Independent Auditor's Report

To the Participants and Retirement Plan Committee
Genesis Medical Group 401(k) Profit Sharing Plan
Spring, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Genesis Medical Group 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GENESIS MEDICAL GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1. Description of the Plan

General

The following description of the Genesis Medical Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants are encouraged to refer to the Plan Document for a more complete description of the Plan's provisions. The Plan is sponsored by Genesis Medical Group (Plan Sponsor). Northwest Diagnostic Clinic IPA, LLC, David P. Ellent, PLLC, and Genesis Medical Group Management (collectively, the Company) are participating employers.

Eligibility

The Plan is a defined contribution plan covering substantially all employees of the Company, other than union employees and non-resident aliens, who have completed one year of service and attained the minimum age requirement of 21. A year of service will have been completed at the end of the first twelve consecutive months of employment with at least 1,000 hours of service. The Plan is subject to the provision of the Employment Retirement and Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may make an elective deferral, for each plan year, an amount equal to the maximum percentage allowable under law of pretax annual compensation, as defined in the Plan. Participants may make a special election to defer up to 100% of any bonus. Participants may also contribute amounts representing distributions from other qualified retirement defined benefit or defined contribution plans. During any calendar year ending or after the participant obtains the age of 50, participants may make catch-up contributions exceeding the annual elective deferral limit. These additional amounts are subject to an annual limit imposed by law. The Company is required to make a non-elective safe harbor matching contribution to the Plan for each eligible participant, equal to 100% of the first 3% of base compensation and 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation. For the year ended December 31, 2022, the Company contributed safe harbor matching contributions of \$249,584.

At the sole discretion of the Company's Board of Directors, additional non-safe harbor matching contributions and profit-sharing amounts may be contributed to the Plan. For the year ended December 31, 2022, the Company made no profit-sharing or additional non-safe harbor matching contributions.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with participant contributions, rollover contributions, allocations of company contributions and investment earnings and losses, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

GENESIS MEDICAL GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their individual accounts among investment options provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds. The Plan also allows participants to invest deferred amounts in self-directed accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. Participants may only have one outstanding note receivable at a time. The note is secured by the balance in the participant's account and bears a reasonable rate of interest as determined by the Plan, based on reviewing the interest rates charged for similar types of loans by other lenders. Principal and interest are paid ratably through payroll deductions.

Benefits Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. A participant may also elect to receive a pre-retirement distribution from their fully vested accounts once they attain the age of 50. For termination of service due to other reasons, a participant with an account balance exceeding \$5,000 may elect to receive the value of the vested interest in his or her account as a lump sum distribution. Vested account balances of \$5,000 or less are distributed to participants as a lump sum distribution without the participant's consent. Hardship withdrawals are permitted from participant deferrals and rollovers, within limitations and conditions as defined by the Plan.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions, plus actual earnings on the contributions. Vesting in the Company's discretionary contributions is based on years of continuous service on a 6-year graded schedule.

Forfeited Accounts

Forfeited non-vested accounts are available to be used to reduce employer contributions and/or to pay plan expenses. For the year ended December 31, 2022 the Plan used forfeitures of \$29 to reduce employer contributions and \$1,089 to pay plan expenses. Forfeited non-vested accounts totaled \$1,887 and \$94 at December 31, 2022 and 2021, respectively.

GENESIS MEDICAL GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Delinquent participant loans are reclassified as distributions based on the terms of the Plan Document; thus, no allowance for doubtful accounts has been recorded at December 31, 2022 and 2021.

Benefit Payments

Benefits are recorded when paid.

GENESIS MEDICAL GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain fees for services charged by the trustees may be directly charged to a participant. Investment management and advisory fees are charged to the Plan. Other administrative costs of the Plan charged by the trustees are generally paid by the Company.

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Tax Status

The Plan adopted a non-standardized form of a pre-approved plan. The pre-approved plan provider received on June 30, 2020 an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial plan termination, participants would become 100% vested in their accounts.

GENESIS MEDICAL GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 3. Information Certified by Empower Trust Company, LLC and Empower Annuity Insurance Company of America

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the trustees of the Plan. The Plan Administrator has obtained certifications that the information provided to the Plan Administrator by the trustees related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets as of December 31, 2022 and 2021:

	2022	2021
Investments, at Fair Value		
Mutual Funds	\$ 5,054,882	\$ 6,295,410
Self-Directed Accounts	597,548	641,477
	<u>\$ 5,652,430</u>	<u>\$ 6,936,887</u>
Investments, at Contract Value		
Fixed Annuity Key Guaranteed Portfolio Fund	\$ 545,467	\$ 1,137,751
Notes Receivable from Participants	<u>\$ 13,518</u>	<u>\$ 8,162</u>

The trustees also certified to the completeness and accuracy of \$1,134,589 of net depreciation in fair value of investments, \$135,035 of dividends related to the aforementioned assets, and \$584 of interest income on notes receivable from participants for the year ended December 31, 2022.

GENESIS MEDICAL GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

- Level 3 Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Accounts: Primarily consists of interest and non-interest bearing cash, corporate stocks, and mutual funds that are all valued on the basis of readily determinable market prices.

GENESIS MEDICAL GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 5,054,882	\$ -	\$ -	\$ 5,054,882
Self-Directed Accounts	597,548	-	-	597,548
Total Investments, at Fair Value	\$ 5,652,430	\$ -	\$ -	\$ 5,652,430

December 31, 2021	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 6,295,410	\$ -	\$ -	\$ 6,295,410
Self-Directed Accounts	641,477	-	-	641,477
Total Investments, at Fair Value	\$ 6,936,887	\$ -	\$ -	\$ 6,936,887

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds an investment in a general account offered through a group annuity contract that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The group annuity contract held by the Plan is a guaranteed investment contract of which contributions are maintained in a general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

GENESIS MEDICAL GROUP 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
2. Premature termination of contracts;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on completing investment options; and
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures, or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and
4. A material amendment to the agreements without the consent of the issuer.

Readers of the financial statements should refer to the specific contract terms for limitations. Management does not believe that any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the trustees, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 7. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, August 27, 2023, and determined that no events occurred that require disclosure. No events occurring after this date have been evaluated for inclusion in these financial statements.
