Northside Collision, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Northside Collision, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Northside Collision, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northside Collision, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northside Collision, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northside Collision, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northside Collision, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)
In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of Northside Collision, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Northside Collision, Inc. (the "Company"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals and receive discretionary company match or non-elective employer contributions after the attainment of age 18 and having completed one year of service. The discretionary company match and non-elective employer contribution feature of the Plan also requires employees to have at least 1,000 hours of service in the Plan year and to be employed with the Company as of the last day of the Plan year.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to maximum limitations established by the Internal Revenue Code. In addition, participants have the option to elect to have after-tax contributions made to the Plan. After-tax contributions are included in a participant's taxable gross income for the year in which the contribution is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Starting January 1, 2022, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at the 2% deferral rate, unless the participant elects otherwise.

Discretionary company match and non-elective employer contributions may be made at the option of the Company's management. Contributions are subject to certain limitations. Company match contributions were $70,000 in 2022. No Company match contributions were made in 2021. No discretionary non-elective employer contributions were made in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of any discretionary employer contributions, Plan earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balance, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings/losses thereon. Vesting in the Company's discretionary match and non-elective employer contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship withdrawals are permitted in the event of immediate and heavy financial need after the participant has exhausted all participant loan efforts. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions.

In-service withdrawals are permitted for participants that are age 59 ½ or older.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or one-half of the participant's vested account balance, subject to certain conditions as defined in the Plan agreement. The loan and interest thereon shall be repaid over a period not to exceed sixty months (except for certain residential loans which can extend up to fifteen years). The loans are secured by the balance in the participant's account and bear interest at the prime rate. Interest rates on outstanding loans range from 3.25% to 6.25% at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Investment Options

Investments are held within various investment options maintained by Equitable Life Insurance Company. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

Forfeited Accounts

Forfeited non-vested accounts totaled $2,957, and $2,783 at December 31, 2022 and 2021, respectively. These accounts are used to reduce administrative expense or future Company contributions. In 2022, there were no forfeited amounts used to reduce administrative expenses or contributions. In 2021, forfeited amounts of $2,400 were used to reduce administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value, except for the guaranteed interest account, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institutions.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Company absorbs reasonable expenses incurred in the administration of the Plan that include accounting and legal fees. Expenses related to certain participant transactions, such as fees related to distributions and participant loans, are deducted from the participant's accounts as the transactions occur.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2022 or 2021.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Self-directed brokerage account*: valued at the aggregate value of the investments held. Money market accounts are valued at cost plus accrued interest. Mutual funds are valued at the daily closing price as reported by the fund.

The following is a description of the valuation methodology used for assets for which fair values are estimated using the net asset value (NAV) practical expedient:

- *Pooled separate accounts*: valued at net asset value of units held by the Plan, based on the accumulated values of the underlying investments. Unit values are determined daily based on the net asset value of the quoted market prices of the underlying investment, the fund's dividends, and the contracts separate account charges.

3. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2022 and 2021.

Fair value measurement at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage account	$ 250,930	$ -	$ -	$ 250,930
Investments using NAV as practical expedient (a)				2,947,982
Total investments, at fair value				$ 3,198,912

Fair value measurement at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage account	$ 319,026	$ -	$ -	$ 319,026
Investments using NAV as practical expedient (a)				3,321,256
Total investments, at fair value				$ 3,640,282

(a) In accordance with Subtopic 820-10 certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient
The following table summarizes investments measured at fair value based on net asset value (NAVs) per share practical expedient as of December 31, 2022 and 2021.

Investment	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 2,947,982	$ 3,321,256	$ -	Daily	None

4. CERTIFIED INVESTMENTS

The Plan administrator has received certifications from Equitable Life Insurance Company, the custodian of the Plan, that states that the following information is complete and accurate as of and for the years ended December 31, 2022 and 2021.

	2022	2021
Statements of net assets available for benefits:		
Pooled separate accounts, at fair value	$ 2,947,982	$ 3,321,256
Guaranteed interest account, at contract value	$ 464,596	$ 500,949
Notes receivable from participants	$ 96,300	$ 63,146
Statements of changes in net assets available for benefits:		
Net appreciation (depreciation) in fair value of investments[1]	$ (596,832)	$ 487,772
Interest income on notes receivable from participants	$ 3,381	$ 2,637

Schedule of Assets (Held at End of Year) Schedule I

[1] Net appreciation (depreciation) in non-certified investments totaled ($68,983) and $58,907 in 2022 and 2021, respectively.

5. GUARANTEED INCOME FUND WITH INSURANCE COMPANY

The Plan is invested in a fully benefit-responsive income contract with Equitable Life Insurance Company (Equitable). Equitable maintains the contributions in a general account. The account is credited with earnings at the credited interest rate and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported by Equitable, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value to any fund with no restrictions.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the contract at December 31, 2022 and 2021 was $464,596 and $500,949, respectively. The crediting interest rate is based on a contractually guaranteed interest rate that may not be less than one percent. Such interest rates are reviewed on an annual basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value. At December 31, 2022 there are no unfunded commitments and investments are redeemed on a daily basis.

6. PARTY-IN-INTEREST TRANSACTIONS

Fees paid to Equitable Life Insurance Company, the custodian and record-keeper of the Plan, for administrative services amounted to $19,477 and $23,163 for the years ended December 31, 2022 and 2021, respectively, and qualifies as party-in-interest transactions.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Internal revenue Service (the "IRS") has determined and informed by letter for the non-standardized pre-approved profit sharing plan adopted by the Plan, dated June 30, 2020, that the non-standardized plan is designed in accordance with applicable sections of the Internal Service Revenue Code (the "IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. RECONCILATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2022 and 2021, certain classifications differ between the financial statements and Form 5500.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 11, 2023, which is the date the financial statements were available to be issued.

To the Plan Administrator and Management of
Northside Collision, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Northside Collision, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Northside Collision, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northside Collision, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northside Collision, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northside Collision, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northside Collision, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)
In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of Northside Collision, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Northside Collision, Inc. (the "Company"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals and receive discretionary company match or non-elective employer contributions after the attainment of age 18 and having completed one year of service. The discretionary company match and non-elective employer contribution feature of the Plan also requires employees to have at least 1,000 hours of service in the Plan year and to be employed with the Company as of the last day of the Plan year.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to maximum limitations established by the Internal Revenue Code. In addition, participants have the option to elect to have after-tax contributions made to the Plan. After-tax contributions are included in a participant's taxable gross income for the year in which the contribution is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Starting January 1, 2022, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at the 2% deferral rate, unless the participant elects otherwise.

Discretionary company match and non-elective employer contributions may be made at the option of the Company's management. Contributions are subject to certain limitations. Company match contributions were $70,000 in 2022. No Company match contributions were made in 2021. No discretionary non-elective employer contributions were made in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of any discretionary employer contributions, Plan earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balance, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings/losses thereon. Vesting in the Company's discretionary match and non-elective employer contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship withdrawals are permitted in the event of immediate and heavy financial need after the participant has exhausted all participant loan efforts. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions.

In-service withdrawals are permitted for participants that are age 59 ½ or older.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or one-half of the participant's vested account balance, subject to certain conditions as defined in the Plan agreement. The loan and interest thereon shall be repaid over a period not to exceed sixty months (except for certain residential loans which can extend up to fifteen years). The loans are secured by the balance in the participant's account and bear interest at the prime rate. Interest rates on outstanding loans range from 3.25% to 6.25% at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Investment Options

Investments are held within various investment options maintained by Equitable Life Insurance Company. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

Forfeited Accounts

Forfeited non-vested accounts totaled $2,957, and $2,783 at December 31, 2022 and 2021, respectively. These accounts are used to reduce administrative expense or future Company contributions. In 2022, there were no forfeited amounts used to reduce administrative expenses or contributions. In 2021, forfeited amounts of $2,400 were used to reduce administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value, except for the guaranteed interest account, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institutions.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Company absorbs reasonable expenses incurred in the administration of the Plan that include accounting and legal fees. Expenses related to certain participant transactions, such as fees related to distributions and participant loans, are deducted from the participant's accounts as the transactions occur.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2022 or 2021.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Self-directed brokerage account*: valued at the aggregate value of the investments held. Money market accounts are valued at cost plus accrued interest. Mutual funds are valued at the daily closing price as reported by the fund.

The following is a description of the valuation methodology used for assets for which fair values are estimated using the net asset value (NAV) practical expedient:

- *Pooled separate accounts*: valued at net asset value of units held by the Plan, based on the accumulated values of the underlying investments. Unit values are determined daily based on the net asset value of the quoted market prices of the underlying investment, the fund's dividends, and the contracts separate account charges.

3. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2022 and 2021.

Fair value measurement at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage account	$ 250,930	$ -	$ -	$ 250,930
Investments using NAV as practical expedient (a)				2,947,982
Total investments, at fair value				$ 3,198,912

Fair value measurement at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage account	$ 319,026	$ -	$ -	$ 319,026
Investments using NAV as practical expedient (a)				3,321,256
Total investments, at fair value				$ 3,640,282

(a) In accordance with Subtopic 820-10 certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient
The following table summarizes investments measured at fair value based on net asset value (NAVs) per share practical expedient as of December 31, 2022 and 2021.

Investment	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 2,947,982	$ 3,321,256	$ -	Daily	None

4. CERTIFIED INVESTMENTS

The Plan administrator has received certifications from Equitable Life Insurance Company, the custodian of the Plan, that states that the following information is complete and accurate as of and for the years ended December 31, 2022 and 2021.

	2022	2021
Statements of net assets available for benefits:		
Pooled separate accounts, at fair value	$ 2,947,982	$ 3,321,256
Guaranteed interest account, at contract value	$ 464,596	$ 500,949
Notes receivable from participants	$ 96,300	$ 63,146
Statements of changes in net assets available for benefits:		
Net appreciation (depreciation) in fair value of investments[1]	$ (596,832)	$ 487,772
Interest income on notes receivable from participants	$ 3,381	$ 2,637

Schedule of Assets (Held at End of Year) Schedule I

[1] Net appreciation (depreciation) in non-certified investments totaled ($68,983) and $58,907 in 2022 and 2021, respectively.

5. GUARANTEED INCOME FUND WITH INSURANCE COMPANY

The Plan is invested in a fully benefit-responsive income contract with Equitable Life Insurance Company (Equitable). Equitable maintains the contributions in a general account. The account is credited with earnings at the credited interest rate and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported by Equitable, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value to any fund with no restrictions.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the contract at December 31, 2022 and 2021 was $464,596 and $500,949, respectively. The crediting interest rate is based on a contractually guaranteed interest rate that may not be less than one percent. Such interest rates are reviewed on an annual basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value. At December 31, 2022 there are no unfunded commitments and investments are redeemed on a daily basis.

6. PARTY-IN-INTEREST TRANSACTIONS

Fees paid to Equitable Life Insurance Company, the custodian and record-keeper of the Plan, for administrative services amounted to $19,477 and $23,163 for the years ended December 31, 2022 and 2021, respectively, and qualifies as party-in-interest transactions.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Internal revenue Service (the "IRS") has determined and informed by letter for the non-standardized pre-approved profit sharing plan adopted by the Plan, dated June 30, 2020, that the non-standardized plan is designed in accordance with applicable sections of the Internal Service Revenue Code (the "IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. RECONCILATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2022 and 2021, certain classifications differ between the financial statements and Form 5500.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 11, 2023, which is the date the financial statements were available to be issued.

To the Plan Administrator and Management of
Northside Collision, Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Northside Collision, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Northside Collision, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northside Collision, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northside Collision, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northside Collision, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northside Collision, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)
In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of Northside Collision, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Northside Collision, Inc. (the "Company"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals and receive discretionary company match or non-elective employer contributions after the attainment of age 18 and having completed one year of service. The discretionary company match and non-elective employer contribution feature of the Plan also requires employees to have at least 1,000 hours of service in the Plan year and to be employed with the Company as of the last day of the Plan year.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to maximum limitations established by the Internal Revenue Code. In addition, participants have the option to elect to have after-tax contributions made to the Plan. After-tax contributions are included in a participant's taxable gross income for the year in which the contribution is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Starting January 1, 2022, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at the 2% deferral rate, unless the participant elects otherwise.

Discretionary company match and non-elective employer contributions may be made at the option of the Company's management. Contributions are subject to certain limitations. Company match contributions were $70,000 in 2022. No Company match contributions were made in 2021. No discretionary non-elective employer contributions were made in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of any discretionary employer contributions, Plan earnings/losses and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balance, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings/losses thereon. Vesting in the Company's discretionary match and non-elective employer contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship withdrawals are permitted in the event of immediate and heavy financial need after the participant has exhausted all participant loan efforts. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions.

In-service withdrawals are permitted for participants that are age 59 ½ or older.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or one-half of the participant's vested account balance, subject to certain conditions as defined in the Plan agreement. The loan and interest thereon shall be repaid over a period not to exceed sixty months (except for certain residential loans which can extend up to fifteen years). The loans are secured by the balance in the participant's account and bear interest at the prime rate. Interest rates on outstanding loans range from 3.25% to 6.25% at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Investment Options

Investments are held within various investment options maintained by Equitable Life Insurance Company. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

Forfeited Accounts

Forfeited non-vested accounts totaled $2,957, and $2,783 at December 31, 2022 and 2021, respectively. These accounts are used to reduce administrative expense or future Company contributions. In 2022, there were no forfeited amounts used to reduce administrative expenses or contributions. In 2021, forfeited amounts of $2,400 were used to reduce administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value, except for the guaranteed interest account, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institutions.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Company absorbs reasonable expenses incurred in the administration of the Plan that include accounting and legal fees. Expenses related to certain participant transactions, such as fees related to distributions and participant loans, are deducted from the participant's accounts as the transactions occur.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2022 or 2021.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Self-directed brokerage account*: valued at the aggregate value of the investments held. Money market accounts are valued at cost plus accrued interest. Mutual funds are valued at the daily closing price as reported by the fund.

The following is a description of the valuation methodology used for assets for which fair values are estimated using the net asset value (NAV) practical expedient:

- *Pooled separate accounts*: valued at net asset value of units held by the Plan, based on the accumulated values of the underlying investments. Unit values are determined daily based on the net asset value of the quoted market prices of the underlying investment, the fund's dividends, and the contracts separate account charges.

3. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2022 and 2021.

Fair value measurement at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage account	$ 250,930	$ -	$ -	$ 250,930
Investments using NAV as practical expedient (a)				2,947,982
Total investments, at fair value				$ 3,198,912

Fair value measurement at December 31, 2021:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage account	$ 319,026	$ -	$ -	$ 319,026
Investments using NAV as practical expedient (a)				3,321,256
Total investments, at fair value				$ 3,640,282

(a) In accordance with Subtopic 820-10 certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient
The following table summarizes investments measured at fair value based on net asset value (NAVs) per share practical expedient as of December 31, 2022 and 2021.

Investment	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 2,947,982	$ 3,321,256	$ -	Daily	None

4. CERTIFIED INVESTMENTS

The Plan administrator has received certifications from Equitable Life Insurance Company, the custodian of the Plan, that states that the following information is complete and accurate as of and for the years ended December 31, 2022 and 2021.

	2022	2021
Statements of net assets available for benefits:		
Pooled separate accounts, at fair value	$ 2,947,982	$ 3,321,256
Guaranteed interest account, at contract value	$ 464,596	$ 500,949
Notes receivable from participants	$ 96,300	$ 63,146
Statements of changes in net assets available for benefits:		
Net appreciation (depreciation) in fair value of investments[1]	$ (596,832)	$ 487,772
Interest income on notes receivable from participants	$ 3,381	$ 2,637

Schedule of Assets (Held at End of Year) Schedule I

[1] Net appreciation (depreciation) in non-certified investments totaled ($68,983) and $58,907 in 2022 and 2021, respectively.

5. GUARANTEED INCOME FUND WITH INSURANCE COMPANY

The Plan is invested in a fully benefit-responsive income contract with Equitable Life Insurance Company (Equitable). Equitable maintains the contributions in a general account. The account is credited with earnings at the credited interest rate and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported by Equitable, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value to any fund with no restrictions.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the contract at December 31, 2022 and 2021 was $464,596 and $500,949, respectively. The crediting interest rate is based on a contractually guaranteed interest rate that may not be less than one percent. Such interest rates are reviewed on an annual basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value. At December 31, 2022 there are no unfunded commitments and investments are redeemed on a daily basis.

6. PARTY-IN-INTEREST TRANSACTIONS

Fees paid to Equitable Life Insurance Company, the custodian and record-keeper of the Plan, for administrative services amounted to $19,477 and $23,163 for the years ended December 31, 2022 and 2021, respectively, and qualifies as party-in-interest transactions.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Internal revenue Service (the "IRS") has determined and informed by letter for the non-standardized pre-approved profit sharing plan adopted by the Plan, dated June 30, 2020, that the non-standardized plan is designed in accordance with applicable sections of the Internal Service Revenue Code (the "IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. RECONCILATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2022 and 2021, certain classifications differ between the financial statements and Form 5500.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 11, 2023, which is the date the financial statements were available to be issued.
