INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Defibtech, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Defibtech, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at Year End) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Defibtech, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more comprehensive description of the Plan's provisions.

GENERAL AND ELIGIBILITY

The Plan is a defined contribution plan sponsored by Defibtech, LLC (the Sponsor) covering all employees of the Sponsor who have completed at least three months of continuous service, except for leased employees, employees under collective bargaining, or non-resident aliens who receive no income in the United States. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Upon enrollment in the Plan, employees may direct salary deferral contributions and employer discretionary matching and profit-sharing contributions to selected investments as made available and determined by the Sponsor. Participants may change their investment options at any time. Employees are enrolled on the first day of the quarter coinciding the date of eligibility or the quarter after.

The Plan administrator is responsible for oversight of the plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Sponsor's management.

PARTICIPANT CONTRIBUTIONS

Participants may elect to contribute up to 100% of their eligible compensation up to the maximum allowed by the Internal Revenue Code (IRC) limitations. Participants who are at least the age 50 may make an additional pretax "catch-up" contribution subject to IRC limitations. In addition to pre-tax contributions participants may also make after-tax (Roth) contributions to the Plan. Participants may also contribute funds from another qualified retirement plan (rollover contributions), subject to certain requirements. Participant contributions are recorded in the period during which the Sponsor makes payroll deductions from the participant's earnings. Participants direct the investment of their contributions into investment fund options offered by the Plan.

EMPLOYER CONTRIBUTIONS

The Sponsor may, at its discretion, match participant contributions to the Plan. The Sponsor may contribute up to 50% of participant's contributions up to 6% of gross compensation. The Company made employer matching contributions totaling \$316,006 for the year ended December 31, 2022.

The Sponsor's Board of Directors can elect to make a discretionary profit sharing contribution. Discretionary profit sharing contributions are allocated based on a formula taking into consideration a participant's eligible compensation. All active employees that were employed at the plan year end and who had completed 1,000 hours of service during the Plan year are eligible for the discretionary profit sharing contributions. The Sponsor did not make any discretionary profit sharing contributions to the Plan during the year ended December 31, 2022.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the allocation of Sponsor contributions (matching and discretionary profit-sharing), and allocation of Plan earnings, including interest, dividends, and realized and unrealized gains and losses. Earnings are allocated proportionately among all participants based on their investment in each fund and reduced by benefit payments and an allocation of certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their employee contributions and the income earned thereon. Vesting in the Sponsor's matching and discretionary profit sharing contributions, plus its related earnings or losses is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two years	0%
Two years or more	100%

PAYMENT OF BENEFITS

If a participant becomes entitled to receive benefits for any other reason other than death, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, participants will receive their vested balance as soon as it is administratively feasible following their termination. If a participant dies prior to distribution, the beneficiary may elect to receive distributions either (1) by beginning within one year of the participant's death and paid over the designated beneficiary's life expectancy (the "one year rule"), (2) if the participant's spouse is the beneficiary, under (1), may delay the start of payments until the year in which the participant would have attained age 70½, or (3) within five years after the participant's death (the "five year rule").

The Plan allows in-service withdrawals of employer contributions, employee contributions, rollovers and transfers after attaining age 59½. A participant may also request a withdrawal, subject to limitations, upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the IRC or standards established by the Secretary of the Treasury or his delegate.

NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan provisions. Loans must bear a market rate of interest at the time of the loan. Loans are collateralized by the participant's vested interest and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed (maximum 10 years). All loans bear interest at rates ranging from 4.25% to 6.50% as of December 31, 2022 and 2021, and mature at various dates through June 2027. If any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter that the missed payment was due, the loan is considered to be in default.

If a loan from the Plan to a participant is approved and granted, the trustee establishes and maintains a loan investment fund in the participant's name. The assets of the loan investment fund are held as a separate fund. The balance of the loan investment account is decreased by the amount of principal repayments, and all principal and interest paid by the participant is deposited into the participant's account and allocated among the investment funds in accordance with the participant's currently effective investment elections.

FORFEITURES

In accordance with the Plan document, any employer matching or discretionary profit sharing contributions with respect to a participant's account which is not vested upon termination of the participant is forfeited. Forfeited nonvested accounts are used to reduce Plan expenses and reallocated among the accounts of the remaining Participants as if the forfeited amount were an additional Employer matching or discretionary profit sharing contribution. There were forfeitures outstanding of \$254 as of December 31, 2022 and \$59 as of December 31, 2021. \$5,256 of forfeitures were used to pay for administrative expenses during the year ended December 31, 2022.

CARES ACT

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") which included several relief provisions to tax qualified plans and their participants that were put into operation by the Plan at that time. Formal adoption of such provisions of the CARES Act provisions is required to occur on or before December 31, 2025.

ADMINISTRATIVE EXPENSES

Substantially, all expenses incurred in the administration of the Plan are paid by the Plan sponsor, and are excluded from these financial statements. Investment related expenses are charged directly to the participants account and are included in net depreciation in fair value of investments. Fees related to benefits paid to participants are paid by the participants and are charged directly to the participant's accounts. Expenses paid by the Plan of \$51,249 for the year ended December 31, 2022, consisted of certain third party administration fees and are included in administrative expenses on the statement of changes in net assets available for plan benefits.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements, the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's collective investment trust fund is reported at net asset value (NAV) as a practical expedient (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in fair value of investments includes the Plan's gains and losses (realized and unrealized) on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses have been recorded as of December 31, 2022 or 2021. Delinquent notes receivables from participants are reclassified as distributions based upon the terms of the Plan document. There were no loans in default that were considered a deemed distribution during the year end December 31, 2022.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Benefit payments to participants are recorded when paid.

RISKS AND UNCERTAINTIES

The Plan provides various investment options, which may invest in any combination of mutual funds and collective investment trust funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 19, 2023, the date the accompanying financial statements were available for issuance. Other than below, no subsequent events were identified requiring recognition or disclosure in the financial statements.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA. Accordingly, Reliance Trust Company (Reliance), the custodian of the Plan, has certified the following data included in the financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2022 and 2021.
- Interest and dividend income, interest income on notes receivable from participants and net depreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022.
- Investments as shown in the accompanying Schedule H, 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022.

The information has not been audited by the Plan's independent auditors.

NOTE 4 - FAIR VALUE MEASUREMENTS

Certain Plan investments are reported at fair value in the accompanying statements of net assets available for plan benefits. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this framework are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DEFIBTECH, LLC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan also considers nonperformance risk in the overall assessment of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Collective Investment Trust Funds*: Valued at the NAV of units of a bank collective investment trust (CIT). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the plan to initiate a full redemption of the CIT, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner. In addition, the CIT funds have no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

DECEMBER 31, 2022 AND 2021

NOTE 5 - PARTIES-IN-INTEREST

Section 3(14) of ERISA defined a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. As of December 31, 2022 and 2021, and for the year ended December 31, 2022, the Plan investments consisted of mutual funds held with Reliance, the Plan Custodian. Reliance is a party-in-interest as defined by ERISA.

The participants with outstanding loans included in notes receivable from participants in the accompanying statements of assets available for benefits, are considered a parties-in-interest as defined by ERISA.

In addition, the Sponsor provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

NOTE 6 - TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor retains the right to discontinue its contributions at any time and to amend, alter or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.
