Independent Auditors' Report

The Plan Administrator and Participants Energy Services Group, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Energy Services Group, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Energy Services Group, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

The Plan Administrator and Participants
Energy Services Group, LLC 401(k) Plan
Page 3

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Energy Services Group, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the Energy Services Group, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan covering all employees of Energy Services Group, LLC, (the "Employer" or the "Plan Sponsor") except those employees whose employment is governed by a collective bargaining agreement ("Participants"). Employees may enter the Plan on the first day of employment.

Ascensus Trust Company ("Ascensus") provides trustee and custodial services for the Plan. Trustee services are certified by Ascensus parent company, Ascensus, LLC as agent for Ascensus. The Plan Sponsor has contracted Vanguard Group, Inc. ("Vanguard") to provide certain recordkeeping and administrative services to the Plan pursuant to a Retirement Plan Recordkeeping Service Agreement ("RSA"). Vanguard has retained Ascensus, Inc. as a subcontractor to provide the services under the RSA on behalf of Vanguard. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are Participant directed.

Plan Administration

The Employer is the plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Individual participant accounts may be charged with an allocation of administrative expenses, if not paid by the Employer.

Participant Contributions

Participant contributions to the Plan are deferrals of employee compensation. Each year, Participants may defer a portion of their eligible compensation, as defined by the Plan, not to exceed a dollar limit established under the Internal Revenue Code (the "IRC"). Participants may make pre-tax or Roth contributions to their accounts. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans ("Rollovers").

Employer Matching Contributions

A Participant is entitled to employer matching contributions. To be eligible, Participants must have made elective contributions during the Plan year. For the year ended December 31, 2022, the Employer match was equal to 50% of the elective participant contributions up to 6% of their eligible compensation.

Employer Profit Sharing Contributions

The Employer, at its discretion, may make a profit sharing contribution to the Plan. Any profit sharing contributions are allocated to Participants based upon a percentage of the Participant's compensation and on the Participant's allocation group, as defined. For the year ended December 31, 2022, the Employer elected not to make a profit sharing contribution to the Plan.

Notes to Financial Statements

1. Description of Plan (*continued*)

Participant Accounts

Each Participant's account is credited with the Participant's deferral contributions, the respective employer matching contributions, an allocation of the Plan's investment earnings or losses, and is charged with an allocation of certain administrative expenses. Allocations are based on participant compensation or account balance, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account balance.

Vesting

Participants are immediately vested in all contributions and the investment earnings thereon.

Payment of Benefits

Upon termination of service due to death, disability, termination, or retirement, a Participant (or beneficiary) may elect to receive a lump sum or partial payout of their account balance. If a terminated Participant's vested account balance is less than \$5,000, and the Participant does not elect to have the distribution paid directly to an eligible retirement plan or receive the distribution as a lump-sum, then the plan administrator may distribute the account balance to an individual retirement arrangement designated by the plan administrator. If a Participant's account balance is less than \$1,000, the Plan administrator may distribute the account balance to the Participant in a lump-sum payment.

In-service withdrawals from the Participant's vested account balance is permitted upon reaching age 59 $\frac{1}{2}$, normal retirement age 65, or upon a deemed severance from employment, as defined in the Plan document. In-service withdrawals are also permitted due to financial hardship, as defined. Hardship withdrawals may be taken from the Participant's deferral contribution accounts, without respect to earnings.

Notes Receivable from Participants

Subject to approval by the plan administrator, Participants may borrow from their accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. A Participant may only have one loan outstanding at a time. Loan terms extend up to five years (or longer for the purchase of a primary residence). Loans are secured by the vested balance in the Participant's account and bear interest at a rate of 1% over the prime interest rate. Principal and interest are paid ratably through payroll deductions. The interest rates on loans outstanding at December 31, 2022 and 2021 ranged from 4.25% to 6.50% and loans mature through May 22, 2043.

If a Participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the Participant's loan balance is reduced, and a benefit payment is made in accordance with the Plan document. Loans to Participants are reported as notes receivable from Participants at the unpaid principal balance plus any accrued but unpaid interest.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Investments, Investment Valuation, and Income Recognition

Investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is reported on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

Notes Receivable from Participants

Interest income on notes receivable from Participants is recognized on the accrual basis of accounting. Related fees are recorded as administrative expenses and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefit payments to Participants are recorded during the period in which they are paid.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus, LLC, as agent for Ascensus.

Energy Services Group, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

4. Fair Value Measurements

Under GAAP, a framework for measuring fair values has been established to clarify the definition of those fair values and expand disclosures about assets and liabilities measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy described under GAAP are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements
December 31, 2022 and 2021

4. Fair Value Measurements (*continued*)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 15,582,094</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,582,094</u>

Investments at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 18,187,266</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,187,266</u>

5. Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan will be allocated to participant accounts and distributed in such a manner as the Employer may determine.

7. Tax Status

The underlying prototype non-standardized profit sharing plan received its latest opinion letter on June 30, 2020 from the Internal Revenue Service ("IRS"), stating that the form of the plan is qualified under Section 401(a) of the IRC. Any employer adopting this format of the plan will be considered to have a plan qualified under Section 401(a) of the IRC.

Notes to Financial Statements
December 31, 2022 and 2021

7. Tax Status (*continued*)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of the Plan is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2019.

8. Part-In-Interest Transaction

Plan investments include mutual funds that are managed by Ascensus, Inc., an affiliate of Ascensus and are issued by Vanguard Investments, an affiliate of Vanguard. Accordingly, these transactions qualify as exempt party-in-interest transactions. The Plan paid administrative expenses of \$17,539 to Ascensus, Inc. during the year ended December 31, 2022. Notes receivable from Participants also qualify as exempt party-in-interest transactions as defined by ERISA.

9. Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date the financial statements were available to be issued, which is August 15, 2023.
