INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
JSE 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the JSE 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JSE 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Description of Plan

The following description of the JSE 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions. Effective January 1, 2022, the Plan completed the cycle 3 restatement and no Plan provisions were changed as part of this restatement.

General

The Plan is a defined contribution plan covering substantially all employees of Jordan & Skala Engineers, Inc. (the Company) who are age 21 or older, except for those covered by a collective bargaining agreement, nonresident alien employees, student Co-Op's, and temporary labor. Effective January 1, 2023, the Plan was amended to allow employees classified as Temporary/Seasonal, Interns, and Co-Op students who meet other eligibility requirements to participate in the Plan. The Plan was also amended to adjust certain deferral limits, update the certain compensation exclusions, and adjust employee contribution limits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make pre-tax and/or Roth contributions of up to 100% of their eligible compensation as defined by the Plan document, not to exceed a maximum of \$20,500 in 2022, plus an additional \$6,500 of catch-up contributions for participants who are at least 50 years of age. Additionally, the Plan allows participants to make after-tax contributions of up to 100% of their eligible compensation. In 2022, a participant may have total contributions to the Plan in the amount of \$61,000, or \$67,500 including catch-up contributions. Employees are automatically enrolled in the Plan upon becoming eligible, with a default pre-tax deferral percentage of 6% of eligible compensation, unless they elect otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make discretionary matching contributions to eligible participants, as determined annually by the Board of Directors. The Company elected to match 25% of employee contributions, not including catch-up or after-tax contributions, for the 2022 plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions and earnings and losses on the investments in their account and is charged with administrative expenses. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

JSE 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants hired prior to October 1, 2017 are 100% vested immediately in the Company's contributions. Participants hired on or after October 1, 2017 are 100% vested in Company's contributions after two years of service.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$4 and \$400, respectively, and are included in the money market fund on the accompanying statements of net assets available for benefits. Forfeited non-vested accounts may be used first to pay administrative expenses or to reduce future Company contributions. In 2022, \$8,260 was used to reduce Company contributions.

Payment of Benefits

At the time of retirement, death, disability, or termination of employment, a participant or their beneficiary may receive the payment of the vested interest in their account in a lump sum distribution. If the account balance is \$1,000 or less, the Plan may, upon termination of service, automatically distribute the balance in a lump sum without participant consent. Participants' account balances between \$1,000 and \$5,000 may be automatically rolled over to an individual retirement account unless the participant directs otherwise. In-service withdrawals are also permitted for participants who have attained age 59½. Participants are eligible to receive hardship withdrawals when certain conditions are met.

Administrative Expenses

Administrative expenses for advisory services, recordkeeping, and certain participant transaction fees are paid by participants. The Company pays all other administrative expenses of the Plan that are not paid by participants. The Company does not expect to be reimbursed by the Plan for the payment of the Plan's administrative expenses. Advisory service charges and recordkeeping fees are paid to service providers of the Plan and qualify as party-in-interest transactions. Expenses are allocated proportionately based on the participants' account balances. Certain expenses specifically incurred by a participant, such as taking a withdrawal from the Plan, are paid directly by that participant. Investment related expenses are included in net change in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

JSE 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer discretionary matching contributions are considered payable to the Plan when the related contributions are payable to the Plan and are approved by the Board of Directors. Any unfunded participant or employer discretionary matching contributions are included in the employee or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2022 and 2021.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Net change in fair value of investments includes expenses, interest, dividends, and realized and unrealized gains and losses on investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 19, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021, and the net change in fair value of investments for the year ended December 31, 2022 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (Schwab), the Plan's qualified institution.

JSE 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

4. Investments

Plan investments include shares of mutual funds and a money market fund managed by Schwab. Schwab is a service provider for the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, and significant cybersecurity attacks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments in mutual funds and the money market fund are based on quoted market prices for the identical security in an active market (Level 1).

JSE 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

The Plan is invested in the Putnam Stable Value Fund, which is primarily invested in fully benefit-responsive guaranteed investment contracts (GICs), which are general obligations of the insurance companies that issue the contracts, and security-backed contracts. The stable value fund trades at net asset value (NAV), which is based on the contract value of the underlying GIC investments. Participants transact at NAV daily (Level 1). There are no restrictions on withdrawal of these funds except that if the Company were to remove this investment option from the Plan, they would have to provide twelve months' notice prior to liquidating this investment.

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2022 and 2021:

	Level 1	
	2022	2021
Mutual funds	\$ 21,630,908	\$ 24,041,343
Money market fund	280,808	186,383
Stable value fund	556,392	450,284
Total	\$ 22,468,108	\$ 24,678,010

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants would become fully vested in their account balances.

6. Income Tax Status

The Plan is a prototype plan created by Schwab Retirement Plan Services, Inc. (Schwab Retirement). Schwab Retirement is a related entity to Schwab. The Internal Revenue Service has determined and informed Schwab Retirement by a letter dated September 21, 2020, that the prototype is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities and may change upon examination.
