INDEPENDENT AUDITOR'S REPORT

To the Investment Committee of Pentair plc
Golden Valley, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pentair Pump Group, Inc. Bargaining Unit Employees Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- a. The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- b. The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair

presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- a. Exercise professional judgment and maintain professional skepticism throughout the audit.
- b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and of reportable transactions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- a. The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- b. The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Pentair Pump Group, Inc. Bargaining Unit Employees Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined benefit pension plan established for the employees regularly employed in an hourly rated position included within certain bargaining units of Pentair Flow Technologies LLC (formerly Pump Group, Inc.) (the “Company”). The Company is a subsidiary of Pentair plc and is the Plan sponsor as well as Plan administrator. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. An employee who commences work with the Company on or after August 2, 2018, is not eligible to participate in the Plan, but is able to participate in the Company sponsored defined contribution plan.

The normal retirement benefit, expressed in the form of a straight-life annuity, is equal to the product of the applicable monthly benefit rate times the individual’s years of credited service (subject to caps for some bargaining units). The monthly benefit rate varies with an employee’s union affiliation and date of retirement.

The officers of Pentair, Inc. (an affiliate of the Company) appoint the members of the Investment Committee. This committee has delegated certain investment authority to investment managers under contractual arrangements, consisting primarily of latitude in the selection of underlying investments within approved asset categories.

Funding Policy — Contributions to provide benefits under the Plan are made solely by the Company. The Company’s general funding policy is to contribute the minimum required by ERISA. The Company occasionally makes contributions greater than the minimum, but not exceeding the maximum deductible for federal income tax purposes, when the Company’s cash flow permits. The Plan has met the minimum funding requirements of ERISA for 2022 and 2021.

Participation and Vesting — An eligible employee may become a participant in the Plan after one year of service (elapsed time method) and attainment of age 21, according to each employee’s respective collective bargaining agreement.

Vesting service is computed in years (to the nearest 1/12 of a year) of an employee’s continuous employment. A participant is vested in his or her accrued benefit only upon completion of five years of vesting service.

Pension benefits are payable to all participants who attain normal retirement age (65) and have completed approximately five years of employment. An early retirement benefit is payable to participants who have completed 15 or more years of vesting service and attained age 55. In the case of totally and permanently disabled participants, benefits are payable to active participants who have become disabled after age 40 and prior to attaining age 65, as long as they have completed at least 15 years of vesting service. Those participants taking early retirement before age 65 receive a benefit equal to the normal retirement benefit, based on service at termination, reduced by 0.6% for each month preceding normal retirement. The disability benefit amount is limited to the amount accrued at the time of disability and offset by other disability benefits.

In addition, a preretirement death benefit is provided to the surviving spouse of any vested participant (married for at least one year as of the date of death) who dies prior to retirement.

Priorities Upon Termination of the Plan — Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the Plan provides for the allocation of available assets to pay benefits in the following order (with proration within groups):

- a. Certain benefits payable three years prior to termination;
- b. Benefits that are guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”), subject to certain limitations prescribed by ERISA;
- c. All other uninsured, vested benefits;
- d. All other benefits accrued to date of termination; and

- e. The remainder, if any, reverts to the employer.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Plan investments held by The Bank of New York Mellon (the "Former Trustee") as of December 31, 2021 were \$23,109,411. On January 3, 2022, PNC Bank (the "Successor Trustee") was engaged by the Plan as the new Trustee. In anticipation of the change in trustee, a portion of the Plan's investment was transferred to the Successor Trustee in December 2021. Plan investment held by the Successor Trustee as of December 31, 2021 was \$279,194. All assets held by the Former Trustee were subsequently transferred to the Successor Trustee on January 3, 2022. As of December 31, 2022, all plan investments were held by the Successor Trustee.

Investments are presented at estimated fair value. If available, quoted market prices are used to value investments. Quoted prices are based on the last reported sale price on the last business day of the year. In instances wherein quoted market prices are not available, securities and other alternative investments are stated at estimated fair value as determined by the custodian of those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the fair value of investments includes gains and losses in investments sold during the year as well as appreciation and depreciation of the investments held at year end.

The Plan utilizes various investment securities which, in general, are exposed to various risks, such as interest rates, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Administrative expenses, such as actuarial and auditing fees, and charges and expenses incurred in connection with the acquisition or disposition of the Plan's assets, such as custodial fees, investment management fees and brokerage commissions, are paid by the Plan.

Benefit payments to participants are recorded upon distribution.

For the year ended December 31, 2022, subsequent events were evaluated through September 15, 2023, the date the financial statements were available to be issued. There were no events that required recording or disclosure.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements, that was prepared by or derived from information prepared by the Successor Trustee, PNC Bank, as of December 31, 2022, and the Former Trustee, The Bank of New York Mellon, as of December 31, 2021, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Successor Trustee and Former Trustee that the following investment information is complete and accurate.

	2022	2021
Statements of net assets available for benefits:		
Investments — at fair value	\$ 16,254,110	\$ 23,388,605
	2022	2021
Statements of changes in net assets available for benefits:		
Net depreciation in fair value of investments	\$ (5,861,723)	\$ (206,309)

All investment balances held by the Successor Trustee and Former Trustee and related activity which are included in Note 5 and supplemental schedules, are certified by the Successor Trustee and Former Trustee, with the exception of the fair value leveling, restrictions and unfunded commitments of the Plan's investments.

4. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the employees' contributions, compensation, and services employees have rendered as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and, (b) present employees or their beneficiaries. Benefits payable, as a result of retirement, death, disability or termination of employment, are included to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary. The amount results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant assumptions underlying the actuarial computations as of January 1, 2022 and 2021, were as follows:

Discount rate	3.19% for 2022 and 2.75% for 2021
Mortality	PRI-2012 mortality table with blue collar projected with scale MMP-2021 for 2022 and MMP-2019 for 2021
Retirement age	Age 65 (age 62 for certain Kansas City participants) for 2022 and 2021
Actuarial method	Unit credit for 2022 and 2021

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of January 1, 2022 was as follows:

Vested benefits:	
Participants and/or beneficiaries currently receiving benefits	\$ 9,062,133
Other participants	17,997,556
Total vested benefits	27,059,689
Nonvested benefits	137,345
Total actuarial present value of accumulated plan benefits	<u>\$ 27,197,034</u>

Pentair Pump Group, Inc. Bargaining Unit Employees Pension Plan
Notes to Financial Statements
As of and for the years ended December 31, 2022 and 2021

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended January 1, 2022 was as follows:

Actuarial present value of accumulated plan benefits — January 1, 2021	\$ 28,120,679
Change attributable to:	
Benefits accumulated	780,088
Benefits paid	(633,831)
Increase for interest due to the decrease in discount period	763,877
Change in actuarial assumptions	(1,833,779)
Net decrease	(923,645)
Actuarial present value of accumulated plan benefits — January 1, 2022	\$ 27,197,034

5. FAIR VALUE MEASUREMENTS

The Plan's estimates of fair value for financial assets are based on the framework established in the fair value accounting guidance. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Certain investments are measured at fair value on a recurring basis in the statements of net assets available for benefits. The following methods and assumptions were used to estimate the fair values:

Cash equivalents — Comprised of investments in an institutional money market fund that permits daily redemption, the fair value of which is based upon the quoted price in active markets.

Common/collective Trust Investments — Valued at the net asset value (NAV) of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level within the fair value hierarchy a summary of the investments of the Plan at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 9,135	\$ —	\$ —	\$ 9,135
Net assets in fair value hierarchy	9,135	—	—	9,135
Investments valued at NAV				16,244,975

CB Long Duration Credit Fund	\$ 23,109,411	\$ —	Daily	None	None
	<u>\$ 23,109,411</u>	<u>\$ —</u>			

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 15, 2015, that the Plan was designed in accordance with applicable regulations of the Internal Revenue Code ("IRC"). In 2016, the IRS began publishing a required amendments list for individually designed plans specifying changes in qualification requirements. The list is published annually and requires plans to be amended for each item included on the list, as applicable, to retain its tax exempt status. The Plan has been amended since receiving the determination letter in 2015 to comply with applicable requirements of the IRC and continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Discount rate sponsor elections			
• Segment rates or full yield curve	Segment		
• Look-back months	4		
	Stabilized	Nonstabilized	<u>PBGC (Alt.)</u>
• First 5 years	4.75%	1.07%	1.07%
• Next 15 years	5.18%	2.68%	2.68%
• Over 20 years	5.92%	3.36%	3.36%
Mortality sponsor elections	Section 430(h)(3) prescribed separate static annuitant and nonannuitant mortality tables. These tables are based on the RP- 2014 mortality tables with improvement beyond 2006 removed and replaced with static mortality improvement based on IRS methodology and projection scale MP 2020.		
Other economic assumptions			
• Expected investment return	3.64% for year 2020, 2.75% for year 2021 and 3.19% for year 2022.		
• Expenses	\$495,000 added to current year normal cost.		

Rationale for economic assumptions

- Discount rate for Funding – Prescribed assumption by the IRS and the PBGC.
- Mortality for Funding – Prescribed assumption by the IRS.
- Expected investment return – Provided by Plan's Investment advisor. Based on the expected yield of a dedicated high quality bond portfolio constructed to match the qualified pension plan's projected benefit payments.
- Expenses – Prior year's actual administrative expense adjusted for expected changes in PBGC premiums.

Demographic assumptions	
• Withdrawal	Sum of (a) and (b) a) Three times the rates in the Massachusetts Mutual A. Table for Males. b) Two times Hunter's Rates for males and four times Hunter's Rates for females. See table of sample rates.
• Disability incidence	None.
• Retirement age	Age 65. (Individuals employed at the Kansas City location who had attained age 50 and earned five years of credited service as of October 1, 1996 are assumed to retire at age 62.)
• Benefit commencement age for	
— Future vested deferred	65
— Current vested deferred	65

45	2.2%	2.4%
50	0.3%	0.7%
55	0.6%	1.1%
60	1.1%	2.2%

Rationale for Key Demographic Assumptions

- Demographic and form of payment assumption— The plan sponsor believes these assumptions to be reasonable and representative of current and future expected experience. The plan's signing actuary monitors experience annually and has not detected any significant gains or losses.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Actuarial methods for funding****Asset methods- Effective January 1, 2009**

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant methods- Effective January 1, 2008

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor and Willis Towers Watson provides us with participant data as of the valuation date.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break-in-service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum funding methods - Effective January 1, 2008

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Summary of major plan provisions**

Effective date and plan year	Restated plan: January 1, 2009 Plan year: Calendar year
Status of the plan	The plan has ongoing benefit accruals and, except as noted below, new employees are eligible to participate in the plan once they satisfy the participation requirements.
Significant events that occurred during the year	None.
Definitions	
Employees covered	All hourly employees of the Pentair Pump Group, Inc. employed in an hourly rate position, and represented by a union. The following new hires are not eligible for the plan: <ul style="list-style-type: none">• Kansas City USWA employees hired after 1/1/2015• F.E. Meyers (Ashland) GMP employees hired after 4/4/2011• Aurora IAM employees hired after 1/1/2018• Ashland IAM employees hired after 8/1/2018
Participation	All covered employees participate upon completing one year of service and attaining age 21.
Vesting service	Full and fractional years of service. Any fractional remainder of days less than 30 shall be treated as one month.

Schedule SB, Part V — Summary of Plan Provisions**Credited service**

Full and fractional years of service, with service earned for any month in which one or more days are worked. Employees of the former General Signal locations begin earning credited service on the later of their hire date or August 23, 1997.

Normal retirement**Eligibility**

Later of age 65 and five years of participation.

Schedule SB, Part V — Summary of Plan Provisions

The Ashland (Hydromatic) plant closed December 31, 2004. Any active employee as of January 1, 2005 has an accrued benefit based on \$18.50 per year of service, and will receive F.E. Myers IAM benefit rates for future service as they are now F.E. Myers IAM employees. F.E. Myers IAM employees have a benefit equal to their credited service through 4/6/2003 times \$14.00 plus credited service from 4/7/2003 to 4/4/2004 times \$15.00 plus credited service from 4/5/2004 to 4/6/2008 times \$15.50 plus credited service from 4/7/2008 to 4/6/2009 times \$16.00 plus credited service from 4/7/2009 to 4/6/2010 times \$16.50 plus credited service from 4/7/2010 to 4/6/2011 times \$17.00 plus credited service from 4/7/2011 to 4/6/2012 times \$17.50 plus credited service from 4/7/2012 to 4/6/2013 times \$18.00 plus credited service from 4/7/2013 to 4/6/2015 times \$19.00 plus credited service from 4/7/2015 to 4/6/2017 times \$20.00 plus credited service from 4/7/2017 to 4/6/2018 times \$21.00 plus credited service from 4/7/2018 to 4/6/2019 times \$22.00 plus credited service from 4/7/2019 times \$23.00.

F.E. Myers GMP employees have a benefit equal to their credited service through 4/3/2004 times \$11.00 plus credited service from 4/4/2004 to 4/2/2006 times \$12.00 plus credited service from 4/3/2006 to 3/31/2016 times \$12.50 plus credited service after 4/1/2016 times \$13.00.

Kansas City (Fairbanks Morse) employees have a benefit equal to their credited service through 10/1/2009 times \$22.00 plus credited service from 10/1/2009 to 10/1/2014 times \$23.50 plus credited service from 10/1/2014 to 12/31/2019 times \$25.00 plus credited service from 1/1/2020 to 12/31/2020 times \$25.50 plus credited service from 1/1/2021 to 12/31/2021 times \$26.00 plus credited service from 1/1/2022 times \$26.50 plus credited

Schedule SB, Part V — Summary of Plan Provisions**Early retirement**

Eligibility	Eligible on or after age 55 and 15 years of vesting service.																						
Benefit	Amount equal to the normal retirement benefit, based on service at termination reduced by 0.6% for each month commencement precedes normal retirement. Kansas City employees who had attained age 50 and had five years of service as of October 1, 1996 have benefits reduced for early retirement based on the following table:

Late retirement

Eligibility	Eligible after the normal retirement date.
Benefit	Greater of the normal retirement benefit actuarially increased to the earlier of the date the suspension of benefits notice was given and the date of termination, and the benefit at date of termination.

Deferred vested

Eligibility	Eligible on or after five years of vesting service.
Benefit	Amount equal to the normal retirement benefit using the credited service and dollar amounts at date of termination, with payments commencing at age 65. May commence as early as age 55 if 15 years of vesting service, with a reduction for early retirement (as shown above).

Disability

Eligibility	Eligible on or after age 40 and 15 years of vesting service.
Benefit	Amount equal to the normal retirement benefit accrued to date of disability, commencing immediately, offset by other disability benefits payable to the participant.

Schedule SB, Part V — Summary of Plan Provisions**Pre-retirement death**

Eligibility	Eligible on or after five years of vesting service.
Benefit	Amount equal to 50% of the benefit the participant would have received had he retired under a 50% joint and survivor annuity on the first of the month following his death, or his earliest commencement age, if not yet eligible.

Form of benefits

Automatic form for unmarried participants	Life annuity.
Automatic form for married participants	50% Joint & Survivor.
Optional forms	Life annuity, 50% Joint & Survivor, 66 2/3% Joint & Survivor, 75% Joint & Survivor, 100% Joint & Survivor.

Optional form conversion factors

UP84 mortality and 7% interest.

Miscellaneous

Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2022, the limit is \$245,000.
------------------	---

Benefits included or excluded

Unless noted below, all benefits provided by the plan are included in this valuation:

- **Plan amendments excluded:** None.
- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan provisions specific to funding**Additional benefits included or excluded**

- **IRC Section 436 benefit restrictions:**
