INDEPENDENT AUDITOR'S REPORT

Employee Benefits and Compensation Committee and Plan Participants
First Busey Corporation Profit Sharing Plan and Trust
Champaign, Illinois

Opinion

We have audited the accompanying financial statements of First Busey Corporation Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of First Busey Corporation Profit Sharing Plan and Trust as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of First Busey Corporation Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about First Busey Corporation Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First Busey Corporation Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Busey Corporation Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its' form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of First Busey Corporation Profit Sharing Plan and Trust were audited by predecessor auditor whose report dated June 29, 2022 expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that information in the 2021 supplemental schedules were fairly stated in all material respects in relation to the financial statements as a whole.

FIRST BUSEY CORPORATION PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1. PLAN DESCRIPTION

The following description of the First Busey Corporation Profit Sharing Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of First Busey Corporation and its subsidiaries ("the Employers"). Effective January 1, 2022, the Plan was restated to incorporate legislative, regulatory, and administrative updates. Employees are eligible at age 21 to make salary deferrals and receive matching contributions. Employees are eligible for the discretionary employer profit sharing contribution at age 21 and after completion of one year of service and working 1,000 hours. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute a percentage and or a flat dollar amount of their pretax and after tax annual compensation, as defined in the Plan, subject to limitations of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. Eligible participants may also make catch-up contributions to the Plan.

The Employers' contributions to the Plan are determined annually by the Board of Directors. The Employers make safe harbor matching contributions to the Plan equal to a percentage of the first 5% (100% on the first 3% and 50% on the next 2%) of total eligible compensation that a participant contributes to the Plan. The Employers may also make a discretionary profit sharing contribution as determined by the Board of Directors each year. For the year ended December 31, 2022, the Employer made a profit sharing contribution of approximately 3% of eligible compensation. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of the contributions into their account into the various investment options offered by the Plan, including First Busey Corporation Stock Fund.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Employers' contributions and the Plan's earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, participant contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Any discretionary profit sharing contributions will be allocated to the Plan in the following year.

Vesting

Participants are immediately vested in their voluntary contributions, the Employers' safe harbor matching contributions, rollover contributions and the respective plan earnings on those contributions.

Vesting in the Employers' profit sharing contributions portion of their accounts is based on years of service. A participant is 100% vested after five years of credited service. A participant is 100% vested upon reaching normal retirement age, death, or disability regardless of years of service.

FIRST BUSEY CORPORATION PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less, from any source. Notes receivable are secured by the balance in the participant's account and bear interest at the prime rate. Notes receivable must be repaid in a maximum of five years unless the proceeds are used to acquire a primary residence, which then must be repaid in a term established at the time of the loan. Interest rates are fixed over the term of the loan. Principal and interest are paid ratably generally through after-tax payroll deductions.

Payment of Benefits

During employment, distribution is allowed upon age 59½ or due to financial hardship. Upon termination of service, a participant is entitled to receive an amount representing the vested interest in their account. Participants whose vested account balance, excluding rollover, is under \$5,000 are paid through a single lump sum amount or a rollover into an IRA. Participants whose vested account balance, excluding rollover, is over \$5,000 may elect to receive their payment either as a lump-sum amount, partial withdrawal or if eligible for a required minimum distribution installments.

Forfeitures

The unvested portion of terminated participants' accounts plus earnings thereon are forfeited. Forfeitures are used to reduce non-elective employer contributions or to pay Plan expenses. During the year ended December 31, 2022, forfeitures of \$63,913 were used to pay Plan expenses. Forfeitures for unvested account balances as of December 31, 2022 and 2021, were \$5,341 and \$22,565, respectively.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at estimated fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See "[Note 3. Fair Value Measurements](#)" for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

FIRST BUSEY CORPORATION PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Expenses

Expenses of maintaining the Plan were deducted from the Plan assets. Fees related to the administration of notes receivable from participants and fees related to Qualified Domestic Relations Orders are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Concentration

As of December 31, 2022 and 2021, approximately 5% and 4% of the Plan's investment assets were invested in First Busey Corporation, the Employers, common stock, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through June 29, 2023, the date that the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- *Level 1*—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- *Level 2*—Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

FIRST BUSEY CORPORATION PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies other than moving managed funds to Level 1 based on additional information considered at December 31, 2022. Following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual funds*—Valued at the net asset value (“NAV”) of shares held by the Plan at year end.
- *Stock fund*—Valued at a “unitized” value which moves in nearly direct relationship to First Busey Corporation stock.
- *Managed funds*—Investments in the managed accounts are valued using a readily determinable fair value, which approximates NAV which are based on observable market prices for the underlying assets, held by the plan at year-end. The managed funds are not direct filing entities and the Plan owns the underlying assets of the funds.
- *Common stock*—Valued at the closing price reported on the active market on which the individual securities are traded.
- *Money Market Deposit Account*—Valued at NAV of the units held by the Plan at year end. NAV is equal to \$1.00, and individual participant accounts are Federal Deposit Insurance Corporation (“FDIC”)-insured up to \$250,000.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employers, and certain others. Fees related to the administration of notes receivable from participants and fees related to Qualified Domestic Relations Orders are paid to parties-in-interest. Other fees to parties-in-interest were paid from revenue sharing and plan assets.

The Plan held the following assets with parties-in-interest:

Party-in-Interest	Description of Investment	As of December 31,	
		2022	2021
Charles Schwab Bank	Cash	\$ 425,160	\$ 106,682
Charles Schwab Bank	Money Market deposit account	9,023,844	7,260,546
First Busey Corporation	Common stock	712,529	857,236
First Busey Corporation	Stock fund	9,841,371	10,374,908
First Busey Corporation	Managed funds	52,113,324	62,220,095
Participants	Notes receivable	1,638,533	1,546,972

Certain administrative functions are performed by officers or employees of the Employers. No such officer or employee receives compensation from the Plan.

NOTE 5. INCOME TAX STATUS

The Employer has adopted a pre-approved plan designed by Ascensus LLC. The Internal Revenue Service ("IRS") has determined and informed Ascensus LLC by a letter dated June 30, 2020, that the pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not requested its own determination letter from the IRS. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes is included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

NOTE 7. RECENT LEGISLATION

The SECURE Act 2.0 was signed into law on December 23, 2022. The SECURE Act 2.0 allows more part-time workers to participate, increases the age for required minimum distributions and reduces the penalty for missed minimum distributions, permits plan participants to elect to receive vested employer contributions on an after-tax basis, and allows penalty free withdrawal for terminal illness, effective January 1, 2023. Additionally, it will allow for higher catch-up contributions, allow for matching contributions on student loan payments, permit plan sponsors to add an emergency savings account to their retirement plans, increase the availability of penalty-free withdrawals, and add automatic enrollment error relief provisions, effective January 1, 2024.
