All employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement, nonresident aliens, or piecework employees otherwise known as "PRN" employees. Eligible employees may enter the Plan on the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") was enacted. This law allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, the Company determined it was in the best interest of the participants to allow during 2022 a) a COVID-19 distribution up to $100,000, b) certain rules of required minimum distributions were temporarily waived c) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and d) deferral of 2020 loan repayments for a year.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan allows employees to elect either pre-tax deferrals or Roth elective deferrals.

A. Description of the Plan – continued

Contributions – continued

The Company makes safe harbor matching contributions to the Plan. Prior to 2020, participants must complete 6 months of service during the year to be eligible to receive safe harbor matching contributions. Effective January 1, 2020 the service requirement was eliminated. In 2020, the Company made safe harbor matching contributions of 100 percent of the amount of the participant's elective deferrals that do not exceed 3 percent of the participant's compensation, plus 50 percent of the amount of the participants elective deferrals that exceed 3 percent of the participant's compensation but do not exceed 5 percent of the participant's compensation. The Plan allows for other types of Company contributions but none have been made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; and (b) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions and Company safe harbor contributions plus actual earnings thereon. Different vesting schedules may apply to other Company contributions but no such contributions have been made to the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2020 and 2019, interest rates range from 6.25% to 7.25%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A. Description of the Plan – continued

Benefit Payments – continued

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) payments for burial or funeral expenses for the participant's parent, spouse, children or dependents; or (6) expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under Code §165.

Effective January 1, 2020, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were expanded to include repair of a primary residence, even if that repair would not otherwise qualify for the casualty loss deduction.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals up to the maximum amount by law into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Plan pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP") and that is permitted by the Department of Labor. The modified cash basis of accounting differs from GAAP in that interest and dividend income is recorded when received, rather than when earned, and employer and employee contributions are recognized when cash is paid to the Plan.

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are recorded when received as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income and dividends are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2020 and 2019. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2020 and 2019. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,588,964	$ -	$ -	$ 2,588,964
Total investments in the fair value hierarchy	$ 2,588,964	$ -	$ -	$ 2,588,964

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,940,732	$ -	$ -	$ 1,940,732
Total investments in the fair value hierarchy	$ 1,940,732	$ -	$ -	$ 1,940,732

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

D. Information Certified by the Custodian

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the custodian, which included total investments as of December 31, 2020 and 2019, the total investment income for the year ended December 31, 2020, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2020.

E. Tax Status

Effective January 14, 2015, the Plan was amended and restated by the adoption of a volume submitter plan document which has a favorable advisory letter from the IRS dated March 31, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

E. Tax Status – continued

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's nondiscrimination testing was not performed for the year ended December 31, 2020. Although the Plan is a safe harbor plan which allows the Plan to be exempt from the ADP, ACP and top heavy testing, and management believes the Plan would pass the remaining required testing, The Plan Administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

G. Parties-in-Interest Transactions

Party in interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Massachusetts Mutual Life Insurance Company who acts as custodian for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party in interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through September 26, 2023, the date the financial statements were available for issuance.

During 2021, substantially all Plan assets were transferred to Principal Financial Group.

On July 12, 2021, the Plan Sponsor transferred the Bridgeway Health Services Retirement Plan into the Plan.

Effective February 18, 2022, the Plan was restated under the Principal Financial Group Pre-Approved Document for Savings Plans which has a favorable determination letter as of June 30, 2020. The Plan restatement changed the Plan Sponsor to Reliant at Home Midco, LLC, and the Plan name changed to Reliant at Home Midco LLC 401(k) Plan. The other provisions of the Plan did not materially change.
