Independent Auditor's Report

To the Participants and Administrative Committee of the
Diamond Offshore 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Diamond Offshore 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2022 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

The Participants and Administrative Committee of the
Diamond Offshore 401(k) Plan

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplementary Information Required by ERISA

The supplementary information listed in the table of contents as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary information, other than the information in the supplementary information that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Diamond Offshore 401(k) Plan

Notes to the Financial Statements

Note 1. Description of the Plan

The Diamond Offshore 401(k) Plan (the "Plan") was established effective July 1, 1989. Diamond Offshore Management Company (the "Company") is the Plan's sponsor and a wholly owned subsidiary of Diamond Offshore Drilling, Inc. ("Diamond Offshore"). The adoption of the Plan in its entirety is intended to comply with the provisions of Sections 401(a), 401(k) and 401(m) of the Internal Revenue Code of 1986, as amended (the "IRC") and applicable regulations thereunder. The Plan is intended to qualify as a profit-sharing plan in accordance with the requirement of Section 401(a)(27) of the IRC.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan for our U.S. employees and other subsidiaries of Diamond Offshore Drilling, Inc., collectively, the "Participating Employers," and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, ("ERISA") and the IRC.

Administration

The Plan is administered through the Administrative and Investment Committee appointed by our Board of Directors, or Board. Fidelity Management Trust Company ("Fidelity") is the Plan's trustee.

Participants

Employees of the Participating Employers become participants of the Plan on the first enrollment date following their hire date, as defined in the Plan and subsequent amendments.

Contributions

Employee contributions/deferrals: Subject to certain federally mandated limitations, each year, participants may make voluntary pre-tax or Roth contributions of 1% to 50% of his or her qualified annual compensation, as defined by the Plan. Participants may also make voluntary after-tax contributions in an amount which, when added to the participant's pre-tax and/or Roth contributions, does not exceed 50% of his or her qualified annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Pre-tax federal contribution limits for the years ended December 31, 2022 and 2021 were as follows:

Contribution Type	2022	2021
	Contribution Limit	Contribution Limit
Pre-tax voluntary contributions	\$ 20,500	\$ 19,500
Catch-up contributions	6,500	6,500

Diamond Offshore 401(k) Plan

Notes to the Financial Statements

Automatic compensation reduction election/automatic increase: In June 2017, the Company adopted the Substitute Third Amendment to our Plan, (Third Amendment). Pursuant to the Third Amendment, any individual who becomes employed or is newly employed by the employer and who does not make an affirmative election to make or not make contributions to the Plan within 30 days of employment or reemployment date will automatically be subject to a 2% compensation increase and have that amount contributed to the Plan as a pre-tax contribution. Such participant's pre-tax or Roth contribution election will increase annually by 1% up to 5% on each anniversary date of the participant's date of enrollment, as either pre-tax or Roth contributions as described in the Third Amendment. A participant may elect to opt out of the automatic increase program and may also revoke or change their automatic compensation reduction election at any time.

Employer matching contributions: For the period from November 1, 2020 to December 31, 2021, the Participating Employers ceased matching contributions to the 401k Plan. As such, no matching contributions were made to the 401k Plan in 2021. Effective January 1, 2022, the Company reinstated the company match with a formula equaling 50% of each employee's deferrals to the Plan up to a maximum deferral of 6% of each contributing employee's qualified annual compensation on a before-tax and/or Roth elective deferral basis. Employer contributions to the Plan were invested based on the participant's investment election. If a participant failed to make a designation, his or her contributions were invested in the Plan's default investments in a life-cycle fund with the target retirement date nearest to age 65.

Investment Funds

The Plan is intended to be a plan described in Section 404(c) of ERISA and as a result it offers participants a variety of investment options. During 2022 and 2021, investment options included investments in mutual funds, collective investment trusts, a money market fund, and a collective trust fund (designed to be a stable value fund).

The Company periodically reviews the options available through the Plan to continue to help participants meet their financial goals and investment objectives. Plan participants, at their sole discretion, may transfer amounts between the various investment options.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the Participating Employers' and the participant's contributions, as well as an allocation of the Plan's earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Individual participant accounts invested in the MIP II Fund are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the fund, but have an interest therein represented by units valued as of the last business day of the period. The fund earns dividends and interest, which are automatically reinvested in additional units. Generally, contributions to and withdrawal payments from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Diamond Offshore 401(k) Plan

Notes to the Financial Statements

Vesting

Each participant has, at all times, a fully vested and non-forfeitable interest in his or her contributions, earnings and employer matching contributions made by the Participating Employers. For any profit sharing contributions made by the employer, participants are fully vested only after the lapse of three years. The Plan provides for full vesting of benefits for all Plan participants whose employment is terminated due to a reduction-in-force on or after October 1, 2014.

Forfeitures

Forfeitures resulting from the separation of service of participants not fully vested in the Plan can be applied first to reduce direct administrative expenses charged to the Plan, if any, for the year, and next, to reduce the Participating Employers' contributions to the Plan. For the years ended December 31, 2022 and 2021, the Company used \$0 and \$515, respectively, from the forfeiture account to pay plan expenses. As of December 31, 2022 and 2021, forfeiture balances available to reduce future direct administrative expenses and contributions to the Plan and any related earned investment income were \$527 and \$226, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing interest rates as determined by Plan management, and varying maturity dates, typically not exceeding five years. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon separation of service, each participant may elect to receive their entire account balance in a single lump-sum cash payment, leave their account invested in the Plan or choose a direct rollover to an eligible retirement plan. A participant's account with a vested interest of \$1,000 or less is automatically distributed in a lump-sum cash payment.

Pursuant to the CARES Act, the Plan was permitted to allow participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request these distributions ceased as of December 30, 2020.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Diamond Offshore 401(k) Plan

Notes to the Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative and Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded at the ex-dividend date, and interest is recorded as earned. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through September 25, 2023, the date the financial statements were available to be issued.

Effective in 2023, the plan was amended for the employer matching contribution to satisfy a safe harbor contribution formula permitted by the IRS.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, the trustee of the Plan.

Diamond Offshore 401(k) Plan

Notes to the Financial Statements

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable value fund: The Fidelity Managed Income Portfolio II Fund ("MIP II Fund") is a collective trust fund valued at NAV. NAV of the MIP II Fund is based on the fair value of the underlying net assets, which include (i) assets traded in active markets and that have quoted market prices, (ii) assets valued by reference to securities with similar characteristics that are traded in active markets or (iii) using a discounted cash flow model. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The Plan is required to provide a one-year redemption notice to liquidate its entire share in the MIP II Fund.

Diamond Offshore 401(k) Plan

Notes to the Financial Statements

The MIP II Fund imposes certain restrictions on the Plan, and the MIP II Fund itself may be subject to circumstances that impact its ability to transact at contract value. However, Plan management believes that the occurrence of events that would cause the MIP II Fund to transact at less than contract value is not probable.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	2022	2021
Level 1:		
Mutual funds	\$ 151,273,957	\$ 249,039,085
Money market funds	8,805,177	7,181,311
Total assets in fair value hierarchy	160,079,134	256,220,396
Investments measured at NAV*		
Collective instrument trusts	128,534,009	130,603,902
Stable value fund	25,683,832	29,490,651
Investments at fair value	<u>\$ 314,296,975</u>	<u>\$ 416,314,949</u>

* In accordance with GAAP, certain investments that are measured at fair value using NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to provide reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Note 5. Tax Status

The Internal Revenue Service ("IRS") has determined and informed us by a letter dated October 7, 2015 that the Plan and related trust are designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, money market fund, collective investment trusts and a stable value fund managed by Fidelity. Fidelity is the record keeper and trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Diamond Offshore 401(k) Plan

Notes to the Financial Statements

Note 7. Plan Termination

Although the Company does not expect to do so, they have the right under the Plan to discontinue its contributions by Participating Employers at any time and to terminate the Plan subject to the provisions of ERISA. Upon our termination of the Plan, participants would become 100% vested in their accounts and the trustee will distribute to each participant the amounts credited to his or her account.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Bankruptcy and New Diamond Common Shares

On April 26, 2020, Diamond Offshore and certain of its direct and indirect subsidiaries, including the Plan sponsor, (or the Debtors) filed voluntary petitions for relief under Chapter 11 of Title 11 of the United States Code in the United States Bankruptcy Court for the Southern District of Texas (or the Bankruptcy Court). The Debtors filed motions with the Bankruptcy Court seeking authorization to continue to operate their businesses as “debtors-in-possession” under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the United States Bankruptcy Code and orders of the Bankruptcy Court. To ensure their ability to continue operating in the ordinary course of business, the Debtors were granted first day relief by the Bankruptcy Court to pay employee wages and benefits and pay certain vendors and suppliers in the ordinary course of business.

On January 22, 2021, the Debtors entered into a plan support agreement to provide exit financing upon emergence from bankruptcy and also filed a joint Chapter 11 plan of reorganization with the Bankruptcy Court, which was subsequently amended on February 24, 2021 and February 26, 2021 (or the Reorganization Plan). On April 8, 2021, the Bankruptcy Court entered an order confirming the Reorganization Plan (or the Confirmation Order). On April 23, 2021 (or the Effective Date), all conditions precedent to the Reorganization Plan were satisfied, the Reorganization Plan became effective in accordance with its terms, and the Debtors emerged from Chapter 11 reorganization.

Note 10. Subsequent Events

Effective January 1, 2023, the Plan executed an amendment to increase the employer matching contribution to 100% of the first 4% of eligible compensation that a participant contributes to the Plan. Additionally, this contribution is intended to satisfy a safe harbor contribution formula permitted by IRS regulations.
