Independent Auditor's Report

To the Plan Administrator
EightCAP, Inc. 403b Retirement Plan
Orleans, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of EightCAP, Inc. 403b Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 29, 2022 (in liquidation) and December 31, 2021 (on-going), and the related statement of changes in net assets available for benefits for the period January 1, 2022 to July 29, 2022 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of EightCAP, Inc. 403b Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of July 29, 2022 and December 31, 2021, and for the period of January 1, 2022 to July 29, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of EightCAP, Inc. 403b Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1 to the financial statements, the governing board of EightCAP, Inc. 403b Retirement Plan approved a plan liquidation and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2021 financial statements to the liquidation basis used in presenting the 2022 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of EightCAP, Inc. 403b Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

Note 1: Description of Plan

The following description of the EightCAP, Inc. 403b Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Plan Termination

On March 25, 2022, a resolution was adopted to terminate the Plan, with contributions allowed until April 30, 2022. The Plan was formally terminated on July 29, 2022. All assets of the Plan were either rolled EightCAP, Inc. 401(k) Retirement Plan or converted into individually owned IRA accounts.

General

The Plan was a participant-directed defined contribution plan established for a not-for-profit organization, commonly known as a Code Section 403(b) savings plan. EightCAP, Inc. (the "Employer") was the plan sponsor and is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (IRC). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was intended to satisfy the requirements under Section 404(c) of ERISA and, therefore, provides that participants may choose to direct their contributions on/or all or part of their account balances among the Plan's Investment alternatives. All investments were participant-directed.

Contributions

Each year, participants were able to contribute up to 100 percent of pretax annual wages, as defined in the Plan agreement. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Employer matched 100% of the participant's contribution, up to a maximum of 5% of the participant's eligible bi-weekly compensation. In order to receive the match, employees must have deferred a minimum of 1% of their bi-weekly compensation. Contributions were subject to certain IRS limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions and Employer matching contributions as well as an allocation of Plan earnings (losses). Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that was provided from the participant's vested account.

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants were immediately vested in their contributions and Employer matching contributions plus actual earnings thereon.

Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions were secured by the balance in the participant's account and bore interest at a fixed rate determined by the plan administrator based on prevailing market conditions. Interest rates on existing loans ranged from 7.0% to 7.4%. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account or annual installment payments, as defined by the Plan agreement. For termination of service for other reasons, a participant could receive the value of his or her account as a lump-sum distribution. The Plan also permitted withdrawals of active participants' elective contributions, Employer matching contributions and rollover contributions upon attainment of age 59 ½ or in amounts necessary to satisfy a financial hardship as defined by the Plan agreement.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note 1, a resolution was adopted to terminate the Plan effective March 25, 2022. In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan changed its basis of accounting from the ongoing basis to the liquidation basis. The change to liquidation basis had no material impact on the accompanying financial statements.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

EightCAP, Inc. 403b Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments were reported at fair value (except for fully benefit-responsive investment contracts (FBRICs)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FBRICs were reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Employer. Expenses that were paid by the Employer were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment-related expenses were allocated proportionately to plan participants based on their respective account balances and were included in net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 21, 2023, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of July 29, 2022 and 2021.

Mutual funds held in pooled separate accounts: Fair value of mutual funds held in pooled separate accounts is based on quoted net asset values of underlying investments held by the pooled separate accounts adjusted by an asset charge. The underlying mutual funds held in the pooled separate accounts are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	\$ -	\$ 2,785,120	\$ -	\$ 2,785,120
Mutual funds	297,238	-	-	297,238
Total investment assets at fair value	\$ 297,238	\$ 2,785,120	\$ -	\$ 3,082,358

Notes to Financial Statements

Note 4: Fully Benefit-Responsive Investment Contracts (FBRICs)

The Plan invested in FBRICs with Lincoln National Life Insurance Company ("Lincoln") and Farm Bureau Life Insurance Company of Michigan ("Farm Bureau") in the form of guaranteed investment contracts (GICs) that invested in traditional investment contracts. Lincoln and Farm Bureau maintained the contributions in general accounts. The accounts were credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Lincoln and Farm Bureau were contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The GICs were carried at contract value. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There were no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer.

Certain events limit the Plan's ability to transact at contract value with Lincoln and Farm Bureau including plan termination and other events as specified in the GICs. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuers were probable of occurring. The GICs do not permit Lincoln or Farm Bureau to terminate the agreements prior to the scheduled maturity dates.

Note 5: Information Prepared and Certified by Certain Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, FBRICs, and notes receivable from participants held by Lincoln and Farm Bureau at July 29, 2022 and December 31, 2021, and net depreciation in fair value of investments, participant loan interest and interest on investment contracts with Lincoln and Farm Bureau for the period ended July 29, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln and Farm Bureau, Custodians of certain plan assets.

Note 6: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments were managed by Lincoln, Farm Bureau, and MFS, the Custodians, as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services are included in net depreciation in fair value of investments, as they were paid through revenue sharing, rather than a direct payment. Certain accounting and legal fees relating to the maintenance of the Plan were paid by the Employer.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

EightCAP, Inc. 403b Retirement Plan

Notes to Financial Statements

Note 7: Tax Status

The Plan's terms were been drafted in reliance on the sample language provided by the IRS. The Plan was required to operate in conformity with the Internal Revenue Code (IRC) to maintain the exclusion from tax for plan participants. The Plan's management believes the Plan was currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax was included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
