Independent Auditors' Report

Plan Administrator and Board of Trustees
PrimeCare Community Health, Inc.
Employees Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of PrimeCare Community Health, Inc. Employees Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PrimeCare Community Health, Inc. Employees Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PrimeCare Community Health, Inc. Employees Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PrimeCare Community Health, Inc. Employees Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PrimeCare Community Health, Inc. Employees Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PrimeCare Community Health, Inc. Employees Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRIMECARE COMMUNITY HEALTH, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of PrimeCare Community Health, Inc. Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan covering eligible employees of PrimeCare Community Health, Inc. (the Company). Employees are eligible to participate on the first day of the following quarter once they are hired. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2022, employees will be automatically enrolled into the Plan on the first eligibility date with a contribution rate of 4%. Employees will have the option to opt out of auto enrollment if they choose.

Contributions:

Contributions to the Plan may include employee deferral contributions including regular 403(b) "pre-tax" basis, rollovers from other qualified retirement plans, employer matching contributions and other employer contributions.

Employee deferral contributions cannot exceed 90% of the participant's earnings for the year. A participant's earnings consist of total cash compensation of an employee, payments for unused leave, and severance payments, in a Plan year. Effective December 1, 2022, the Plan was amended to exclude bonuses from compensation. Contributions are subject to certain limitations as prescribed in the Internal Revenue Code (the Code). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Both employer matching contributions and other employer contributions are discretionary. Employees must complete 1,000 hours of service during the Plan year to be eligible to receive the discretionary contributions. Union employees are excluded from participating in employer matching and other employer contributions. Effective January 1, 2022, the employee must be an employee at year-end to be eligible for any employer contribution. Non-elective contributions are allocated to participants as a uniform percentage of participant compensation.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Participant's accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) Plan earnings and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct their contributions and their share of the Company's contribution among investment options offered by the Plan.

Vesting:

Participants are always 100% vested in their employee deferral contributions, rollover contributions and earnings thereon.

Participants are also fully vested if their employment with the Company terminates after normal retirement age (65) or for reasons due to death or permanent disability. Participants vest in their employer contributions and earnings thereon in accordance with the following table:

<u>Years of service</u>	<u>Vested portion</u>
Less than 3 years	0%
3 years	100%

Loans to participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. However, the \$50,000 maximum is reduced by the highest outstanding participant loan balance during the previous 12-month period. The loans are secured by the balance in the participant's account and bear interest at the rate determined by Great-West Life and Annuity Insurance Company based upon prevailing interest rates at the time the loan is established. Loans must be repaid within a period of five years, unless the loan is used for the purchase of a participant's primary residence. Loans used for the purchase of a participant's primary residence may be repaid within a period of 20 years. The interest rates in effect for notes receivable outstanding at December 31, 2022 and 2021 ranged from 4.25% to 7.25% and 3.00% to 4.25%, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon reaching normal retirement age (65), permanent disability or resignation from the Company. In-service distributions are also allowed for participants who attain the age of 59 ½ and hardship distributions are not permitted. Upon resignation or retirement, participants are entitled to receive the vested portion of their account balance.

Forfeited accounts:

If a participant terminates employment and is less than 100% vested in the employer account, then the participant may forfeit the nonvested portion. Forfeitures are allowed to be used to reduce employer contributions payable under the Plan or to pay for administrative expenses. Forfeited nonvested accounts totaled \$38,953 and \$24,776 at December 31, 2022 and 2021, respectively.

2. Summary of significant accounting policies

Basis of accounting:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**PRIMECARE COMMUNITY HEALTH, INC.
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Notes receivable from participants:

As described in Note 1, the Plan allows participants to borrow against their vested account balance and the loans are secured by the participant's account balance. Participant loans are valued at their unpaid principal balances plus any accrued but unpaid interest. Participant loans are repaid ratably through regular direct payments and loan defaults are treated as distributions. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans considered to be uncollectible. As of December 31, 2022 and 2021, no allowance for uncollectible loans was necessary.

Contributions:

Participants' contributions are recognized by the Plan when withheld from the participants' paychecks by the Company.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates.

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through September 26, 2023, the date the financial statements were available to be issued.

PRIMECARE COMMUNITY HEALTH, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Investments (information prepared and certified by Great-West Life and Annuity Insurance Company (the Trustee) and Lincoln National Life Insurance Company (the Insurance Company))

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by the Trustee and the Insurance Company as of December 31, 2022 and 2021.

December 31,	2022	2021
Investments, at fair value:		
Registered investment companies	\$ 5,607,062	\$ 6,140,911
Investment, at contract value:		
Group annuity contract	69,866	29,755
Total investments	\$ 5,676,928	\$ 6,170,666

The Trustee and the Insurance Company certified to the completeness and accuracy of the interest and dividend income of \$304,155 and net depreciation in fair value of investments of \$1,299,268 for the year ended December 31, 2022.

Notes receivable from participants of \$84,378 and \$90,313 are also certified by the Trustee and the Insurance Company at December 31, 2022 and 2021, respectively. Interest on participant loans for the year ended December 31, 2022 was \$2,876.

**PRIMECARE COMMUNITY HEALTH, INC.
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	--

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Registered investment companies:	Valued at the market value of shares held by the Plan at year-end.
----------------------------------	--

**PRIMECARE COMMUNITY HEALTH, INC.
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Fair value measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

December 31,	2022	2021
	Level 1	
Registered investment companies	\$ 5,607,062	\$ 6,140,911

6. Group annuity contract

The Plan has a fully benefit-responsive group annuity contract with the Insurance Company, which is called the Variable Annuity Fixed Account. The Insurance Company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

These are fully benefit-responsive contracts, as the principal and interest are guaranteed with no restrictions to redemption. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed and may be reset periodically.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

PRIMECARE COMMUNITY HEALTH, INC. EMPLOYEES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

6. Group annuity contract (continued)

Certain events limit the ability of the Plan to transact at contract value with the Insurance Company and the financial institution issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The occurrence of the events listed above that would limit the ability of the Plan to transact at contract value with Plan participants is not probable of occurring.

The guaranteed interest accounts do not permit the Insurance Company to terminate the agreement prior to the scheduled maturity date. If an event of default occurs and is not cured, the non-defaulting party may terminate the contract. The following may cause the Plan to be in default:

- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the Plan agreement

The issuer may be in default if it breaches a material obligation under the investment contract, makes a material misrepresentation, has a decline in its long-term credit rating below a threshold set forth in the contract, or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan was unable to obtain a replacement investment contract, withdrawing participants may experience losses if the value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's exposure to such risk, but there is no assurance that the Plan may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value. The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro-rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default.

If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating), the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination.

**PRIMECARE COMMUNITY HEALTH, INC.
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Party-in-interest transactions

Administrative expenses represent fees paid to the Trustee and the Insurance Company for administration of the Plan. Certain Plan investments are shares of registered investment companies and an insurance company general account managed by the Insurance Company. Therefore, these transactions qualify as party-in-interest transactions. Investment management fees were paid to an investment advisor. These transactions also qualify as party-in-interest transactions.

8. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Tax status

The Plan has been designed to qualify under Section 403(b) of Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes that the Plan is qualified and the related custodial accounts are tax-exempt.
