Independent Auditors' Report

Plan Administrator of the
Murata Machinery USA, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Murata Machinery USA, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Murata Machinery USA, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Murata Machinery USA, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Murata Machinery USA, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Murata Machinery USA, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Murata Machinery USA, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

The following description of the Murata Machinery USA, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Murata Machinery USA, Inc. (the "Company") covering all employees of the Company who are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective July 20, 2020, the Plan allowed Cimcorp USA, Inc., a company owned by the same parent company that owns the Company, to begin participating in the Plan under the same plan document already in effect.

Contributions

Participants may elect to contribute up to 20% of annual compensation to the Plan. Upon completion of one year of service, the Company will contribute an amount to the Plan equal to 50% of applicable contributions up to 4% of eligible compensation. The Company may also make discretionary contributions to the Plan.

Participants may direct the contributions into various mutual funds and common trust funds, which are provided as investment options. Participants may change their investment allocations at any time by contacting the Trustee directly.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus earnings thereon vest 20% per year of service and are 100% vested after 5 years of service.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Active participants may borrow from their accounts an amount not to exceed 50% of the participant's vested interest in their balances with a maximum limit of \$50,000. The minimum loan amount is \$1,000 and participants may only have one outstanding loan at any time. Repayments are made through payroll deduction based upon a predetermined schedule with interest charged based on the prime interest rate at the time the loan was requested.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in the participant's account in either a lump-sum amount or in installments over a specified period of time not to exceed the participant's life expectancy.

Forfeited Accounts

Forfeitures of participants' nonvested account balances are used to reduce future employer contributions to the Plan. The balance in the forfeiture account was \$20,792 and \$17,051 at December 31, 2022 and 2021, respectively. Forfeitures of \$36,229 were used to reduce employer contributions for the year ended December 31, 2022.

Excess Contributions Payable

The Plan is required to return to the participants contributions received during the plan year in excess of the IRC limits.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participants would become 100% vested in their accounts and not subject to forfeiture.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures or contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of its investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses can be paid by the Plan or the Company, as provided by the Plan document. Expenses relating to specific participant transactions are charged directly to the participant's account.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, the date the financial statements were available to be issued.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs and information other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

Common trust funds: Valued at the net asset value ("NAV") of units held by the Plan at year end based upon quoted prices in public markets for the underlying investments. These investments can be redeemed immediately without notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	December 31, 2022	
	Fair Value	Level 1
Mutual funds	\$ 19,944,512	\$ 19,944,512
Total assets in the fair value hierarchy	19,944,512	\$ 19,944,512
Common trust funds, measured at NAV	15,301,947	
Investments at fair value	\$ 35,246,459	
	December 31, 2021	
	Fair Value	Level 1
Mutual funds	\$ 24,391,673	\$ 24,391,673
Total assets in the fair value heirarchy	24,391,673	\$ 24,391,673
Common trust funds, measured at NAV	17,338,535	
Investments at fair value	\$ 41,730,208	

Investments that were measured at net asset value per share or unit have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the investments at fair value in the statements of net assets available for benefits.

4. Information Certified by Trustee

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which was certified by Principal Trust Company ("Principal"), the trustee, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, as complete and accurate, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- Investments at fair value
- Notes receivable from participants
- Investment income
- Interest income on notes receivable from participants

5. Related Party Transactions

Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. Fees paid by the Plan for administrative services are included in administrative expenses.

6. Tax Status

The Plan uses a prototype plan document sponsored by Principal Life Insurance Company ("Principal"). Principal received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. The Plan is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. The Plan has evaluated each of its tax positions and has determined that no additional provision or liability for income taxes is necessary.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to Form 5500 as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>

Net assets available for benefits per Form 5500	<u>\$ 35,587,158</u>	<u>\$ 42,543,146</u>

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the accompanying financial statements to net income (loss) per the Form 5500 for the year ended December 31, 2022:

Net increase (decrease) in net assets per financial statement	\$ (6,472,166)
Change in stable value funds, adjustment to fair value	<u>(483,822)</u>
Net income (loss) per Form 5500	<u>\$ (6,955,988)</u>
