Independent Auditors' Report

To the Plan Administrator of
Connex Credit Union Inc. 401(k) Plan and Trust
North Haven, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Connex Credit Union Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at and of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and

certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to financial statements

December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Connex Credit Union Inc. 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan for the employees of Connex Credit Union Inc. (the “Company” or “Employer”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan, which was established effective January 1, 1986, allows for participant contributions which are self-directed into available investment funds and provides for participant loans. All employees who have completed three months of service as defined by the Plan Document and have attained age 20 are eligible to participate in the Plan on the first day of the following quarter. For purposes of salary deferrals, employees are eligible after 30 days of service beginning on the first day of the following quarter.

Contributions

The Plan is funded through employee and Employer contributions to retirement funds managed and operated by Fidelity Management Trust Company (“Fidelity”), the Trustee. Participants may elect to tax defer amounts as allowed under the Plan and Internal Revenue Code (the “IRC”). Current tax law limits each employee’s annual pretax deferral to \$20,500 plus an additional \$6,500 for those participants over 50 years old for all tax deferred retirement plans in which they participate.

Company matching contributions may be made to the Plan equal to a uniform percentage of employee salary deferrals. The Company will match 100% of the first 3% of the participant’s Plan compensation contributed to the Plan and 50% of the next 2% of the participant’s Plan compensation contributed to the Plan.

Each year the Company may make a discretionary profit sharing contribution. The Company’s profit sharing contribution is determined based on each participant’s compensation and age. All contributions for participants are subject to limits for tax deductions under the IRC.

Participant Accounts

Each participant's account is maintained separately within the Plan and is credited with elective deferrals, Employer contributions and plan earnings. Participants may elect to have contributions invested in any or all of the funds of the Plan, subject to certain limitations. Investment income and expenses are allocated to the participants' accounts regularly. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance or their voluntary contributions, rollover contributions, or other transferred or segregated monies for which an account balance is maintained. A participant may not request a loan for less than \$1,000. Participant notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions as of each payroll withholding period.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer matching and profit sharing contributions and related earnings are based on the following schedule:

<u>Vesting Service (Whole Years)</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If a participant is not already fully vested, he or she will become so upon attaining normal retirement age, on death prior to normal retirement age, on retirement due to disability, or on termination of the Plan.

Payments of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account, determined as of the valuation date. The Plan also provides for in-service withdrawals by qualified participants, generally participants that have attained the age of 59 1/2. The Plan also allows for hardship distributions, and distributions for childbirth and adoption expenses, if certain conditions are met. Distributions are paid by lump sum or in installments over a number of years, based upon election of the participant or the Plan, as defined in the Plan or the IRC.

Forfeited Accounts

Amounts forfeited by participants that separate from service before they are fully vested are maintained by the Plan and used to offset the Company contribution in future years or administrative expenses. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$17,152 and \$50,194 respectively. During 2022, the amount of forfeitures that were utilized to reduce Employer contributions was \$61,692.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are

included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Managed Income Portfolio, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors and the Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events Measurement Date

The Plan monitored and evaluated any subsequent events for footnote disclosures or adjustments required in its financial statements for the year ended December 31, 2022 through September 26, 2023, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Certain assets of the Plan are accounted for at fair value. Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets;

- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date. Investments of \$11,917,050 and \$13,759,157 at December 31, 2022 and 2021, respectively, are Level 1.

NOTE 4 – TAX STATUS

The Plan is a prototype plan. The Internal Revenue Service has determined and informed Fidelity that the Plan and related trust are acceptable under the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the fiscal years prior to 2019.

NOTE 5 – MANAGED INCOME PORTFOLIO

The Plan has a managed income portfolio fund (the "Portfolio"), which invests in short-term bonds and other fixed income securities such as U.S. treasury bonds, government agency securities, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities and derivative instruments, including futures, options and swaps. The Portfolio also purchases third party wrap contracts designed to permit the use of contract value accounting to maintain a constant NAV and to provide for the payment of participant-directed withdrawals and exchanges at contract value under most circumstances. Interest is credited to the Portfolio under the wrap contracts; there is no immediate recognition of gains and losses. Instead, gains or losses are recognized over time by adjusting the interest rate credited to the Portfolio. The Portfolio may also invest in investment contracts offered by insurance companies and other approved financial institutions that provide for the payment of a specified rate of interest to the Portfolio and the repayment of principal at maturity.

NOTE 6 – PLAN TERMINATION

While the Company has indicated no intention to do so, it has the right under the Plan to terminate the Plan at any time under the provisions of ERISA. In the event of a termination, participants will become fully vested in their account balances.

NOTE 7 – INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including total investments and notes receivable from participants held at December 31, 2022 and 2021, and interest and dividends, net depreciation in investments, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity, the Trustee.

NOTE 8 – RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan offers investments that are managed by Fidelity. Fidelity is the Trustee of the Plan's assets, therefore transactions in these funds qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments. The Plan provides for participant loans. Transactions in such investments qualify as party-in-interest transactions as defined by ERISA.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investments and mutual funds that include growth funds, blended funds, international funds, fixed income funds, value funds, and growth funds. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment options will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Statement of Net Assets Available for Benefits for the years ended December 31, 2022 and 2021, to Form 5500:
