Independent Auditor's Report

To the Plan Administrator, Trustee, and Participants
Commonwealth Engineers, Inc. Savings Plan
Indianapolis, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Commonwealth Engineers, Inc. Savings Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2; and

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement

when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the

certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule (modified cash basis) agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Commonwealth Engineers, Inc. Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Commonwealth Engineers, Inc. Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on November 30, 1977, covering all employees of Commonwealth Engineers, Inc. (the Plan Sponsor or the Company), except for part-time and seasonal employees. Employees are eligible to enter the Plan on the date of hire. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2023, the Plan document was restated and amended to implement hardship distribution provisions of the Bipartisan Budget Act of 2018, and to allow for installment and partial distributions for eligible balances.

Contributions

Participants may contribute up to 100% of pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC), or designate all or a portion of elective deferrals as Roth elective deferrals. Participant contributions are presented net of prior-year excess contributions distributed (if any). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollovers.

The Company may elect to provide a discretionary matching contribution each plan year. The extent and amount of each year's discretionary contributions, if any, are at the discretion of the Company and are calculated and funded annually. During 2021 and 2022, the Company approved discretionary matching contributions of \$277,897 and \$337,025, respectively, which were equal to 50% of participant deferrals up to 6% of eligible compensation (maximum match of 3% of eligible compensation). The discretionary matching contributions were paid on March 11, 2022, and March 8, 2023, respectively.

The Company may also make discretionary profit-sharing contributions to the Plan. Participants must have performed one year of service (defined as 1,000 hours of service during the Plan year) and be employed on the last day of the Plan year, except in the event of death, disability, or retirement during the year, to be eligible for the profit-sharing contribution. During 2021 and 2022, the Company approved discretionary profit-sharing contributions of \$448,102 and \$563,876, respectively. The discretionary profit-sharing contributions were paid on March 11, 2022, and March 8, 2023, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, allocations of the Company's profit-sharing contributions (if any), and

Commonwealth Engineers, Inc. Savings Plan

Notes to Financial Statements

Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the benefit that can be provided from the participant's vested account. Participants may direct their investments into various options offered by the Plan. The Plan offers 26 variable investment options, two self-directed brokerage accounts, and one fixed account fund as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

On termination of service, death, disability, or retirement, participants or beneficiaries may receive a lump-sum amount equal to the value of their vested interest in his or her account. If, at termination, the participant's vested balance is \$5,000 or less, the Plan may distribute the entire vested balance out of the Plan, as allowable by the Plan. Partial distributions and installment payments are also allowed. Additionally, under certain circumstances of financial hardship, participants are allowed to withdraw funds from the Plan.

Forfeitures

Forfeitures from nonvested participant accounts may be used to reduce future employer discretionary contributions, profit-sharing contributions, or to pay Plan administrative expenses. At December 31, 2022 and 2021, forfeitures included in net assets were \$18,612 and \$27,660, respectively. Forfeitures of \$27,424 were used for employer contributions in 2022.

Administrative Expenses

The Plan's expenses are paid by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Fees related to participant-initiated transactions are charged directly to the

Commonwealth Engineers, Inc. Savings Plan

Notes to Financial Statements

participant's account and are included in administrative expenses. Certain investment-related expenses are included in net depreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (US GAAP). The presentation is permitted by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Cash-basis financial statements that adjust securities investments to fair value are considered to be prepared on a modified cash basis of accounting. Under the modified cash basis of accounting, certain additions and related assets are recognized when received rather than when earned, and certain deductions are recognized when paid rather than when the obligation is incurred.

The principal items that would be required to be reflected in the financial statements by US GAAP (the amounts of which are not practicable to determine) are as follows:

- Accrual of all contributions owed at each year-end but not received until the following year.
- Accrual of dividends declared but not paid.
- Accrual of the Plan expenses and management fees incurred at year-end but not paid until the following year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Fair Value Measurement

The Plan has determined the fair value of investments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Commonwealth Engineers, Inc. Savings Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – Valued at the net asset value (NAV). The NAV is based on quoted prices in active markets. As a result, the fair value of the account is classified as Level 1.

Self-Directed Brokerage Accounts - Consist primarily of common stock, mutual funds, and cash and cash equivalents. The fair value of the individual investments is valued at the NAV of shares held by the Plan on the last trading day of the Plan year based on quoted market prices.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of:

	Level 1	Total
<u>December 31, 2022</u>		
Mutual Funds	\$ 12,983,955	\$ 12,983,955
Self-directed brokerage accounts	40,472	40,472
Total	\$ 13,024,427	\$ 13,024,427
<u>December 31, 2021</u>		
Mutual Funds	\$ 17,225,654	\$ 17,225,654
Self-directed brokerage accounts	50,596	50,596
Total	\$ 17,276,250	\$ 17,276,250

There were no Level 2 or Level 3 assets at December 31, 2022 or 2021.

Risks and Uncertainties

The Plan provides investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of

Commonwealth Engineers, Inc. Savings Plan

Notes to Financial Statements

net assets available for benefits (modified cash basis). The Plan had a concentration in individual investment funds greater than 10% in three and two funds totaling \$4,594,699 and \$5,297,461 at December 31, 2022 and 2021, respectively.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2022 and 2021, and for the year ended December 31, 2022. Accordingly, the following investment information included in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021, and for the year ended December 31, 2022, was obtained and derived from the information supplied to the Plan administrator and certified as complete and accurate by Empower Trust Company, LLC, the Plan's trustee, and Empower Annuity Insurance Company of America:

	December 31,	
	2022	2021
Investments:		
Investments, at fair value	\$ 13,024,427	\$ 17,276,250
Investment, at contract value - fixed account	185,344	218,418
	Year Ended	
	December 31,	
	2022	
Net depreciation in fair value of investments	\$ (3,715,333)	
Interest income from investments, at contract value	2,834	
Dividend and interest income from investments	400,268	

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Investment, at Contract Value – Fixed Account

The Plan maintains a fully benefit-responsive insurance contract account. This account meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because

Commonwealth Engineers, Inc. Savings Plan

Notes to Financial Statements

this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value is guaranteed for participant transactions by the full faith and credit of Empower Annuity Insurance Company of America, and it represents contributions made, less withdrawals and administrative expenses, plus accrued interest. Net deposits become part of a fixed account, and there are no particular segregated or identifiable assets ascribed to the Plan's investment. Daily liquidity is available for participant contributions and withdrawals at contract value, regardless of market conditions.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The average yield earned by the fund was 1.15% and 1.18% for 2021 and 2022, respectively.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, may limit the Plan's ability to transact at contract value. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

5. Related-party Transactions and Party-in-interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Empower, and thereby, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services were \$24,832 in 2022. Additional investment fees paid to the Trustee are netted against investment returns. These party-in-interest transactions are not prohibited under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts, and the balance of the net assets of the Plan would be allocated among the participants and beneficiaries as prescribed by ERISA.

7. Tax Status

The Plan has adopted a Non-Standardized Prototype Plan Document sponsored by Empower Trust Company, LLC (formerly, Great-West Trust Company, LLC) that obtained a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Prototype Plan Document, as then designed, was in compliance with the applicable requirements of the IRC and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the opinion letter. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is currently designed and

Commonwealth Engineers, Inc. Savings Plan

Notes to Financial Statements

being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes is included in the Plan's financial statements.

The Plan reviews its tax positions for uncertainty and records a provision for tax positions which may not be sustained based on their technical merits if examined by taxing authorities. At December 31, 2022 and 2021, there were no matters requiring a provision for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Subsequent events were evaluated through September 26, 2023, the date the financial statements were available to be issued. Except as disclosed at Note 1, no other items were noted requiring disclosure or adjustment.
