INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of
G & F Industries Inc. Profit Sharing Retirement Plan
Sturbridge, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of **G & F Industries Inc. Profit Sharing Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2022, and the related statements of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **G & F Industries Inc. Profit Sharing Retirement Plan** performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **G & F Industries Inc. Profit Sharing Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **G & F Industries Inc. Profit Sharing Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **G & F Industries Inc. Profit Sharing Retirement Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **G & F Industries Inc. Profit Sharing Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Form 5500 – Schedule H. Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter- Report on the 2021 Financial Statements

We performed a compilation engagement with respect to the 2021 financial statements and our report thereon, dated September 7, 2023 stated we did not audit or review those financial statements and, accordingly, express no opinion or other form of assurance on them.

G & F INDUSTRIES INC. PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

1. Description of the Plan

The following description of the G & F Industries Inc. Profit Sharing Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of G&F Precision Molding Inc. (the "Company") following satisfaction of eligibility requirements and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company has appointed two executives as trustees of the Plan. They are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Effective June 1, 2022, the Plan was restated to comply with the Internal Revenue Service requirement that all Plans using pre-approved documents are required to complete a document update every six years (Cycle 3 Restatement).

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2020 ("SECURE") that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act became effective on January 1, 2020 and require significant changes to plan administration and recordkeeping.

Eligibility

Substantially all employees of the Company who have reached the age of 21 are eligible to participate in the Plan on the first day of the month following the date on which an employee meets the eligibility requirements, which is completion of three months of service.

Participant Contributions

Each year, participants may elect to contribute to the Plan on a pre or post tax basis, up to 85% of eligible compensation. Participants may also rollover amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. The Plan also includes annual automatic deferral increases of 1% (not to exceed 6% of compensation) for each active participant enrolled through automatic enrollment.

Employer Contributions

The Company will make matching contributions to the account of each eligible participant in an amount equal to 40% of the amount of the participants' elective deferrals that do not exceed 6% of the participants' compensation. The Plan also provides for the Company to make a discretionary profit-sharing contribution on an annual basis. For the years ending December 31, 2022 and 2021, there were no discretionary profit-sharing contributions.

1. Description of the Plan (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer match, and an allocation of the Company's discretionary contributions, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest 20% per year after the second year in the Company's matching contribution and discretionary profit-sharing contributions. The participants are 100% vested in the Company's matching contribution and discretionary profit-sharing contributions after six years.

Investment Elections

Participants direct the investment of their contributions, any Company matching contributions and any profit-sharing contributions into investment options offered by the Plan. Each participant has the ability to change his or her investment allocations at any time.

Benefit Payments and Plan Withdrawals

Upon termination of employment, retirement, disability, or death, the participant or his or her beneficiary, is entitled to receive a distribution of the participant's entire vested balance. Participants who have attained age 59 1/2 may withdraw any portion of the vested balance in their account.

The Plan allows for hardship withdrawals. A hardship withdrawal is allowed for certain financial hardships that result from extraordinary medical expenses, educational expenses, expenses to purchase a principal residence, or costs to prevent eviction from or foreclosure on a principal residence.

Forfeited Accounts

Forfeitures represent the non-vested portion of terminated participants' account balances. Forfeitures occur in the Plan year that participants receive distributions of their entire vested accounts or after five consecutive breaks (years) in vesting service. Forfeitures may be used to offset plan expenses and to reduce future employer contributions. The Plan recorded forfeitures of \$3,377 and \$8,173 in plan years 2022 and 2021, respectively and were used to reduce employer contributions. At December 31, 2022 and 2021, there were \$10 of unallocated forfeitures.

G & F INDUSTRIES INC. PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the cash basis of accounting modified to allow for investments to be valued at fair value, unrealized gains and losses to be recorded and to record other liabilities, which consists of distribution stale checks returned to the Plan as the Plan Sponsor searches for the participant. Under this basis, contributions are recognized when received rather than when withheld or determined, interest and dividends are recognized when received rather than when earned and expenses are recognized when paid rather than when the obligation is incurred. This basis differs from the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (Note 4), except for the stable value fund, which is reported at net asset value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine valuation policies using information provided by the investment advisors and Reliance Trust Company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the Trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Payments of Benefits

The Plan records benefit payments to withdrawing participants when paid. Under the rules for preparation of Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to year-end, and who had requested a distribution which was approved but not yet paid at period end, if any. There were no unpaid distributions at December 31, 2022 or 2021.

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

2. Summary of Significant Accounting Policies (Continued)

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses incurred by the Plan include loan and distribution fees charged directly to the participants' accounts and investment management fees that are netted against investment returns.

Subsequent events

The Plan Administrator has evaluated subsequent events through September 19, 2023, the date which the financial statements were available to be issued.

3. Information Prepared and Certified by the Custodian (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022, and net depreciation in fair value of investments, dividend income, and interest income for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the custodian of the Plan).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

When more than one level of input is used to determine fair value, the financial instrument is classified as level 1, 2 or 3 according to the lowest level input that has a significant impact on the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Continued --

G & F INDUSTRIES INC. PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

4. Fair Value Measurements (Continued)

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Stable value collective trust fund is a stable value fund that is composed primarily of fully benefit responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2022 and 2021.

	Total	Level 1
December 31, 2022		
Mutual funds	\$ 5,486,115	<u>\$ 5,486,115</u>
Stable value collective trust fund measured at net asset value (a)	<u>559,317</u>	
Investments at fair value	<u>\$ 6,045,432</u>	
December 31, 2021		
Mutual funds	\$ 6,440,778	<u>\$ 6,440,778</u>
Stable value collective trust fund measured at net asset value (a)	<u>484,519</u>	
Investments at fair value	<u>\$ 6,925,297</u>	

(a) In accordance with Subtopic 820-10 and as described in Note 2, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

G & F INDUSTRIES INC. PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemptions for these investments. The redemption notice period is applicable only to the Plan.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	<u>\$ 559,317</u>	<u>N/A</u>	<u>Daily</u>	<u>12 months</u>

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund	<u>\$ 484,519</u>	<u>N/A</u>	<u>Daily</u>	<u>12 months</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021 are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

5. Other Liabilities

Other liabilities represents distribution checks, written to participants, that remain uncashed and beyond the date the bank is obligated to pay. The Plan intends to reissue these checks or return amount to participant account, as applicable.

6. Tax Status of the Plan

The Plan has adopted a prototype plan document and is relying on the prototype sponsor's advisory letter from the Internal Revenue Service dated October 6, 2020. The letter states that the prototype and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the prototype plan has been amended since receiving the advisory letter, the prototype sponsor and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements
For the Years Ended December 31, 2022 and 2021

6. Tax Status of the Plan (Continued)

Modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds. Investment securities are exposed to various risks, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

The Plan continues to monitor the actual and potential impacts of the COVID-19 pandemic on investment income and other plan transactions. The ongoing effects of the pandemic may impact investment income and other transactions in future periods. The impact of COVID-19 on net assets available for benefit in future periods remains uncertain and difficult to predict due to the continuing evolving factors. Accordingly, the Plan's net assets available for benefit could be materially impacted.

8. Termination

Although it is the Company's intention that the Plan will be continued indefinitely, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:
