INDEPENDENT AUDITOR'S REPORT

Board of Directors
USS Midway Museum 403(b) Plan
San Diego California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the accompanying financial statements of USS Midway Museum 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of USS Midway Museum 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of USS Midway Museum 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about USS Midway Museum 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of USS Midway Museum 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about USS Midway Museum 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan and Significant Accounting Policies

Description of the Plan

The following description of the USS Midway Museum 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The plan agreement is available to all participants upon request at the Plan's administrative office.

General – The Plan was established on January 3, 2008 to help its employees meet their long-range financial goals through the accumulation of funds during their career with USS Midway Museum (the Museum).

Contributions – The Plan provides for two different types of contributions: voluntary employee contributions and employer contributions. Generally, all employees regularly scheduled to work at least 20 hours per week are eligible to participate in the Plan. An eligible employee may elect to make voluntary employee contributions to the Plan at any time after employment commences.

No conditions apply in order for eligible employees to receive the employer contributions. An eligible employee is eligible to receive their applicable portion of any employer contributions made to the Plan.

All contributions to the Plan are subject to certain limitations and are immediately 100% vested.

Participant Accounts – Each participant's account is credited with its contribution and an allocation of plan earnings. Allocations are based on account balances. The benefits to which a participant is entitled are the benefits that can be provided from his/her account. Participants direct their own accounts.

Forfeitures – The plan administrator will allocate a participant forfeiture attributable to matching contributions to pay reasonable plan expenses first from all forfeitures, and then allocate from all forfeitures as additional discretionary matching contribution.

Vesting – Participants are vested immediately in both the employee and employer contributions plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 against their American Trust Company account. The notes are secured by the balance in the participant's account and bear interest rates from 3.25% to 7.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. The outstanding balance includes loans with maturity dates through March 2031. The outstanding notes receivable for December 31, 2022 and 2021 was \$79,837 and \$107,826, respectively.

Payments of Benefits – Benefits are payable upon a participant's termination from employment at the Museum, a participant's death, permanent disability, or normal retirement (age 59½). Benefit payments must either begin no later than April 1st of the calendar year following the year of retirement or when the participant reaches age 70½. Benefits paid will be equal to the balance in the participant's account and may be paid as a lump sum or as an annuity. Participant loans are allowed under the Plan. In addition, a participant who demonstrates an immediate and heavy financial need can obtain a hardship withdrawal.

Significant Accounting Policies

Basis of Accounting – The accounting records of the Plan are maintained using the accrual basis of accounting.

USS MIDWAY MUSEUM 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

Use of Estimates – The preparation of financial statements, in conformity with generally accepted accounting principles, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed investment contracts are presented at contract value which represents a reasonable estimate of fair value as determined by a person or persons believed by the plan administrator to be competent to make such valuation. See Note 3 for discussion of fair value measurements.

The net depreciation in fair value of investments presented in the statement of changes in net assets includes the Plan's gains and losses on investments bought and sold during the year as well as the change in value of investments held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and plan administrator considers the participant to be in default, the loan balance is reduced, and the delinquent participant not receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – The Museum pays all costs and expenses incurred in connection with the operations of the Plan, except for those fees deducted by the plan custodians. Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at that date, including the estimates inherent in the process of preparing financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits, but arose after that date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 25, 2023, which is the date the financial statements are available for issuance, and concluded that there are no events that need to be disclosed.

Note 2. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by American Trust Company and Fidelity Management Trust Company (the custodians of the Plan). Investment and notes receivable from participants information is summarized as follows:

	2022	2021
Total investments	\$ 7,452,044	\$ 8,361,249
Notes receivable from participants	\$ 79,837	\$ 107,826

USS MIDWAY MUSEUM 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

Changes in net assets certified by the custodians and not audited for the years ended December 31, 2022 include the following:

Net depreciation in fair value of investments	\$ (1,267,183)
Interest and dividend income	\$ 193,633
Participant loan interest	\$ 3,785

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Variable annuities held by American Trust Company and Fidelity Management Trust Company Investments are valued at amortized cost.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Register investment companies (mutual funds): Valued at the daily price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total

Note 4. Guaranteed Investment Contract with Insurance Company (Investments at Contract Value)

The Plan entered into a fully benefit-responsive investment contract through American Trust Company with Standard Insurance Company; the company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The value of the investment contract at December 31, 2022 and 2021 was \$1,532,989 and \$1,617,283, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a bi-annual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value. Such events include (1) amendments to the plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participant are probable of not occurring.

The guaranteed investment contract may be terminated at any time upon 30 days advance written notice by the contract holder.

The average yields earned by the guaranteed investment contract for 2022 was 2.20% and for 2021 was 2.10%.

Note 5. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The plan administrator and the plan's tax counsel believe the terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-In-Interest Transactions

Fees – Plan investments include annuity contracts and shares of registered investment company funds managed by American Trust Company and Fidelity Management Trust Company Investments. Transactions with these entities qualify as party-in-interest transactions. For the year ended December 31, 2022, direct fees paid by the Plan for investment management and recordkeeping services was \$36,652.

Notes Receivable from Participants – As of December 31, 2022 and 2021, participants had outstanding loans payable of \$79,837 and \$107,826 respectively. See Note 1 for discussion of notes to participants.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Museum has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

Note 8. Risks and Uncertainties

Concentration of Credit Risk - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

COVID-19 Risks - In 2020 the COVID-19 virus was declared a global pandemic. The plan sponsor continues to monitor and assess the implications and take necessary actions to mitigate potential adverse consequences that would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

There were no differences in amounts reported in the Plan's financial statements and the Form 5500 as of and for the year ended December 31, 2022.
