ended December 31, 2022, made discretionary matching contributions of 30% of the first 5% of compensation that the participant contributes to the Plan. The Company may also make additional discretionary contributions to the Plan with such amounts determined annually. There were no additional discretionary contributions made to the Plan for the year ended December 31, 2022. All contributions are subject to certain limitations.

Investment options: The Plan has selected investment options, as described in the Plan's literature, from which participants may select. The options vary in type of investments, rate of return and investment risk. Contributions are deposited with Principal Life Insurance Company and are credited to the individual participant accounts. Participants self-direct the investments in their account and can allocate their account balance and future contributions to the various investment options in any combination. Such allocations may be changed at any time during the year.

Self-directed brokerage investments: Participants also have the opportunity to invest in participant-selected mutual funds, publicly traded stocks and other investments through a brokerage account established with Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company.

Participant accounts: Individual accounts are maintained for each participant of the Plan. Each participant's account is credited or charged with the participant's contributions, and an allocation of the Company's contributions, if any, as well as allocations of the Plan's investment results, and administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan administration: The investments of the Plan are held by Principal Life Insurance Company and Principal Trust Company (the custodians). Performance of all fiduciary and administrative matters, other than managing, controlling or maintaining custody of the Plan's investment assets, is the responsibility of the Company and the Plan's trustees.

Vesting: Participants are 100% vested in their voluntary and Company contributions plus investment results thereon at all times.

Halcon Corporation Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow amounts from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance. Note terms may not exceed five years. The notes are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined periodically by the Plan Administrator. The rate of interest on existing notes at December 31, 2022, ranged from 5.25% to 9.00%, with notes maturing through November 2027. Note repayments of principal and interest are made through regular biweekly payroll deductions.

Payments of benefits: A participant's benefits are based on the amount in the participant's account. A participant may request a distribution of their account balance upon termination of employment or while still employed by the Company if certain conditions are met. Participants whose termination of employment occurs for any reason shall be entitled to benefits equal to 100% of the individual participant's account balance. Voluntary withdrawals of a participant's pretax and rollover contributions account are allowed before attaining age 59½ for reasons of financial hardship or other conditions as specified by the Plan. Distribution of a participant's benefits are made to the participant or beneficiaries in a lump sum or in installments based on the discretion of the Plan Administrator and the election made by the participant, within certain guidelines as defined by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the custodians. See Note 5 for a discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes from participants are recorded as a distribution based upon the terms of the Plan document. Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Halcon Corporation Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Plan administrative expenses: Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain fees are charged by Principal Life Insurance Company (Principal) for investment management fees and transaction processing. Individual participants pay for these expenses as they are incurred. Additional fees charged by Principal for Plan administration costs are paid by the Company as they are incurred. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 13, 2023, the date the financial statements were available to be issued. See Note 10 for a subsequent event.

Note 3. Investment Accounts With Insurance Company

The Plan has guaranteed interest accounts with Principal Life Insurance Company that hold various contracts based on deposit and maturity dates. The guaranteed interest accounts are non-benefit-responsive, and therefore, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest accounts. Principal maintains certain Plan assets in an unallocated fund, to which it adds interest at the contract rates, which ranged from 0.10% to 3.17% at December 31, 2022. The interest rates on the contracts change as the portfolio of the contracts change. Deposits into these contracts are guaranteed the contract minimum rate of return. The average portfolio yield on the contracts was approximately 1.07% for the year ended December 31, 2022. The contracts typically have terms of five years and contracts held at December 31, 2022, mature through December 2026. Amounts held in accounts are automatically reinvested into new contracts upon maturity. Withdrawals prior to maturity for events other than death, disability, termination or retirement may be subject to certain surrender charges.

Note 4. Certified Investments

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by Principal Life Insurance Company or Principal Trust Company, the custodians of the Plan. The Plan Administrator has obtained certification from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule certified as complete and accurate by Principal Life Insurance Company in relation to the guaranteed interest accounts and pooled separate accounts and Principal Trust Company in relation to the self-directed brokerage investments.

Assets certified by the custodians as complete and accurate as of December 31, 2022 and 2021, were as follows:

	2022	2021
Investments, at fair value:		
Guaranteed interest accounts	\$ 359,612	\$ 371,077
Pooled separate accounts	6,730,947	8,001,233
Self-directed brokerage investments	1,781,172	2,106,079

Halcon Corporation Retirement Plan

Notes to Financial Statements

Note 4. Certified Investments (Continued)

The custodians also collectively certified to the completeness and accuracy of \$1,302,046 of net depreciation in fair value of investments and \$10,362 of interest and dividends related to the aforementioned investments for the year ended December 31, 2022.

Note 5. Fair Value Measurements

The Plan holds certain financial instruments that are required to be measured at fair value on a recurring basis. The valuation techniques used to measure fair value under the Fair Value Measurement and Disclosure topic of the Accounting Standards Codification (ASC) are based upon observable and unobservable inputs. The standard establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for identical or similar assets or liabilities in active or inactive markets, and inputs other than quoted prices that are observable or corroborated by observable market data for the asset or liability, either directly or indirectly, for substantially the same term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan's policy is to recognize transfers in and transfers out as of the actual date of the event or change in the circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no transfers.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Guaranteed interest accounts: Fair value represents the value the Plan would receive if the various contracts were terminated, which is book value less any early withdrawal charges.

Pooled separate accounts: Pooled separate accounts are valued at their accumulation unit value (AUV), which is a net asset value (NAV) equivalent used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported AUV. Pooled separate accounts are valued daily at the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically, the beginning AUV is \$10.00) and is then determined daily based on the NAV of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

In accordance with ASC Subtopic 820-10, the pooled separate accounts held by the Plan are not classified in the fair value hierarchy table because they are measured at NAV per share, used as a practical expedient.

Halcon Corporation Retirement Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

Self-directed brokerage investments: Investments within the self-directed brokerage accounts include common stocks, mutual funds and interest-bearing cash. Common stocks are valued at the closing price reported in the active market in which the individual securities are traded. Mutual funds are reported at the fair value based on the quoted market price of the fund. The carrying amount of interest-bearing cash approximates fair value because of the short maturity of the instrument.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the financial instruments carried at fair values as of December 31, 2022 and 2021, on the statements of net assets available for benefits, by the valuation hierarchy defined above:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Guaranteed interest accounts	\$ -	\$ -	\$ 359,612	\$ 359,612
Self-directed brokerage investments	1,781,172	-	-	1,781,172
Total assets in the fair value hierarchy	<u>\$ 1,781,172</u>	<u>\$ -</u>	<u>\$ 359,612</u>	2,140,784
Investments at net asset value, pooled separate accounts (a)				6,730,947
Total investments at fair value				<u>\$ 8,871,731</u>

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Guaranteed interest accounts	\$ -	\$ -	\$ 371,077	\$ 371,077
Self-directed brokerage investments	2,106,079	-	-	2,106,079
Total assets in the fair value hierarchy	<u>\$ 2,106,079</u>	<u>\$ -</u>	<u>\$ 371,077</u>	2,477,156
Investments at net asset value, pooled separate accounts (a)				8,001,233
Total investments at fair value				<u>\$ 10,478,389</u>

- (a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV as a practical expedient or its equivalent have not been included in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Fair Value Measurements (Continued)

The following table presents the Plan's Level 3 financial instrument and its fair value as of December 31, 2022 and 2021, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2022:

	Fair Value as of December 31		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values (Weighted Average)
	2022	2021			
Guaranteed five-year interest accounts	\$ 359,612	\$ 371,077	Discounted cash flow	Risk-adjusted discount rate applied	0.10% – 3.17%*

*Calculation of a weighted average was not feasible as the Plan holds a large number of contracts. Additionally, a Plan level weighted average would not be a meaningful measurement with respect to any individual contract.

Investments measured using the NAV per share practical expedient: The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021.

	Fair Value at December 31		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Pooled separate accounts	\$ 6,730,947	\$ 8,001,233	N/A	Daily	None

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA.

Note 7. Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by Principal Life Insurance Company. Principal Life Insurance Company has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has not taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 8. Related-Party Transactions

Certain Plan investments consist of balances in the guaranteed interest accounts and units of pooled separate accounts sponsored by Principal Life Insurance Company and in self-directed brokerage accounts established by Principal Trust Company. Principal Life Insurance Company and Principal Trust Company are custodians as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Note 10. Subsequent Event

The Plan was amended effective, January 1, 2023, and as a result of this amendment, participants will be 100% vested in the Company's matching and discretionary contributions after the completion of two years of vesting service. Participants will be 100% vested if while employed by the Company the participant reaches normal or early retirement age, as defined by the Plan, or if the participant becomes totally disabled or dies. This change in vesting only impacts participants that enter the Plan on or after January 1, 2023.
