INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Pinkard Construction Co. Employee Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Pinkard Construction Co.'s Employee Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Basis for Opinion (Continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audits of the Financial Statements (Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PINKARD CONSTRUCTION CO.
EMPLOYEE PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

1 Description of Plan

The following description of the Pinkard Construction Co. (the Company) Employee Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

- A. General. The Plan is a defined contribution plan covering all employees of the Company who meet minimum age and service hour requirements. The Plan is a combination 401(k) plan with an employer matching provision and a discretionary profit sharing plan and is subject to the provisions of ERISA. The participant must have six months of service with the Company using the elapsed time method to be eligible to participate in the deferral, safe harbor, and profit sharing contribution provisions of the Plan. The participant must be 18 years or older to participate in either part of the Plan. The plan includes an automatic enrollment in which eligible employees contribute 3% of eligible salary unless they elect otherwise.
- B. Contributions. Each year, Participants may make pre-tax and/or post-tax elective deferrals of their eligible compensation, subject to the statutory limitations. Eligible compensation is comprised of W-2 wages, increased by any pre-tax elective deferral amounts. Participants must opt out of automatic deferrals of 3% of eligible wages. The plan also has an automatic step-up deferral of 1% of eligible wages up to a maximum of 10%, unless the participant opts out. The company makes non-elective safe harbor employer contributions of 3% of W-2 wages, increased by pre-tax elective deferral amounts for all eligible employees. Participants may also make rollover contributions from other qualified plans. The Company may also make discretionary profit sharing contributions, limited only by statutory provisions, which are to be allocated in the ratio that each participant's eligible compensation bears to the aggregate eligible compensation for all participants for the wages earned based on the Plan's year. The Company made no profit sharing contributions during the years ended December 31, 2022 and 2021, respectively. Participants direct the investment of all contributions into various investment options offered by the Plan.
- C. Participant Accounts. Each participant's account is credited with the participant's contributions and Company matching contributions, reallocated forfeited balances, as well as allocations of the Company's profit sharing contribution and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D. Vesting. Participants are immediately vested in their contributions and employer matching contributions, plus actual earnings thereon. Vesting in profit sharing contributions and earnings commences during the second year of service and occurs at a rate of 20% per year of service, with 1,000 hours or work or more until 100% vested.
- E. Forfeitures. Forfeitures of terminated participants' non-vested accounts may be allocated to participant accounts, used to reduce Company contributions, or used to pay Plan expenses.

1 Description of Plan (Continued)

- E. Forfeitures (Continued). As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$23,120 and \$18,245, respectively, which have been allocated in accordance with Plan provisions. Accounts forfeited during the years ended December 31, 2022 and 2021 were \$25,902 and \$15,588, respectively.
- F. Notes Receivable from Participants. Participants may borrow, from their accounts, a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000, less the highest outstanding loan balance during the preceding one-year period, or 50% of the participant's vested account balance. Loan terms do not exceed five years, unless the loan is for the acquisition of the principle residence of the participant, in which the loan term may be up to ten years. Participants may have up to two loans, limited to one residential loan with a ten-year term. The loans are secured by the balance in the participant's account and bear interest at prime plus 2%. Interest rates range from 5.25% to 10.25% per annum at December 31, 2022. Principal and interest are paid ratably through weekly and monthly payroll deductions.
- G. Payment of Benefits. On termination due to severance of service, death, disability or normal retirement, a participant will receive an amount equal to the value of the participant's vested interest in his or her account paid in a lump sum.

2 Summary of Significant Accounting Policies

- A. Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

- B. Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- C. Investment Valuation and Income Recognition. Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2 Summary of Significant Accounting Policies (Continued)

D. Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

E. Payment of Benefits. Benefits are recorded when paid.

F. Operating Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3 Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company (the trustee of the Plan).

The following information, included in the accompanying financial statements and supplementary schedule, was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

	<u>2022</u>	<u>2021</u>
Mutual Funds, at Fair Value	\$ 3,189,097	\$ 5,105,248
Common/Collective Trusts, at Fair Value	\$ 14,410,411	\$ 18,383,647
Self-Directed Brokerage Accounts, at Fair Value	\$ -	\$ 174
Notes Receivable from Participants	\$ 297,361	\$ 339,162
Investment Income (Loss)	\$ (3,963,237)	\$ 2,779,460
Interest income on Notes Receivable from Participants	\$ 18,136	\$ 20,972

4 Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its matching and profit sharing contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5 Tax Status

The Plan has obtained a favorable tax determination letter from the Internal Revenue Service (IRS). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS Code and, therefore, believe the Plan is qualified and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

6 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

7 Related Party Transactions

At December 31, 2022 and 2021, certain Plan investments were shares of common/collective trusts managed by the Trustee of the Plan, Principal Trust Company. These transactions qualify as party-in-interest transactions. Some fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. Other administrative expenses, consisting of fees charged for certain transactions, reported in the accompanying financial statements totaled \$52,677 and \$55,120 for the Plan for the years ended December 31, 2022 and 2021, respectively.

8 Fair Value Measurements

FASB ASC 820-10-50, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements). The three levels of the fair value hierarchy under FASB ASC 820-10-50 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PINKARD CONSTRUCTION CO.
EMPLOYEE PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022

8 Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include -

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Common/Collective Trust Funds: The common/collective trusts are valued using the net asset value, which represents the price at which the funds are able to initiate a transaction, and is available to current investors when participants access their account values. There are no participant restrictions for these investments.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily Net Asset Value (NAV), and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Valued at the daily closing price of the securities held within the account. All of the holdings within the Account are publicly traded securities for which holding detail and pricing are publicly available.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments would result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021, respectively:

9 Changes to the Plan

On February 24, 2022, the Plan was restated to comply with regulatory changes. There were no significant changes to the Plan provisions.

10 Subsequent Events

Subsequent events have been evaluated through September 25, 2023, the date the financial statements were available to be issued.
