United States Lime & Minerals, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of United States Lime & Minerals, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures

responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following description of the United States Lime & Minerals, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan whereby eligible employees of United States Lime & Minerals, Inc. and certain related entities (the “Company” or the “Employer”) are permitted to make pretax contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (“IRC”) or after tax contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Employees are eligible for Plan participation upon completing six consecutive months of service. The Plan Sponsor’s Chief Executive Officer selects an Administrative Committee which is responsible for monitoring investment offerings and overall compliance of the Plan.

Contributions

Participants may elect to defer up to 75% of eligible compensation, as defined in the Plan agreement. Participant deferrals are subject to certain maximum limitations imposed by the IRC (\$21 elective deferrals and \$7 catch-up contributions for 2022 if the age of 50 is attained before end of Plan year). Participant deferrals are subject to annual non-discrimination tests. Pursuant to these tests, it was determined that some participants exceeded certain IRS limits by an aggregate amount of \$18 for 2022, and \$1 for 2021. Both amounts are reflected in the Statements of Net Assets Available for Benefits as excess contributions payable and were disbursed to participants subsequent to their respective year ends.

Upon enrollment in the Plan, a participant may direct contributions among the investment options provided by the Plan. The Company’s common stock is not an investment option for participants. The balance of the Company’s common stock was contributed to the Plan in a prior year as a result of a merger of this Plan with another plan. Participants may change their investment options at any time throughout the year. Rollover contributions, representing distributions from other qualified plans, are allowed and may be made prior to meeting the eligibility requirements for participation in the Plan. The Company matches 50% of participants’ contributions, up to 6% of the participants’ eligible compensation. The Company may also make additional discretionary contributions; however, no discretionary contributions were made during 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) earnings and losses based on the participant’s investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

NOTE A - DESCRIPTION OF THE PLAN – Continued

Notes Receivable from Participants

In July 2020, the Plan was amended to allow participants to borrow from their fund accounts. Participants may borrow a minimum of \$1 up to a maximum equal to the lesser of \$50 or 50% of their nonforfeitable account balance. A participant may only have one loan outstanding from the Plan at any point in time. The loans are secured by the balance in the participant's account and are recorded at fair value. The Plan Administrator will fix the term for repayment of the note for a period not to exceed 5 years unless the note qualifies as a home loan used to acquire a principal residence. The repayment term for a home loan may not exceed 30 years. The loan interest rate is 1% over prime and fixed for the duration of the loan. Principal and interest is paid at least quarterly under a level amortization schedule. Loans are considered in default if any scheduled payment remains unpaid beyond the following quarter in which payment was due.

Vesting

Participants are immediately vested in 100% of their salary deferrals, rollovers, Company matching and discretionary contributions, and related earnings thereon.

Payment of Benefits

Upon retirement, death, full and permanent disability, or termination of employment, a participant (or the participant's beneficiary, if applicable) will be provided by the Plan the opportunity, at his or her election, to receive a lump sum distribution or a direct rollover from his or her vested account. Other than for termination of employment, a participant can elect to have installment payments over a fixed period for the distribution of a participant's Employer stock balance. The Plan allows participants to make in-service and hardship withdrawals, subject to certain limitations, as defined in the Plan.

Under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE), participants who reach age 70 ½ after December 31, 2019 must begin taking minimum distributions from the Plan by April 1 of the calendar year following the year in which they reach age 72. Under the SECURE Act, participants who turned 70 ½ before January 1, 2020 would still begin taking distributions by later of April 1 of the calendar year following the year in which they reach 70 ½, or actual retirement if later.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022. Delinquent notes are reclassified as deemed distributions based upon the terms of the Plan document.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding decrease to employee contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants prior to March 15 of the subsequent year.

Payment of Benefits

Benefits payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

NOTE C - FINANCIAL DATA CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company ("Trustee") has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.

United States Lime & Minerals, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

- Investment (loss) income, and interest income on notes receivable from participants, as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan utilizes a framework for measuring fair value that provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value "NAV" and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

United States Lime & Minerals, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021
(Amounts in thousands)

NOTE D - FAIR VALUE MEASUREMENTS – Continued

Collective trusts: Valued at NAV of the units of the collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Company stock: Valued at the closing price reported in the active market in which the individual security is traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

NOTE E - RELATED-PARTY TRANSACTIONS

Part of the investment balance is attributable to the Plan Sponsor's registered stock. However, these shares are frozen and purchasing additional shares is not an investment option for participants.

The Plan has notes receivable from participants, which qualify as parties-in-interest to the Plan and are exempt from prohibited transaction rules.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

NOTE G - TAX STATUS

The Plan is based on a prototype plan which has received an opinion letter dated July 16, 2014, which stated the prototype plan is a qualified plan in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 22, 2023, the date the financial statements were available to be issued.
