Independent Auditor's Report

To the Plan Administrator
Emergent BioSolutions, Inc. Employee Deferred Compensation Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audits of the financial statements of Emergent BioSolutions, Inc. Employee Deferred Compensation Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emergent BioSolutions, Inc. Employee Deferred Compensation Plan

Notes to Financial Statements December 31, 2022 and 2021

Note 1 - Description of Plan

The following is a brief description of the Emergent BioSolutions, Inc. Employee Deferred Compensation Plan (the "Plan") and is provided for general purposes only. Participants should refer to the Plan Document and amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Emergent BioSolutions, Inc. ("Company" or "Plan Sponsor") and its affiliates, except for leased employees, temporary, part-time or seasonal employees who are regularly scheduled to work less than 1,000 hours per year, and employees of an affiliate that is not a participating employer. The Plan was amended effective January 5, 2018 to state that the entry date is to be the earliest date, as opposed to the earliest monthly date, on which the employee is an eligible employee and has completed one day of eligibility service. The Plan is subject to the provisions of ERISA.

Contributions

Each year, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible employee who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a six percent withholding of pretax annual compensation. This withholding will increase by one percent each subsequent year until the automatic election reaches a maximum withholding contribution of ten percent of compensation. The Plan allows for discretionary matching contributions. During 2022, the Company contributed 50 percent of the first six percent of compensation that a participant contributed to the Plan. Profit-sharing amounts may be contributed at the discretion of the Company. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to receive an allocation of any discretionary profit-sharing contribution. There were no such contributions for the Plan year ended December 31, 2022. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, as well as allocations of the Company's discretionary profit-sharing contribution, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary profit-sharing contributions, if any, are based on the ratio of the participant's compensation to the total compensation of all eligible participants for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid through payroll deductions.

Emergent BioSolutions, Inc. Employee Deferred Compensation Plan

Notes to Financial Statements December 31, 2022 and 2021

Payment of benefits

Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals are also permitted subject to provisions described in the Plan document. Effective September 1, 2018, the Plan was amended to provide for in-service distributions at age 59 and a half. Benefits are payable in lump sum or installment payments.

Vesting

Participants are vested immediately in their contributions and the Company's discretionary matching contributions plus actual earnings thereon. Vesting in the Company discretionary profit-sharing contributions is based on years of continuous service of at least 1,000 hours per year. A participant is 20% vested after two years of service is completed and vests an additional 20% per year until full vesting after six years.

Forfeitures

At December 31, 2022 and 2021, there were no amounts in the forfeited nonvested accounts. These amounts will be used to reduce future employer contributions or to pay plan expenses at the discretion of the employer. During 2022, \$774 of forfeited nonvested amounts were used to reduce employer contributions.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Company. The Plan also pays investment expenses based on stated basis points for the respective investments and transactional expenses for loans and distributions.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuations and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan

Emergent BioSolutions, Inc. Employee Deferred Compensation Plan

Notes to Financial Statements December 31, 2022 and 2021

repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefit payments to participants are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of the fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 7, 2023, the date the financial statements were available to be issued.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2022, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Delaware Charter Guarantee & Trust Company (conducting business under the trade name Principal Trust Company), the "Trustee" of the Plan.

Note 4 - Fair value

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1" measurements) and the lowest priority to unobservable inputs ("Level 3" measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Emergent BioSolutions, Inc. Employee Deferred Compensation Plan

Notes to Financial Statements December 31, 2022 and 2021

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of the units of pooled separate accounts is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the accounts. The NAV is used as a practical expedient to estimate fair value and is determined by the trustee based on fair value of the underlying assets in the accounts, less the liabilities.

The fair value of the shares of publicly traded securities available under the self-directed brokerage account option are based on the closing price reported on the active market on which the individual securities are traded.

The fair value of common collective trust funds is based on the NAV on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the common collective trusts is used as a practical expedient to estimate fair value and is determined by the fund trustee based on the fair value of underlying assets in the trusts, less the liabilities.

The fair value of assets is as follows:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 54,608,880	\$ -	\$ -	\$ 54,608,880
Self directed brokerage accounts	2,127,906	-	-	2,127,906
Total assets within the fair value hierarchy	<u>\$ 56,736,786</u>	<u>\$ -</u>	<u>\$ -</u>	56,736,786
Investments measured at NAV (a)				<u>123,281,029</u>
Total assets at fair value				<u>\$ 180,017,815</u>

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 67,253,237	\$ -	\$ -	\$ 67,253,237
Self directed brokerage accounts	1,912,359	-	-	1,912,359
Total assets within the fair value hierarchy	<u>\$ 69,165,596</u>	<u>\$ -</u>	<u>\$ -</u>	69,165,596
Investments measured at NAV (a)				<u>133,548,726</u>
Total assets at fair value				<u>\$ 202,714,322</u>

Emergent BioSolutions, Inc. Employee Deferred Compensation Plan

Notes to Financial Statements December 31, 2022 and 2021

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments in all common collective trust funds (\$117,808,451 and \$126,652,407 at December 31, 2022 and 2021, respectively), and pooled separate accounts (\$5,472,578 and \$6,896,319 at December 31, 2022 and 2021, respectively), can be redeemed immediately at the current NAV based on the fair value of the underlying assets. There are no other withdrawal limits or redemption frequency limits of redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2022 and 2021.

Note 5 - Risk and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in future statements of net assets available for benefits.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 7 - Tax status

The Plan is a volume submitter plan of Principal Life Insurance Company, which received an opinion letter on August 8, 2014, in which the Internal Revenue Service ("IRS") stated that the form of the Plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Parties-in-interest

Certain Plan investments are managed by affiliates of Principal Trust Company. Principal Trust Company is the trustee and Principal Life Insurance Company is the recordkeeper, as defined by the Plan. During 2022, the Plan paid Principal Trust Company for administrative services provided. These transactions qualify as exempt party-in-interest transactions.
