INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator
Cascade Management, Inc. 401(k) Profit Sharing Plan
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cascade Management, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cascade Management, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cascade Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cascade Management, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cascade Management, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CASCADE MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of Cascade Management, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Plan's most recent restatement was effective March 7, 2022.

General

The Plan is a defined contribution plan for substantially all employees of Cascade Management, Inc. (the Employer); the Plan was established June 1, 1992 under the provisions of the Internal Revenue Code (IRC) Section 401(k). The Plan covers all employees who are at least 18 years old and have completed one year and 1,000 hours of service, and enter the first day of the month following the date they become eligible. The Plan provides employees who are eligible to participate with an opportunity to accumulate funds for retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a portion of their compensation up to the limits provided by the IRC. Participants may elect their deferrals to be treated as pre-tax or after-tax (Roth). Individuals who attain age 50 by the end of the Plan year are eligible to make additional "catch-up" contributions. Effective October 1, 2021, all participants who are eligible to participate but not deferring will be automatically enrolled into the plan with 1 percent of base compensation as pre-tax deferrals, unless they opt out. This automatic enrollment will also apply to new employees who become eligible to participate in the plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. All participant contributions shall be fully vested at all times.

The Employer may make a matching contribution. During 2022 and 2021, the Employer's matching contributions were 50 percent of up to the first 4 percent of base compensation, with a maximum of 2 percent that the Company will contribute to the Plan. The Employer may also make a discretionary non-elective contribution in addition to the Employer match each year. There was no Employer discretionary non-elective contribution for the years ended December 31, 2022 and 2021.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

The account of each participant is credited with the participant's contribution and allocation of (a) the Employer's matching and discretionary non-elective contributions and (b) Plan earnings. Each participant's account is charged with any fees or expenses related to individual investment options and fees associated with loan processing. Allocations of Plan earnings (losses) and advisory fees are based on individual participant earnings or account balances, as defined in the Plan. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. Plan Description, continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in any Employer contribution is based on years of continuous service. A participant becomes 20 percent vested after completing two years of service and 100 percent vested after six years of service. A year of service for vesting purposes is a Plan year in which the participant has 1,000 hours of service.

Payments of Benefits

Upon retirement, disability, death, or termination of employment, a participant (or their designated beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments. A participant who reaches normal retirement age, as defined in the Plan document, may take in-service distributions of all or part of their account balance at any time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum payment.

Hardships

If a participant has an immediate and heavy financial need, hardship withdrawals are allowed under the Plan in an amount not to exceed the lesser of the participant's vested balance or the participant's immediate and severe financial need. In the event of a hardship withdrawal, the participant's elective deferral contributions, if any, will be automatically suspended. The participant will be ineligible to resume making such contributions for six months.

Forfeited Nonvested Accounts

Forfeited nonvested accounts may be used to reduce future Employer contributions and/or pay Plan expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$10 and \$11, respectively. For the year ended December 31, 2022, \$2,775 was forfeited by participants and \$2,776 of forfeited nonvested accounts were applied to Employer contributions into the Plan. For the year ended December 31, 2021, \$9,623 was forfeited by participants and \$9,625 of forfeited nonvested accounts were applied to Employer contributions into the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The Plan allows only one outstanding loan for each participant at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 2 percentage points over the prime interest rate, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Loan terms range up to five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time determined by the Plan Administrator with a maximum term of 30 years. Principal and interest on participant loans is paid ratably through bi-weekly payroll deductions.

1. Plan Description, continued

Administration of the Plan

The Employer is the Plan Administrator and Plan Sponsor. Reliance Trust Company served as the Plan's trustee as of and for the years ended December 31, 2022 and 2021. ADP served as a third-party administrator and recordkeeper to the Plan as of and for the years ended December 31, 2022 and 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses and Fees

Certain administrative expenses of the Plan are paid from Plan assets or from the balance of available forfeitures. Certain other administrative expenses may also be paid by the Employer; such expenses are excluded from these financial statements. Investment related expenses are included in net change in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Payment of Benefits

Benefits are recorded in the financial statements when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

3. Tax Status

As of January 1, 2020, the Plan was restated under a prototype plan through execution of an adoption agreement. The prototype plan adopted is the Automatic Data Processing Prototype 401(k) and Profit Sharing Plan. ADP, LLC, the sponsor of the prototype plan, has received an opinion letter dated July 8, 2014, stating that the Plan was designed in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan was amended since the date of the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the acceptable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

As of March 7, 2022 the Plan was restated under a prototype plan through execution of an adoption agreement. The prototype plan adopted is the Automatic Data Processing Defined Contribution Plan. ADP, LLC, the sponsor of the prototype plan, has received an opinion letter dated October 6, 2020, stating that the Plan was designed in accordance with applicable requirements of the Internal Revenue Code (IRC).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

4. Related Party Transactions

The Plan could have investments which are shares of registered investment companies managed by Reliance Trust Company, the trustee of the Plan for the years ended December 31, 2022 and 2021, and therefore, these transactions would qualify as party in interest transactions. These party in interest transactions are exempt from the prohibited transaction rules of ERISA. Fees paid to ADP, LLC, an affiliate of the trustee, were \$26,855 and \$18,403 for the years ended December 31, 2022 and 2021, respectively. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

CASCADE MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

5. Plan Termination

Although the Employer has not expressed any intent to discontinue its contributions and terminate the Plan Agreement, it may do so at any time subject to the provisions set forth in ERISA. In the event of full or partial Plan termination, affected participants would become 100 percent vested in their accounts.

6. Information Certified by the Plan Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. The following information was certified as complete and accurate by trustee, Reliance Trust Company, as of and for the years ended December 31, 2022 and 2021:

	2022	2021
Investments, at fair value:		
Registered investment companies	\$ 2,046,997	\$ 2,261,199
Common/collective trusts	151,829	37,882
Notes receivable from participants	46,553	28,276
Investment income (loss):		
Net change in fair value of investments	(452,300)	219,010
Dividend income	44,328	47,172
Interest income on notes receivable from participants	1,594	2,038

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CASCADE MANAGEMENT, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

8. Fair Value Measurements, continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Units held in the common/collective trusts are valued using the net asset value (NAV) of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Participant transactions may occur daily at NAV. Pursuant to Accounting Standards Update (ASU) 2015-07, *Fair Value Measurements*, the common/collective trust measured at NAV have not been classified in the fair value hierarchy. All common/collective trust investments held by the Plan have no unfunded commitments, and the investments may be redeemed by participants on a daily basis with no required notice period.
