INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Manhard Consulting, Ltd. Cash or Deferred Profit Sharing Plan
Vernon Hills, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Manhard Consulting, Ltd. Cash or Deferred Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DESCRIPTION OF PLAN

The following description of the Manhard Consulting, Ltd. Cash or Deferred Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, as established April 1, 1992, was created and subsequently amended to provide retirement benefits for eligible employees, as defined, of Manhard Consulting, Ltd. and employees of its affiliate, Providence Real Estate Development, (collectively the "Company"). The Plan was most recently amended and restated as of January 1, 2021. An employee becomes eligible to participate in the Plan upon three months of service and 83.3 hours of service in each of these three months with a minimum age of 21, except non-resident aliens and employees subject to a collective bargaining agreement. Participation entry dates to the Plan are the first day of the 1st, 4th, 7th or 10th month of the Plan year, following eligibility satisfaction. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Plan is a defined contribution plan, pursuant to Section 401(k) of the Internal Revenue Code, and provides for the following contributions, which are to be maintained in separate accounts for each participant:

- (a) Salary Deferral Contributions - a participant may elect to, on a pre-tax basis, an after-tax basis, or a combination of the two, defer and contribute to the Plan each year amounts not to exceed the lesser of 100% of compensation, as defined, or the statutory limits.
- (b) Employer Matching Contributions - to be made at the discretion of the Company to contribute a set matching amount and percentage that is allocated by a formula as determined by the Company in its sole discretion.
- (c) Employer Profit Sharing Contribution - to be made at the discretion of the Company. These contributions are allocated based on the proportion that the total compensation, as defined, of each participant bears to the total compensation of all participants. In order to receive a profit sharing or match contribution, participants must be 21 years old, complete 1,000 hours of service, and be employed as of the Plan year end.
- (d) Rollover and Transfer Contributions - to be made by the employee from amounts distributed or transferred from other qualified plans.

Vesting: Participants are fully vested in their contributions and rollovers plus actual earnings thereon. Vesting of Employer Matching Contributions and Employer Profit Sharing Contribution accounts for each participant is based on years of service, beginning with 20% after one year, increasing 20% per year until fully vested after five years of service.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Participant Accounts: Each participant's account is credited with the participant's voluntary contribution, the allocation of the Company's contribution, Plan earnings, which are allocated proportionately among all participants based on their investment in each fund, and is charged with an allocation of Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

DESCRIPTION OF PLAN (CONTINUED)

Participant Loans: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested interest in the Plan as of the date of the loan application, subject to reduction due to previous 12-month highest loan balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime rate. Loan terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. All repayments are made through payroll deductions.

Payment of Benefits: On termination of service before the normal retirement date for reasons other than death or permanent disability, a participant will receive the value of the vested interest in his or her account. Participants' accounts under \$1,000 will be distributed as soon as feasible following the event that entitles the participant to a distribution in the form of a lump sum payment. Participants with accounts over \$1,000 must consent to the distribution before it may be made or until otherwise permitted by law, and may be paid in a lump sum or installments over a period of years, not to exceed certain legal limits.

Distributions due to retirement, permanent disability or death will be paid based on the provisions in the Plan. Disability is based on the determination of the Social Security Administration eligibility to receive Social Security disability payments. Participants may also request an in-service withdrawal upon reaching age 59 1/2.

Administrative Expenses: Recordkeeping and investment advisory fees are paid by the Plan. Certain administrative expenses are paid by the Company.

Forfeited Accounts: Forfeitures of the non-vested portion of participants' accounts resulting from termination of employment before full vesting may be, 1) used to pay Plan expenses, or 2) used to reduce the Company's future contributions. Forfeitures used to reduce Plan expenses were \$13,509 and \$33,330 for the years ended December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$5,464 and \$8,660, respectively.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are presented on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements presented on the accrual basis of accounting requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. The guaranteed interest accounts are reported at fair value which approximate contract value. See Fair Value Measurement footnotes for discussion of fair value measurement.

Purchases and sales of investments are recorded on the trade date. Interest and dividend income is recorded when earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balances plus accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: The Plan has evaluated subsequent events through September 8, 2023, the date the financial statements were available to be issued.

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Shares of Pooled Separate Accounts: Pooled separate accounts are valued at the net asset value ("NAV") of shares held by the Plan. Pooled separate accounts held by the Plan are privately managed investment accounts through a brokerage or financial advisor that uses pooled money to buy individual assets. The pooled separate accounts held by the Plan are deemed to be actively traded.

NOTES TO THE FINANCIAL STATEMENTS**DECEMBER 31, 2022 AND 2021****FAIR VALUE MEASUREMENTS (CONTINUED)**

Guaranteed Interest Accounts: Guaranteed interest accounts are held in John Hancock's general account and allocated to all retirement accounts. John Hancock guarantees the return of principal plus compound interest over a defined term - 3, 5, or 10 years. Interest rates are established on the first day of each calendar month for ongoing contributions for that month. At the end of each reporting year, a composite rate of interest is determined. The composite rate is the effective annual rate earned by all contributions to the guaranteed interest accounts during the year.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as December 31, 2022 and 2021:

INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN OF THE PLAN

All investment, note receivable and investment income information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as being complete and accurate by John Hancock, the custodian.

PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and guaranteed investment contracts managed by John Hancock, the Plan custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to John Hancock for the year ended December 31, 2022 were \$123,610. Certain administrative expenses incurred by the Plan are paid by the Company. Additionally, certain employees of the Company provide various services to the Plan. These employees are not compensated for these services from the Plan.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

TAX STATUS

The Plan has adopted a prototype plan sponsored by Dataair Employee Benefit Systems. The Internal Revenue Service has determined and informed the prototype plan sponsor by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust tax exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for these tax periods in progress.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
