INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Southwest Arkansas Counseling and Mental Health Center, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Southwest Arkansas Counseling and Mental Health Center 403(b) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note K to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Administrator of
Southwest Arkansas Counseling and Mental Health Center, Inc. 403(b) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Plan Administrator of
Southwest Arkansas Counseling and Mental Health Center, Inc. 403(b) Plan

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SOUTHWEST ARKANSAS COUNSELING AND MENTAL HEALTH CENTER, INC. 403(b) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021

NOTE A – DESCRIPTION OF PLAN

The following description of the Southwest Arkansas Counseling and Mental Health Center, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. **General** – The Southwest Arkansas Counseling and Mental Health Center, Inc. 403(b) Plan is a defined contribution plan covering substantially all full-time employees of Southwest Arkansas Counseling and Mental Health Center, Inc. (the Employer and Plan Administrator). Established March 1, 1968, the Plan provides for retirement benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. **Contributions** – Employees are permitted to make contributions to the Plan by entering into a salary reduction agreement with the Employer, whereby the employee agrees to reduce his or her future salary payments by a specific amount or percentage, and the Employer agrees to apply such salary reduction amounts to an investment arrangement on behalf of the employee. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may contribute up to the maximum amount permitted by law of pretax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. No employer matching contributions are made to the Plan.

3. **Participant Accounts –** Each participant's account (which is participant-directed) is credited with the participant's elective deferrals, and plan earnings (losses), and is charged with an allocation of administrative expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting** – Under the Plan, an eligible employee is credited with a year of service upon the completion of 6 months of employment or 1,000 hours of service. Eligible employees are vested in the following manner:

Less than 3 years of service	0%
3 years or more	100%

5. **Benefits** – Under the Plan, employees are entitled to distributions equal to their vested benefits at the time of retirement (age 65), termination of service due to death, hardship, disability or other reasons. A participant may elect to receive a lump sum payment, partial payments, installment payments, or an annuity contract. Vested benefits will be paid to a participant's designated beneficiary in the case of death.

6. **Forfeited Accounts** – As of December 31, 2022 and 2021, there were no forfeited non-vested accounts. No forfeitures were used during the year, and any future forfeited amounts will be use to reduce expenses of the Plan.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

7. **Participant Loans** – Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The maximum term of a loan may not exceed 5 years unless it is for the purpose of buying, building, or substantially rehabilitating the participant's personal residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.50%, which are commensurate with local prevailing rates being charged at the time of the loan. Principal and interest are paid through payroll deductions on Ascensus loans.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan.

1. **Basis of Accounting** – The financial statements of the Plan are prepared using the accrual basis of accounting.

2. **Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. **Investment Valuation and Income Recognition** – Investments in money market funds and mutual funds are valued at fair value using quoted market prices. The Plan's guaranteed interest investment contracts are valued at contract value. Fair value measurements and disclosure for investments recorded at the net asset values are included in Note D.

   The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments which consists of realized gains or losses, and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a trade-date basis.

4. **Excluded Contracts and Accounts** – The Plan Administrator has elected to exclude certain contracts and accounts from Plan assets in accordance with DOL FAB 2009-02, as discussed in Note L, due to the fact that:

   - The contract or account was issued to a current or former employee before January 1, 2009.
   - The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact stopped making contributions to the contract or account balance before January 1, 2009.
   - All the rights under the contract or account are legally enforceable against the insurer by the individual owner of the contract or account without any involvement by the employer.
   - The individual owner of the contract would be fully vested in the contract or account.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- When the Plan Administrator elects to exclude certain contracts in accordance with DOL FAB 2009-02, then the excluded contracts are not in accordance with accounting principles generally accepted in the United States of America and accordingly, it is not intended that these financial statements be presented in accordance with accounting principles generally accepted in the United States of America.

5. **Notes Receivable from Participants** – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. **Payment of Benefits** – Benefits are recorded when paid.

7. **Administrative Expenses** – All expenses of maintaining the Plan are paid by the Plan, except for audit fees, which are paid by the Plan Sponsor.

NOTE C – TAX STATUS

The Volume Submitter Plan was adopted by the plan June 15, 2018, through Ascensus. The Internal Revenue Service, in a letter dated January 1, 2018, issued an opinion letter stating that the volume submitter plan was acceptable under section 403(b) of the Internal Revenue Code (IRC). The Employer is of the opinion that the Plan and related trust (as restated June 15, 2018) are designed in accordance with applicable sections of the IRC. Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator does not believe that it has any uncertain tax positions. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimized the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Fair Value Measurements

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets
b. Quoted prices for identical or similar assets or liabilities in inactive markets
c. Inputs other than quoted prices that are observable for the asset or liability
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, that Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs that are unobservable inputs for the asset or liability.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021, respectively.

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 919,474	$ -	$ -	$ 919,474
Mutual Funds	1,714,124	-	-	1,714,124
Total Assets at Fair Value	$ 2,633,598	$ -	$ -	$ 2,633,598

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 899,886	$ -	$ -	$ 899,886
Mutual Funds	2,486,998	-	-	2,486,998
Total Assets at Fair Value	$ 3,386,884	$ -	$ -	$ 3,386,884

Gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2022 are reported in net depreciation in fair value of investments.

NOTE E – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan offers guaranteed interest account options with VALIC. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this would be the amount received by participants if they were to initiate transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus interest, less participant withdrawals, and administrative expenses. The Plan only has a traditional investment contract with no synthetic investment contracts being held during the years ended December 31, 2022 or 2021.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 403(a) of the Internal Revenue Code.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE F – RELATED PARTY/PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of guaranteed interest accounts, mutual funds, and loans which are managed by VALIC and Ascensus Trust Company, the Trustees as defined by the Plan and, therefore, qualify as party-in-interest transactions.

NOTE G – VALIC PLAN LOANS

Participants investing through VALIC may use their vested balance to collateralize loans directly from VALIC outside of the plan. The balances of these policy loans are not paid through payroll deductions and are not included in the Plan assets. However, upon commencement of the loan, an amount equal to the principal amount loaned by VALIC is transferred from the participant's investment account to the Loan Collateral Fund and Loan Escrow Fund at VALIC. These funds are fixed income investments that earn a stated rate of interest that is allocated to the individual participant. As payments are made to VALIC outside the plan, the collateral is released from the Loan Collateral and Loan Escrow Funds and reinvested according to the participant elections for contributions. A policy loan is considered to be in default when no payments are made within 95 days after the due date of the payment. Upon default, VALIC will foreclose on the loan and remove the collateral from the Plan if the participant has a right to a current distribution.

A participant has a right to a current distribution when they terminate employment or reach retirement age. If the participant is not eligible for a current distribution, the collateral will remain in the Plan until the loan is paid in full or the participant becomes eligible for a distribution. At December 31, 2022 and 2021, $33,945 and $96,480, respectively, were policy loans outstanding while $53,503 and $137,344 as of December 31, 2022 and 2021, respectively, were held as collateral for the policy loans. Because the loans are funded by VALIC, and the loan collateral is kept within the Plan assets, these loans are recorded at their collateral value within investments at contract value on the statements of net assets available for benefit.

NOTE H – COMMITMENTS

At December 31, 2022 and 2021, $1,134,986 and $1,481,245, respectively, was due to former employees who are deceased, retired, or have terminated employment. These obligations will not be reported as deductions from net assets until payment is made.

NOTE I – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to risks such as interest rate changes, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE K – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified to be complete and accurate by VALIC and Ascensus Trust Company (the "Trustees") and was not subjected to auditing procedures.

	2022	2021
Investments - Ascensus	$ 2,633,598	$ 3,386,884
Investments - VALIC	79,710	160,129
Notes Receivable from Participants	27,936	71,810
Total	$ 2,741,244	$ 3,618,823

Investment Loss - Ascensus	$ (439,395)
Investment Income - VALIC	4,772
Total	$ (434,623)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

NOTE L – EXCLUSION OF PRE-2009 ASSETS

In February of 2010, the Department of Labor issued Field Assistance Bulletin (FAB) 2010-01, Annual Reporting and ERISA Coverage for 403(b) Plans, which supplements DOL FAB 2009-02 and allows the Plan Administrator of a 403(b) Plan to exclude pre-2009 assets from net assets that meet certain criteria. The Plan has included assets held by VALIC and Ascensus, the present Plan asset custodians and trustees. Any assets that existed before VALIC and Ascensus became the Plan custodians and trustees or were not transferred to VALIC and Ascensus when the Plan Sponsor changed the custodians and trustees were not included in the beginning net assets as permitted by the field assistance bulletin.

NOTE M – RECLASSIFICATIONS

Certain amounts relating to the prior year have been reclassified to conform to the current year presentation.

NOTE N – SUBSEQUENT EVENTS

In accordance with FASB ASC 855-10 – Subsequent Events, which requires disclosure of the date through which the Plan has evaluated subsequent events, the Plan has evaluated events through August 29, 2023, the date on which the financial statements were available to be issued.
