INDEPENDENT AUDITOR'S REPORT

To the Plan Committee Member and Plan Administrator of
Sangoma US, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We were engaged to perform an audit of the financial statements of **Sangoma US, Inc. 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

ASSURANCE DIMENSIONS

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sangoma US, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note A – Description of Plan

The following description of the retirement plan named Sangoma US, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a Qualified Automatic Contribution Arrangement (QACA) Safe harbor 401k contribution plan covering all employees of Sangoma US Inc. (the “Company” or “Employer”). The Plan was formed and adopted on January 1, 2012 and most recently restated and amended August 1, 2022 to comply with the latest rules and regulations. In addition, the name of the Plan was changed from Star2Star Communications LLC to Sangoma US, Inc. 401(k) Plan and the Plan sponsor was changed from Star2Star Communications, LLC to Sangoma US, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employees are eligible to enter the Plan after completing two months of service and reaching an age of 18 years old. All eligible employees are automatically enrolled into the Plan at 3% of compensation on the first day of the month following the date eligibility requirements are met. Each Plan year, the automatic deferral amount will increase by 1% of compensation up to a maximum of 6% of compensation.

Employees that are not eligible to participate in the Plan are non-resident aliens who do not receive any compensation from U.S. sources, union employees, leased employees and employees not expected to work 1,000 hours of service.

Effective August 1, 2022, the Plan was amended to authorize the merger of the Netfortris Profit Sharing 401k Plan into the Plan. On August 1, 2022, all the Plan assets of Netfortris Profit Sharing 401(k) Plan in the amount of approximately \$2,199,000 were transferred into the Plan.

Administration

The Plan is administered by the Company. The Plan's assets for the year were maintained and administered by Massachusetts Mutual Life Insurance Company and Empower (the “Trustees”). Empower acquired MassMutual's retirement plan business in January 2021, and began converting customer accounts over to the Empower platform. The Plan's assets were transferred in 2022. The Plan's recordkeeping services, and maintenance of participant account records are managed by the Trustees.

Contributions

Participants may contribute up to 100% of their compensation to their participant account subject to limitations imposed by the Internal Revenue Code (“IRC”). The maximum participant deferral for the year ended December 31, 2022 was \$20,500. A participant who attained the age of 50 may have also made catch up contributions, subject to Internal Revenue Services (“IRS”) limitations of \$6,500 for the year ended December 31, 2022. Participants may also have contributed Roth deferrals to the Plan. The Plan also allowed participants to contribute amounts representing distributions from other qualified plans. Contributions received from participants were net of excess deferral contributions refunded, as required to satisfy the relevant nondiscrimination provisions of the Plan.

The Company makes safe harbor matching contributions on a contributing participant's elective contributions as determined by the Company each year. For the year ended December 31, 2022, the Company matched contributions equal to 100% of the participant's salary deferrals that do not exceed 4% of base compensation. Any salary deferrals that are “catch-up contributions” will not be matched. Each year, the Employer may also make a nonelective Employer contribution. Participants must be employed on the last day of the Plan year to receive the nonelective Employer contribution. For the Plan year ended December 31, 2022, the Company made no nonelective Employer contribution.

Note A – Description of Plan (continued)

Participant Accounts

Each participant's account was credited with the participant's contribution and the Company's safe harbor matching contribution, if applicable. Each participant's account was allocated earnings, gains, expenses, and losses with respect to the investments of the participant's account. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance.

Vesting

Participants are immediately vested in their salary deferral contributions and rollover contributions plus actual earnings thereon. QACA safe harbor matching contributions plus any actual earnings are vested 100% upon reaching one year of continuous service. Vesting in any nonelective Employer contributions is based on years of continuous service.

Participants are credited with a year of service for years with at least 1,000 hours worked. A participant is 100% vested after five years of credit service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Investment Options

Under the Plan, participants may have directed investments to any of 40 investment options. Participants were permitted to change their investment elections daily through a telephone access system or online system.

Notes Receivable from Participants

Participants were permitted to borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes were secured by the balance in the participant's account, or other acceptable collateral, and accrued interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The maximum note repayment period was five years unless the note is for the purchase of a primary residence in which case the repayment schedule may have been for a term in excess of five years. Principal and interest payments with respect to the notes were credited solely to the account of the borrowing participant from which the note was made.

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. In the event of default, the unpaid portion of the participant's loan was treated as a taxable distribution as of the last day of the calendar quarter following the calendar quarter in which the participant made their last payment.

Distribution of Benefits

On termination of service due to death, disability, or retirement, a participant may have elected to receive a lump-sum cash payment, installments, or, upon retirement, in installments based upon the participant's life expectancy at the time of retirement. A participant at age 59 ½ may have made withdrawals from the Plan out of their vested balance. Hardship withdrawals were permitted under the Plan.

Note A – Description of Plan (continued)

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested and asset holding accounts totaled approximately \$32,000 and \$18,000, respectively. These accounts were used to pay Plan expenses and future Company discretionary matching contributions with any remaining amount. During the year ended December 31, 2022, the Company used approximately \$48,000 to pay Plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value except for the fully benefit-responsive investment contracts, which are reported at contract value as described in Note G. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The Plan's interest in the common collective trust valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, Fair Value Measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|----------------|---|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| <i>Level 2</i> | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">Quoted prices for similar assets or liabilities in active markets;Quoted prices for identical or similar assets or liabilities in inactive markets;Inputs other than quoted prices that are observable for the asset or liability;Inputs that derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| <i>Level 3</i> | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at NAV provided by the Trustees. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2022 and 2021. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<u>Fair Value Measurements at Reporting Date Using:</u>		
	Assets Measured at Fair Value at 12/31/2022	Quoted Prices in Active Markets (Level 1)

<u>Fair Value Measurements at Reporting Date Using:</u>		
	Assets Measured at Fair Value at 12/31/2021	Quoted Prices in Active Markets (Level 1)
Mutual funds	\$ 5,813,466	\$ 5,813,466

Investments measured at NAV	7,030,900	
Investments at fair value	<u>\$ 12,844,366</u>	

Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy.

Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustees, qualified institutions. As of December 31, 2022 and 2021, and for the year ended December 31, 2022, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustees, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note D – Income Tax Status

The underlying standardized prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401(a) of IRC, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Sangoma US, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note D – Income Tax Status (continued)

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2020.

Note E – Risks and Uncertainties

The Plan provides for various investment options which are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note F – Party-In-Interest Transactions

Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Certain Plan investments and the related transactions were in investment funds managed by the Trustees; therefore, these investments and transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to parties-in-interest by the Plan for services amounted to approximately \$120,000 during the year ended December 31, 2022.

Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value on the statement of net assets consist of the following investment(s):

<u>Investment Type</u>	<u>Investment Name</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Guaranteed interest account	General Account	\$ 1,083,813	\$ 666,948

The Plan invests in a guaranteed interest account, (General Account, "the Fund"). The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. As described in Note B, because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fund. The investment are included in the financial statements at contract value as reported to the Plan by the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Sangoma US, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note G – Fully Benefit-Responsive Investment Contracts (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the Fund. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investments options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note H – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
