INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Reece Supply Company Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Reece Supply Company Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Reece Supply Company Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Reece Supply Company Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Reece Supply Company Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Reece Supply Company Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Reece Supply Company Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022 and schedule H, line 4a – schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REECE SUPPLY COMPANY PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Reece Supply Company Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established for the benefit of the employees of Reece Supply Company (“Plan Sponsor”) and participating employers (the “Company”). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended and restated, effective January 1, 2022, to adopt an updated prototype plan that received an opinion letter dated June 30, 2020. In addition, the CARES Act provisions were included in the amended and restated Plan and certain Plan provisions were changed as detailed in the notes below.

The Plan covers all employees except those who are covered by a collective bargaining agreement, leased employees, or non-resident alien. Eligible employees are those who are age 18 and over, and who have completed 60 days of service. Upon completion of those requirements, employees may be added to the Plan either during the payroll period in which they become eligible, or with the payroll immediately following their eligibility, based on completion of enrollment elections. Prior to January 1, 2022, eligible employees who have attained the age of 20 and have completed 1,000 hours of service will become eligible to enter the Plan coincident with or next following meeting the eligibility requirements on the first day of first month or seventh month of the plan year. The Plan is participant directed and participants may change their contributions rates pursuant to plan administrator procedures (prior to January 1, 2022 changes could be made on the first day of each plan year quarter). Participants may change investment options at any time.

Contributions

Participants may elect to make pre-tax salary deferral, and effective January 1, 2022 Roth contributions to the Plan up to 100% of their annual eligible compensation subject to certain limitations. If an eligible employee does not make an affirmative election to make a salary deferral contribution or not to participate in the Plan, the employee’s eligible compensation will be automatically reduced by a pre-tax salary deferral contribution of 3%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for participants in a former employer’s qualified plan to contribute direct rollovers to the Plan.

The Company may, at its discretion, contribute for each participant a matching contribution equal to a percentage of each participant’s elective contributions (includes pre-tax salary deferral and catch-up contributions and effective January 1, 2022 Roth contributions). For the year ended December 31, 2022, the Company made a discretionary matching contribution of 40% of eligible participant

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

deferrals. The matching contribution amounted to \$243,514 and was funded during 2023. To be eligible for the matching contribution, the participant had to complete 60 days of service (prior to January 1, 2022, 1,000 hours of service was required to meet the service requirement) during the plan year and be employed on the last day of the plan year, unless termination of employment during the year is due to death, disability, or normal retirement.

The Company may also make a discretionary profit-sharing contribution, which shall be allocated to each eligible employee in proportion to their compensation as a percentage of eligible compensation of all eligible employees. Participants must complete 1,000 hours of service during the plan year and be employed on the last day of the plan year to receive the profit-sharing contribution unless termination of employment during the year is due to death, disability, or normal retirement. During 2022, the Company made profit-sharing contributions to the Plan totaling \$132,000. The profit-sharing contributions were allocated to participants at the end of the year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with any applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan allows for in-Plan Roth conversions of vested accounts subject to certain provision, for participants that are active eligible employees.

Vesting

Participants are at all times fully vested in their participant and rollover contribution accounts and the appreciation or depreciation thereon. For vesting purposes, a participant must be credited with at least 1,000 hours during the plan year to qualify as one year of service and count towards vesting. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 20% per year after two years of service and are 100% vested after six years of service.

Forfeitures

Forfeitures of nonvested employer contributions shall be used to reduce the employer's contribution or pay Plan administrative expenses. There was no forfeitures balance at December 31, 2022. The forfeitures balance was \$1,123 at December 31, 2021. Forfeitures of \$2,394 were used to pay Plan administrative expenses during 2022.

Benefit Payments

Normal retirement age under the Plan is 65. A participant shall be immediately vested upon death, retirement, or termination of employment due to total and permanent disability. Upon a participant's termination or retirement, the funds in the participant's account are available to be distributed in a lump-sum payment. In-service and hardship distributions are also allowed subject to the provisions of the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses are paid directly by the Company and are excluded from these financial statements. Fees related to investment advisors and record keepers are charged to the Plan and allocated to participants. Fees related to withdrawals are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net depreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Money Market Fund: Consists of the Schwab Value Advantage Money Fund, which is composed of high-quality, short-term money market investments issued by the United States and foreign issuers. The fund is valued at net asset value (NAV), which is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The fund seeks to maintain a stable NAV of \$1. The NAV is a quoted price in an active market.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Participant-Directed Brokerage Account: Account consists primarily of unit investment trusts and cash. The unit investment trusts are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Investments measured using the NAV practical expedient are described below:

Collective Investment Trust: Valued at NAV based on the contractual terms of the underlying unit value reported by Galliard (formerly Wells Fargo) based on the fair value of the underlying investments less liabilities. The NAV is used as a practical expedient to estimate fair value. The trust's principal objective is to protect principal while providing a higher rate of return than shorter maturity investments. The underlying investments of the Galliard Stable Return J (formerly Wells Fargo Stable Value Fund J) consist of units of the Galliard Stable Return Fund Core (formerly Wells Fargo Stable Return Fund G). The Galliard Stable Return Fund Core primarily invests in investment contracts,

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions. The trust held by the Plan provides for daily redemptions at NAV by participants with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the trust. If the Plan initiates a full redemption of the trust, the issuer may require a 12-month written notice of intent to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2022 or 2021.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

*Certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investment line presented in the statements of net assets available for benefits.

NOTE 4 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, trustee, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

NOTE 5 - PARTY IN INTEREST

Certain Plan investments are in investments which are managed by entities related to Charles Schwab Trust Bank, the trustee as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 6 - INCOME TAXES

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) stated that the prototype plan document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through August 25, 2023, the date the financial statements were available to be issued.
